- (b) the amount of money wagered by a particular account holder on any race or series of races;
- (c) the account number and secure password of a particular account holder;
- (d) the identities of particular entries on which the account holder is wagering or has wagered;
- (e) unless otherwise authorized by the account holder, the name, address, and other information in the possession of the association that would identify the account holder to anyone other than the Commission or the association.

6.28: Account Closure

(1) The association may close an account when the account holder makes repeated attempts to operate with an insufficient balance or when the account holder request account closure. In any closure, the association shall refund the remaining balance to the account holder within five business days.

(2) Any account inactive for a period of three years shall presumed to be abandoned and proceeds paid to the Commonwealth *via* the state treasurer under provisions of M.G.L. c. 200A.

6.29: General Calculation of Payoffs and Distribution of Pools

(1) The commission deducted by the association from pari-mutuel pools shall not exceed the percentage set by M.G.L. c. 128A and that said percentage of the gross amount of money handled plus any additional amount required by law and the odd cents over any multiple of ten cents winning per dollar wagered. All associations licensed by the Commission to conduct racing under the pari-mutuel or certificate system of wagering must in all cases of a minus pool pay of \$1.05 on each dollar wagered. The entire loss resulting from a minus pool shall be borne by the Association.

(2) All permitted pari-mutuel wagering pools shall be separately and independently calculated and distributed. Takeout shall be deducted from each gross pool as stipulated by law. The remainder of the monies in the pool shall constitute the net pool for distribution as payoff on winning wagers. (ARCI c. 9 cal. § A(1))

(3) For each wagering pool, the amount wagered on the winning betting interest or betting combinations is deducted from the net pool to determine the profit; the profit is then divided by the amount wagered on the winning betting interest or combinations, such quotient being the profit per dollar. (ARCI c. 9 cal. § A(2))

(4) Either the standard or net price calculation procedure may be used to calculate single commission pools, while the net price calculation procedure must be used to calculate multi-commission pools. (ARCI c. 9 cal. § A(3))

(a) Standard Price Calculation Procedure.

SINGLE PRICE POOL (WIN POOL)

|                    |   |  |
|--------------------|---|--|
| gross pool         | = | sum of wagers on all betting interests - refunds   |
| takeout            | = | gross pool x percent takeout                       |
| net pool           | = | gross pool - takeout                               |
| profit             | = | net pool - gross amount bet on winner              |
| profit per dollar  | = | profit / gross amount bet on winner                |
| \$1 unbroken price | = | profit per dollar + \$1                            |
| \$1 broken price   | = | \$1 unbroken price rounded down to the break point |
| total payout       | = | \$1 broken price x gross amount bet on winner      |
| total breakage     | = | net pool - total payout                            |

PROFIT SPLIT (PLACE POOL)

Profit is net pool less gross amount bet on all place finishers. Finishers split profit ½ and ½ (place profit), then divide by gross amount bet on each place finisher for two unique prices.

PROFIT SPLIT (SHOW POOL)

Profit is net pool less gross amount bet on all show finishers. Finishers split profit ⅓ and ⅓ and ⅓ (show profit), then divide by gross amount bet on each show finisher for three unique prices. (ARCI c. 9 cal. § A(3)(a))

6.29: continued

(b) Net Price Calculation Procedure.

SINGLE PRICE POOL (WIN POOL)

gross pool = sum of wagers on all betting interests - refunds  
 takeout = gross pool x percent takeout

\* for each source:

net pool = gross pool - takeout  
 net bet on winner = gross amount bet on winner x (1 - percent takeout)  
 total net pool = sum of all sources net pools  
 total net bet on winner = sum of all sources net bet on winner  
 total profit = total net pool - total net bet on winner  
 profit per dollar = total profit / total net bet on winner  
 \$1 unbroken base price = profit per dollar + \$1

\* for each source:

\$1 unbroken price = \$1 unbroken base price x (1 - percent takeout)  
 \$1 broken price = \$1 unbroken price rounded down to the break point  
  
 total payout = \$1 broken price x gross amount bet on winner  
 total breakage = net pool - total payout

PROFIT SPLIT (PLACE POOL)

Total profit is the total net pool less the total net amount bet on all place finishers. Finishers split total profit  $\frac{1}{2}$  and  $\frac{1}{2}$  (place profit), then divide by total net amount bet on each place finisher for two unique unbroken base prices.

