Re: Building and Site Design Presentation

Dear Commissioner McHugh:

Mohegan Sun Massachusetts, LLC (“MSM”) writes to thank you for yesterday’s presentation on Building and Site Design. MSM would like to note that as part of its Clarification Response on April 18, 2014, MSM submitted a LEED Checklist totaling 69 points as Attachment 4-69-08. In addition, MSM notes that the reference images on pages 53 through 55 of your presentation were not supplied by MSM nor are we aware that the images are from a Mohegan Sun facility. We respectfully request that you consider these issues as part of your material errors analysis. Thank you for your consideration.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mitchell Etes".