PROFIT SPLIT (SHOW POOL)

Total profit is the total net pool less the total net amount bet on all show finishers. Finishers split total profit  $\frac{1}{3}$  and  $\frac{1}{3}$  and  $\frac{1}{3}$  (show profit), then divide by total net amount bet on each show finisher for three unique unbroken base prices. (ARCI c. 9 cal. § A(3)(b))

(5) If a profit split results in only one covered winning betting interest or combinations it shall be calculated the same as a single price pool. (ARCI c. 9 cal. § A(4))

(6) Minimum payoffs and the method used for calculating breakage shall be established by the Commission in conformity with M.G.L. c. 128A. (ARCI c. 9 cal. § A(5) amended)

(7) The individual pools outlined in 205 CMR 6.00 may be given alternative names by each association, provided prior approval is obtained from the Commission. (ARCI c. 9 cal. § A(6))

6.30: Win Pools

(1) The amount wagered on the betting interest which finishes first is deducted from the net pool, the balance remaining being the profit; the profit is divided by the amount wagered on the betting interest finishing first, such quotient being the profit per dollar wagered to Win on that betting interest. (ARCI c. 9 cal. § B(1))

(2) The net Win pool shall be distributed as a single price pool to winning wagers in the following precedence, based upon the official order of finish:

- (a) To those whose selection finished first, but if there are no such wagers; then
- (b) To those whose selection finished second, but if there are no such wagers; then
- (c) To those whose selection finished third, but if there are no such wagers; then
- (d) The entire pool shall be refunded on Win wagers for that contest. (ARCI c. 9 cal. § B(2))

6.30: continued

- (3) If there is a dead heat for first involving:
  - (a) contestants representing the same betting interest, the Win pool shall be distributed as if no dead heat occurred;
  - (b) contestants representing two or more betting interests, the Win pool shall be distributed as a profit split. (ARCI c. 9 cal. § B(3))

6.31: Place Pools

- (1) The amounts wagered to Place on the first two betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into two equal portions, one being assigned to each winning betting interest and divided by the amount wagered to Place on that betting interest, the resulting quotient is the profit per dollar wagered to Place on that betting interest. (ARCI c. 9 cal. § C(1))
- (2) The net Place pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
  - (a) if contestants of a coupled entry or mutuel field finished in the first two places, as a single price pool to those who selected the coupled entry or mutuel field; otherwise
  - (b) as a profit split to those whose selection is included within the first two finishers, but if there are no such wagers on one of those two finishers; then
  - (c) as a single price pool to those who selected the one covered betting interest included within the first two finishers, but if there are no such wagers; then
  - (d) as a single price pool to those who selected the third-place finisher, but if there are no such wagers; then
  - (e) the entire pool shall be refunded on Place wagers for that contest. (ARCI c. 9 cal. § C(2))
- (3) If there is a dead heat for first involving:
  - (a) contestants representing the same betting interest, the Place pool shall be distributed as a single price pool;
  - (b) contestants representing two or more betting interests, the Place pool shall be distributed as a profit split. (ARCI c. 9 cal. § C(3))
- (4) If there is a dead heat for second involving:
  - (a) contestants representing the same betting interest, the Place pool shall be distributed as if no dead heat occurred;
  - (b) contestants representing two or more betting interests, the Place pool is divided with  $\frac{1}{2}$  of the profit distributed to Place wagers on the betting interest finishing first and the remainder is distributed equally amongst Place wagers on those betting interests involved in the dead heat for second. (ARCI c. 9 cal. § C(4))

6.32: Show Pools

- (1) The amounts wagered to Show on the first three betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into three equal portions, one being assigned to each winning betting interest and divided by the amount wagered to Show on that betting interest, the resulting quotient being the profit per dollar wagered to Show on that betting interest. (ARCI c. 9 cal. § D(1))
- (2) The net Show pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
  - (a) if contestants of a coupled entry or mutuel field finished in the first three places, as a single price pool to those who selected the coupled entry or mutuel field; otherwise
  - (b) if contestants of a coupled entry or mutuel field finished as two of the first three finishers, the profit is divided with  $\frac{2}{3}$  distributed to those who selected the coupled entry or mutuel field and  $\frac{1}{3}$  distributed to those who selected the other betting interest included within the first three finishers; otherwise
  - (c) as a profit split to those whose selection is included within the first three finishers; but if there are no such wagers on one of those three finishers; then

## 6.32: continued

- (d) as a profit split to those who selected one of the two covered betting interests included within the first three finishers, but if there are no such wagers on two of those three finishers; then
  - (e) as a single price pool to those who selected the one covered betting interest included within the first three finishers, but if there are no such wagers; then
  - (f) as a single price pool to those who selected the fourth-place finisher, but if there are no such wagers; then
  - (g) the entire pool shall be refunded on Show wagers for that contest. (ARCI c. 9 cal. § D(2))
- (3) If there is a dead heat for first involving:
- (a) two contestants representing the same betting interest, the profit is divided with  $\frac{2}{3}$  distributed to those who selected the first-place finishers and  $\frac{1}{3}$  distributed to those who selected the betting interest finishing third;
  - (b) three contestants representing a single betting interest, the Show pool shall be distributed as a single price pool;
  - (c) contestants representing two or more betting interests, the Show pool shall be distributed as a profit split. (ARCI c. 9 cal. § D(3))
- (4) If there is a dead heat for second involving:
- (a) contestants representing the same betting interest, the profit is divided with  $\frac{1}{3}$  distributed to those who selected the betting interest finishing first and  $\frac{2}{3}$  distributed to those who selected the second-place finishers;
  - (b) contestants representing two betting interests, the Show pool shall be distributed as a profit split;
  - (c) contestants representing three betting interests, the Show pool is divided with  $\frac{1}{3}$  of the profit distributed to Show wagers on the betting interest finishing first and the remainder is distributed equally amongst Show wagers on those betting interests involved in the dead heat for second. (ARCI c. 9 cal. § D(4))
- (5) If there is a dead heat for third involving:
- (a) contestants representing the same betting interest, the Show pool shall be distributed as if no dead heat occurred;
  - (b) contestants representing two or more betting interests, the Show pool is divided with  $\frac{2}{3}$  of the profit distributed to Show wagers on the betting interests finishing first and second and the remainder is distributed equally amongst Show wagers on those betting interests involved in the dead heat for third. (ARCI c. 9 cal. § D(5))

6.33: Double Pools

- (1) The Double requires selection of the first-place finisher in each of two specified contests. (ARCI c. 9 cal. § E(1))
- (2) The net Double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
- (a) As a single price pool to those whose selection finished first in each of the two contests, but if there are no such wagers; then
  - (b) As a profit split to those who selected the first-place finisher in either of the two contests, but if there are no such wagers; then
  - (c) As a single price pool to those who selected the one covered first-place finisher in either contest, but if there are no such wagers; then
  - (d) As a single price pool to those whose selection finished second in each of the two contests, but if there are no such wagers; then
  - (e) The entire pool shall be refunded on Double wagers for those contests. (ARCI c. 9 cal. § E(2))
- (3) If there is a dead heat for first in either of the two contests involving:
- (a) contestants representing the same betting interest, the Double pool shall be distributed as if no dead heat occurred;

6.33: continued

- (b) contestants representing two or more betting interests, the Double pool shall be distributed as a profit split if there is more than one covered winning combination. (ARCI c. 9 cal. § E(3))
- (4) Should a betting interest in the first-half of the Double be scratched prior to the first Double contest being declared official, all money wagered on combinations including the scratched betting interest shall be deducted from the Double pool and refunded. (ARCI c. 9 cal. § E(4))
- (5) Should a betting interest in the second-half of the Double be scratched prior to the close of wagering on the first Double contest, all money wagered on combinations including the scratched betting interest shall be deducted from the Double pool and refunded. (ARCI c. 9 cal. § E(5))
- (6) Should a betting interest in the second-half of the Double be scratched after the close of wagering on the first Double contest, all wagers combining the winner of the first contest with the scratched betting interest in the second contest shall be allocated a consolation payoff. In calculating the consolation payoff the net Double pool shall be divided by the total amount wagered on the winner of the first contest and an unbroken consolation price obtained. The broken consolation price is multiplied by the dollar value of wagers on the winner of the first contest combined with the scratched betting interest to obtain the consolation payoff. Breakage is not declared in this calculation. The consolation payoff is deducted from the net Double pool before calculation and distribution of the winning Double payoff. Dead heats including separate betting interests in the first contest shall result in a consolation payoff calculated as a profit split. (ARCI c. 9 cal. § E(6))
- (7) If either of the Double contests are canceled prior to the first Double contest, or the first Double contest is declared "no contest", the entire Double pool shall be refunded on Double wagers for those contests. (ARCI c. 9 cal. § E(7))
- (8) If the second Double contest is canceled or declared "no contest" after the conclusion of the first Double contest, the net Double pool shall be distributed as a single price pool to wagers selecting the winner of the first Double contest. In the event of a dead heat involving separate betting interests, the net Double pool shall be distributed as a profit split. (ARCI c. 9 cal. § E(7))

6.34: Pick Three Pools

- (1) The Pick Three requires selection of the first-place finisher in each of three specified contests. (ARCI c. 9 cal. § F(1))
- (2) The net Pick Three pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
  - (a) as a single price pool to those whose selection finished first in each of the three contests, but if there are no such wagers; then
  - (b) as a single price pool to those who selected the first-place finisher in any two of the three contests, but if there are no such wagers; then
  - (c) as a single price pool to those who selected the first-place finisher in any one of the three contests, but if there are no such wagers; then
  - (d) the entire pool shall be refunded on Pick Three wagers for those contests. (ARCI c. 9 cal. § F(1))
- (3) If there is a dead heat for first in any of the three contests involving:
  - (a) contestants representing the same betting interest, the Pick Three pool shall be distributed as if no dead heat occurred;
  - (b) contestants representing two or more betting interests, the Pick Three pool shall be distributed as a single price pool with each winning wager receiving an equal share of the profit. (ARCI c. 9 cal. § F(3))

## 6.34: continued

(4) Should a betting interest in any of the three Pick Three contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination. (ARCI c. 9 cal. § F(4))

(5) If all three Pick Three contests are canceled or declared "no contest", the entire pool shall be refunded on Pick Three wagers for those contests. (ARCI c. 9 cal. § F(5))

(6) If one or two of the Pick Three contests are canceled or declared "no contest", the Pick Three pool will remain valid and shall be distributed in accordance with 205 CMR 6.34(2). (ARCI c. 9 cal. § F(6))

6.35: Pick (n) Pools

(1) The Pick (n) requires selection of the first-place finisher in each of a designated number of contests. The association must obtain written approval from the Commission concerning the scheduling of Pick (n) contests, the designation of one of the methods prescribed in 205 CMR 6.35(2), and the amount of any cap to be set on the carryover. Any changes to the approved Pick (n) format require prior approval from the Commission. (ARCI c. 9 cal. § G(1))

(2) The Pick (n) pool shall be apportioned under one of the following methods:

(a) Method 1, Pick (n) with Carryover. The net Pick (n) pool and carryover, if any, shall be distributed as a single price pool to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests; and the remainder shall be added to the carryover.

(b) Method 2, Pick (n) with Minor Pool and Carryover. The major share of the net Pick (n) pool and the carryover, if any, shall be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher of all Pick (n) contests, the minor share of the net Pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests; and the major share shall be added to the carryover.

(c) Method 3, Pick (n) with No Minor Pool and No Carryover. The net Pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests, based upon the official order of finish. If there are no winning wagers, the pool is refunded.

(d) Method 4, Pick (n) with Minor Pool and No Carryover. The major share of the net Pick (n) pool shall be distributed to those who selected the first place finisher in the greatest number of Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in a second greatest number of Pick (n) contests, the minor share of the net Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests. If the greatest number of first-place finishers selected is one, the major and minor shares are combined for distribution as a single price pool. If there are no winning wagers, the pool is refunded.

## 6.35: continued

- (e) Method 5, Pick (n) with Minor Pool and No Carryover. The major share of net Pick (n) pool shall be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in all Pick (n) contests, the entire net Pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests. If there are no wagers selecting the first-place finisher in a second greatest number of Pick (n) contests, the minor share of the net Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in each of the Pick (n) contests. If there are no winning wagers, the pool is refunded. (ARCI c. 9 cal. § G(2))
- (3) If there is a dead heat for first in any of the Pick (n) contests involving:
- contestants representing the same betting interest, the Pick (n) pool shall be distributed as if no dead heat occurred;
  - contestants representing two or more betting interests, the Pick (n) pool shall be distributed as a single price pool with each winning wager receiving an equal share of the profit. (ARCI c. 9 cal. § G(3))
- (4) Should a betting interest in any of the Pick (n) contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the host association for the contest at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination. (ARCI c. 9 cal. § G(4))
- (5) The Pick (n) pool shall be canceled and all Pick (n) wagers for the individual performance shall be refunded if:
- at least three contests included as part of a Pick 4, Pick 5 or Pick 6 are canceled or declared "no contest";
  - at least four contests included as part of a Pick 7, Pick 8 or Pick 9 are canceled or declared "no contest";
  - at least five contests included as part of a Pick 10 are canceled or declared "no contest". (ARCI c. 9 cal. § G(5))
- (6) If at least one contest included as part of a Pick (n) is canceled or declared "no contest", but not more than the number specified in 205 CMR 6.35(5), the net pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of Pick (n) contests for that performance. Such distribution shall include the portion ordinarily retained for the Pick (n) carryover but not the carryover from previous performances. (ARCI c. 9 cal. § G(6))
- (7) The Pick (n) carryover may be capped at a designated level approved by the Commission so that if, at the close of any performance, the amount in the Pick (n) carryover equals or exceeds the designated cap, the Pick (n) carryover will be frozen until it is won or distributed under other provisions of 205 CMR 6.35. After the Pick (n) carryover is frozen, 100% of the net pool, part of which ordinarily would be added to the Pick (n) carryover, shall be distributed to those whose selection finished first in the greatest number of Pick (n) contests for that performance. (ARCI c. 9 cal. § G(7))
- (8) A written request for permission to distribute the Pick (n) carryover on a specific performance may be submitted to the Commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution. (ARCI c. 9 cal. § G(8))

## 6.35: continued

(9) Should the Pick (n) carryover be designated for distribution on a specified date and performance in which there are no wagers selecting the first-place finisher in each of the Pick (n) contests, the entire pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of Pick (n) contests. The Pick (n) carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

- (a) upon written approval from the Commission as provided in 205 CMR 6.35(8);
- (b) upon written approval from the Commission when there is a change in the carryover cap, a change from one type of Pick (n) wagering to another, or when the Pick (n) is discontinued;
- (c) on the closing performance of the meet or split meet. (ARCI c. 9 cal. § G(9))

(10) If, for any reason, the Pick (n) carryover must be held over to the corresponding Pick (n) pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the Commission. The Pick (n) carryover plus accrued interest shall then be added to the net Pick (n) pool of the following meet on a date and performance so designated by the Commission. (ARCI c. 9 cal. § G(10))

(11) With the written approval of the Commission, the association may contribute to the Pick (n) carryover a sum of money up to the amount of any designated cap. (ARCI c. 9 cal. § G(11))

(12) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is strictly prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data. (ARCI c. 9 cal. § G(12))

(13) The association may suspend previously-approved Pick (n) wagering with the prior approval of the Commission. Any carryover shall be held until the suspended Pick (n) wagering is reinstated. An association may request approval of a Pick (n) wager or separate wagering pool for specific performances. (ARCI c. 9 cal. § G(13))

6.36: Place Pick (n) Pools

(1) The Place Pick (n) requires selection of the first or second-place finisher in each of a designated number of contests. The association must obtain written approval from the Commission concerning the scheduling of Place Pick (n) contests, the designation of one of the methods prescribed in 205 CMR 6.36(2), the distinctive name identifying the pool and the amount of any cap to be set on the carryover. Any changes to the approved Place Pick (n) format require prior approval from the Commission. (ARCI c. 9 cal. § H(1))

(2) The Place Pick (n) pool shall be apportioned under one of the following methods:

- (a) Method 1, Place Pick (n) with Carryover. The net Place Pick (n) pool and carryover, if any, shall be distributed as a single price pool to those who selected the first or second-place finisher in each of the Place Pick (n) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first or second-place finisher in the greatest number of Place Pick (n) contests; and the remainder shall be added to the carryover.
- (b) Method 2, Place Pick (n) with Minor Pool and Carryover. The major share of the net Place Pick (n) pool and the carryover, if any, shall be distributed to those who selected the first or second-place finisher in each of the Place Pick (n) contests, based upon the official order of finish. The minor share of the net Place Pick (n) pool shall be distributed to those who selected the first or second-place finisher in the second greatest number of Place Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first or second-place finisher of all Place Pick (n) contests, the minor share of the net Place Pick (n) pool shall be distributed as a single price pool to those who selected the first or second-place finisher in the greatest number of Place Pick (n) contests; and the major share shall be added to the carryover.

## 6.36: continued

(c) Method 3, Place Pick (n) with No Minor Pool and No Carryover. The net Place Pick (n) pool shall be distributed as a single price pool to those who selected the first or second-place finisher in the greatest number of Place Pick (n) contests, based upon the official order of finish. If there are no winning wagers, the pool is refunded.

(d) Method 4, Place Pick (n) with Minor Pool and No Carryover. The major share of the net Place Pick (n) pool shall be distributed to those who selected the first or second-place finisher in the greatest number of Place Pick (n) contests, based upon the official order of finish. The minor share of the net Place Pick (n) pool shall be distributed to those who selected the first or second-place finisher in the second greatest number of Place Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first or second-place finisher in a second greatest number of Place Pick (n) contests, the minor share of the net Place Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first or second-place finisher in the greatest number of Place Pick (n) contests. If the greatest number of first or second-place finishers selected is one, the major and minor shares are combined for distribution as a single price pool. If there are no winning wagers, the pool is refunded.

(e) Method 5, Place Pick (n) with Minor Pool and No Carryover. The major share of net Place Pick (n) pool shall be distributed to those who selected the first or second-place finisher in each of the Place Pick (n) contests, based upon the official order of finish. The minor share of the net Place Pick (n) pool shall be distributed to those who selected the first or second-place finisher in the second greatest number of Place Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first or second-place finisher in all Place Pick (n) contests, the entire net Place Pick (n) pool shall be distributed as a single price pool to those who selected the first or second-place finisher in the greatest number of Place Pick (n) contests. If there are no wagers selecting the first or second-place finisher in a second greatest number of Place Pick (n) contests, the minor share of the net Place Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first or second-place finisher in each of the Place Pick (n) contests. If there are no winning wagers, the pool is refunded. (ARCI c. 9 cal. § H(2))

- (3) If there is a dead heat for first in any of the Place Pick (n) contests involving:
- (a) contestants representing the same betting interest, the Place Pick (n) pool shall be distributed as if no dead heat occurred;
  - (b) contestants representing two or more betting interests, the Place Pick (n) pool shall be distributed as a single price pool with a winning wager including each betting interest participating in the dead heat. (ARCI c. 9 cal. § H(3))
- (4) If there is a dead heat for second in any of the Place Pick (n) contests involving:

  - (b) contestants representing two or more betting interests, the Place Pick (n) pool shall be distributed as a single price pool with a winning wager including the betting interest which finished first or any betting interest involved in the dead heat for second. (ARCI c. 9 cal. § H(4))
- (5) Should a betting interest in any of the Place Pick (n) contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the host association for the contest at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination. (ARCI c. 9 cal. § H(5))
- (6) The Place Pick (n) pool shall be canceled and all Place Pick (n) wagers for the individual performance shall be refunded if:
- (a) at least two contests included as part of a Place Pick 3 are canceled or declared "no contest";
  - (b) at least three contests included as part of a Place Pick 4, Place Pick 5 or Place Pick 6 are canceled or declared "no contest";

(7) If at least one contest included as part of a Place Pick (n) is canceled or declared "no contest", but not more than the number specified in 205 CMR 6.36(6), the net pool shall be distributed as a single price pool to those whose selection finished first or second in the greatest number of Place Pick (n) contests for that performance. Such distribution shall include the portion ordinarily retained for the Place Pick (n) carryover but not the carryover from previous performances. (ARCI c. 9 cal. § H(7))

(8) The Place Pick (n) carryover may be capped at a designated level approved by the Commission so that if, at the close of any performance, the amount in the Place Pick (n) carryover equals or exceeds the designated cap, the Place Pick (n) carryover will be frozen until it is won or distributed under other provisions of this rule. After the Place Pick (n) carryover is frozen, 100% of the net pool, part of which ordinarily would be added to the Place Pick (n) carryover, shall be distributed to those whose selection finished first or second in the greatest number of Place Pick (n) contests for that performance. (ARCI c. 9 cal. § H(8))

(9) A written request for permission to distribute the Place Pick (n) carryover on a specific performance may be submitted to the Commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution. (ARCI c. 9 cal. § H(9))

(10) Should the Place Pick (n) carryover be designated for distribution on a specified date and performance in which there are no wagers selecting the first or second-place finisher in each of the Place Pick (n) contests, the entire pool shall be distributed as a single price pool to those whose selection finished first or second in the greatest number of Place Pick (n) contests. The Place Pick (n) carryover shall be designated for distribution on a specified date and performance under any of the following circumstances:

- (a) upon written approval from the Commission as provided in 205 CMR 6.36(9);
- (b) upon written approval from the Commission when there is a change in the carryover cap, a change from one type of Place Pick (n) wagering to another, or when the Place Pick (n) is discontinued;
- (c) on the closing performance of the meet or split meet. (ARCI c. 9 cal. § H(10))

(11) If, for any reason, the Place Pick (n) carryover must be held over to the corresponding Place Pick (n) pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the Commission. The Place Pick (n) carryover plus accrued interest shall then be added to the net Place Pick (n) pool of the following meet on a date and performance so designated by the Commission. (ARCI c. 9 cal. § H(11))

(12) With the written approval of the Commission, the association may contribute to the Place Pick (n) carryover a sum of money up to the amount of any designated cap. (ARCI c. 9 cal. § H(12))

(13) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is strictly prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data. (ARCI c. 9 cal. § H(13))

(14) The association may suspend previously-approved Place Pick (n) wagering with the prior approval of the Commission. Any carryover shall be held until the suspended Place Pick (n) wagering is reinstated. An association may request approval of a Place Pick (n) wager or separate wagering pool for specific performances. (ARCI c. 9 cal. § H(14))

The unbroken consolation price is multiplied by the dollar value of wagers on the winning combination in the first contest combined with a combination including the scratched betting interest in the second contest to obtain the consolation payoff. (4) If no first-half Twin Trifecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half Twin Trifecta pool. In such case, the second-half Twin Trifecta pool shall be retained and added to any existing Twin Trifecta carryover pool. (ARCI c. 9 cal. § O(4))

(5) Winning tickets from the first-half of the Twin Trifecta shall be exchanged for tickets selecting the first three finishers of the second-half of the Twin Trifecta. The second-half Twin Trifecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second Twin Trifecta contest:

- (a) as a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence as the first three betting interests, but if there are no such tickets; then
- (b) The entire second-half Twin Trifecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half Twin Trifecta pool of the next consecutive performance. (ARCI c. 9 cal. § O(5))

(6) If a winning first-half Twin Trifecta ticket is not presented for cashing and exchange prior to the second-half Twin Trifecta contest, the ticket holder may still collect the monetary value associated with the first-half Twin Trifecta pool but forfeits all rights to any distribution of the second-half Twin Trifecta pool. (ARCI c. 9 cal. § O(6))

(7) Coupled entries and mutuel fields shall be prohibited in Twin Trifecta contests. (ARCI c. 9 cal. § O(7))

6.43: continued

(8) Should a betting interest in the first-half of the Twin Trifecta be scratched, those Twin Trifecta wagers including the scratched betting interest shall be refunded. (ARCI c. 9 cal. § O(8))

(9) Should a betting interest in the second-half of the Twin Trifecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second Twin Trifecta contest, the ticket holder forfeits all rights to the second-half Twin Trifecta pool. (ARCI c. 9 cal. § O(9))

(10) If, due to a late scratch, the number of betting interests in the second-half of the Twin Trifecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half Twin Trifecta pool for that contest as a single price pool, but not the Twin Trifecta carryover. (ARCI c. 9 cal. § O(10))

(11) If there is a dead heat or multiple dead heats in either the first- or second-half of the Twin Trifecta, all Twin Trifecta wagers selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in:

- (a) the first-half of the Twin Trifecta, the payoff shall be calculated as a profit split;
  - (b) the second-half of the Twin Trifecta, the payoff shall be calculated as a single price pool.
- (ARCI c. 9 cal. § O(11))

(12) If either of the Twin Trifecta contests are canceled prior to the first Twin Trifecta contest, or the first Twin Trifecta contest is declared "no contest", the entire Twin Trifecta pool shall be refunded on Twin Trifecta wagers for that contest and the second-half shall be canceled. (ARCI c. 9 cal. § O(12))

(13) If the second-half Twin Trifecta contest is canceled or declared "no contest", all exchange tickets and outstanding first-half winning Twin Trifecta tickets shall be entitled to the net Twin Trifecta pool for that contest as a single price pool, but not Twin Trifecta carryover. If there are no such tickets, the net Twin Trifecta pool shall be distributed as described in 205 CMR 6.43(3) of the Twin Trifecta rules. (ARCI c. 9 cal. § O(13))

(14) The Twin Trifecta carryover may be capped at a designated level approved by the Commission so that if, at the close of any performance, the amount in the Twin Trifecta carryover equals or exceeds the designated cap, the Twin Trifecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the Twin Trifecta carryover is frozen, 100% of the net Twin Trifecta pool for each individual contest shall be distributed to winners of the first-half of the Twin Trifecta pool.

(When the Twin-Trifecta has been capped, the carryover jackpot will be paid only to ticket holders who correctly selected the Trifecta in the first half of the Twin Trifecta and exchanged their tickets and correctly selected the trifecta in the second half.) (ARCI c. 9 cal. § O(14) amended)

(15) A written request for permission to distribute the Twin Trifecta carryover on a specific performance may be submitted to the Commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.

(A written request for permission to distribute the capped Twin Trifecta pool or an optional early payout may be submitted to the Commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, a specific date and performance or the payout schedule to be implemented.) (ARCI c. 9 cal. § O(15) amended)

(16) Should the capped Twin Trifecta carryover or optional early payout be designated for distribution on a specific date and performance, the following precedence will be followed in determining winning tickets for the second-half of the Twin Trifecta after completion of the first-half of the Twin Trifecta:

6.43: continued

- (a) as a single price pool to those whose combination finished in correct sequence as the first three betting interests, but if there are no such wagers; then
- (b) equally to all first half winners who exchanged their Ticket for the second half of the Twin Trifecta.
- (c) In the event no person exchanges a ticket a capped or optional early payout jackpot shall be carried over to the next performance for a forced payout in accordance with 205 CMR 6.43. (ARCI c. 9 cal. § O(16) amended)

(17) Contrary to 205 CMR 6.43(4) of the Twin Trifecta rules, during a performance designated to distribute the Twin Trifecta carryover by a forced or optional early payout, where a cap has not been attained, or is not in effect, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the Twin Trifecta. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first-half of the Twin Trifecta, all first-half tickets will become winners and will receive 100% of that day-s net Twin Trifecta pool and any existing Twin Trifecta carryover as a single price pool. (ARCI c. 9 cal. § O(17) as amended)

(18) The Twin Trifecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

- (a) upon written approval from the Commission as provided in 205 CMR 6.43(15) of the Twin Trifecta rules;
- (b) upon written approval from the Commission when there is a change in the carryover cap or when the Twin Trifecta is discontinued. The designated cap and payout schedule cannot be changed without written authorization from the Commission;
- (c) on the closing performance of the meet or split meet unless the association has been granted on opening date of not more than five calendar days for the re-opening of a new meet. (ARCI c. 9 cal. § O(18) amended)

(19) If for any reason the Twin Trifecta carryover must be held over to the corresponding Twin Trifecta pool of a subsequent meet, which exceeds five calendar days the carryover shall be deposited in an interest bearing account approved by the Commission. The Twin Trifecta carryover plus accrued interest shall be added to the second half Twin Trifecta pool of the following meet on a date and performance so designated by the Commission. (ARCI c. 9 cal. § O(19) amended)

(20) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data. (ARCI c. 9 cal. § O(20))

(21) The association must obtain written approval from the Commission concerning the scheduling of Twin Trifecta contests, the percentages of the net pool added to the first-half pool and second-half pool, and the amount of any cap to be set on the carryover. Any changes to the approved Twin Trifecta format require prior approval from the Commission. (ARCI c. 9 cal. § O(21))

(22) Distribution of the jackpot is prohibited in the event the first or second Twin Trifecta race is canceled, not declared official, or, if wagering is declared off for any reason. When this occurs payout of the jackpot shall be postponed to the next performance.)

  - (b) as a single price pool to those whose combination included, in correct sequence, the first two betting interests, but if there are no such wagers; then

- (4) If no first-half Tri-perfecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half Tri-perfecta pool. (ARCI c. 9 cal. § P(9))

6.44: continued

(10) If, due to a late scratch, the number of betting interests in the second-half of the Tri-superfecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half Tri-superfecta pool for that contest as a single price pool, but not the Tri-superfecta carryover. (ARCI c. 9 cal. § P(10))

(11) If there is a dead heat or multiple dead heats in either the first- or second-half of the Tri-superfecta, all Tri-superfecta tickets selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in:

- (a) the first-half of the Tri-superfecta, the payoff shall be calculated as a profit split;
- (b) the second-half of the Tri-superfecta, the payoff shall be calculated as a single price pool. (ARCI c. 9 cal. § P(11))

(12) If either of the Tri-superfecta contests are canceled prior to the first Tri-superfecta contest, or the first Tri-superfecta contest is declared "no contest", the entire Tri-superfecta pool shall be refunded on Tri-Superfecta wagers for that contest and the second-half shall be canceled. After the second-half Tri-superfecta carryover is frozen, 100% of the net Tri-superfecta pool for each individual contest shall be distributed to winners of the first-half of the Tri-superfecta pool. When the Tri-superfecta has been capped, the carryover jackpot will be paid only to ticket holders who correctly selected the Trifecta in the first half of the Tri-superfecta and exchanged their tickets and correctly selected the superfecta in the second half.
