

**MEMORANDUM BY FRANK J. FRISOLI TO THE HORSE RACING COMMITTEE
OF THE MASSACHUSETTS GAMING COMMISSION ON REVIEW OF RACE
HORSE DEVELOPMENT FUND ALLOCATION TO THOROUGHBRED PURSES AND
STANDARD BRED PURSES**

BACKGROUND

In the summer of 2016 the Horse Racing Committee (HRC) of the Massachusetts Gaming Commission (MGC) voted to revise the allocation of the Race Horse Development Fund (RHDF) so that 45% was allocated to the thoroughbred racing industry and 55% to the standardbred racing industry. The recommendation was accepted by the MGC and the funds of the RHDF have been so allocated, retroactive to January 1, 2016. Prior to that reallocation, 75% was allocated to the thoroughbred racing industry and 25% to the standardbred racing industry. The HRC is now reviewing the reallocation and its effect on both the thoroughbred and standardbred racing industries.

The HRC report recommending the initial split of 75% Thoroughbred and 25% Standardbred was issued following review and consideration of pertinent data and facts over a period extending from August 10, 2012 through October 2014 when the report was filed. During this period of more than two years, the HRC had numerous meetings, sought, received and evaluated considerable data, and carefully considered the statutory criteria set forth in Massachusetts General Laws Chapter 23K, Section 60. During its review, the HRC (by vote of 4 to 1) retained the services of Dr. Margaret A. Ray, Professor of Economics, University of Mary Washington to provide an economic analysis to aid the HRC in determining an appropriate distribution of the RHDF. The appointee to the HRC of the thoroughbred racing industry (Frank J. Frisoli) was the only vote against retaining the services of Dr. Ray. Yet when her report issued concluding that 85% to 90% of the funds should be allocated to the Thoroughbred Racing

Industry, the 4 members of the HRC who had voted to retain her services largely ignored her analysis and recommendations, voting to reduce the thoroughbred allocation to 75%.

At the time of the HRC report in October 2014, the MGC was considering competing applications for the Boston Region Casino license for locations in Everett, Massachusetts and Revere Massachusetts. The Revere location was owned by Suffolk Downs that had been conducting live thoroughbred racing at that site. Suffolk Downs had publicly announced it would terminate thoroughbred racing activities if the Casino license were not awarded to the Revere location. This fact was addressed by the HRC during its deliberations and its report included the recommendation that the MGC should draft regulations providing that the allocated amount for a breed that is no longer racing due to lack of racing facilities should be *"held in an escrow account for three fiscal years to allow for and encourage the development of new facilities to ensure the continued racing of that breed"*. Despite that recommendation, in 2016 when the HRC decided to revisit the split, rather than continue to escrow the thoroughbred allocation to await developments on the Horse Park legislation being formulated, the HRC voted to significantly reduce the thoroughbred allocation and increase the Standardbred allocation.

When the MGC awarded the Casino license to Everett, Suffolk Downs immediately announced it would no longer be conducting thoroughbred racing and would proceed to develop its property. As the development process lagged, Suffolk Downs, with legislative approval, conducted simulcasting with the obligation to race only 1 day. Negotiations between Suffolk Downs and the New England Horsemen's Benevolent and Protective Association Inc. (NEHBPA) for the possible lease of Suffolk Downs by the NEHBPA to conduct a live meet in 2015 failed although the parties did reach agreement resulting in three one day racing festivals of live thoroughbred racing that were held at Suffolk Downs in 2015. For 2016, three similar

festivals of two days each were conducted and three similar festivals of two days each are scheduled for 2017 in the next few months.

In its request in 2016 for reallocation of the RHDF, the Standardbred racing industry cited the present lack of live thoroughbred racing and the increase in the number of standardbred racing industry dates in accordance with the statute requiring the increase in racing days. Its request for reallocation was based on an alleged increased need for purses and a perceived decreased need of the thoroughbred racing industry. Since state law required the number of standardbred racing dates to increase if Plainridge was awarded (as it was) the slot parlor license by the MGC, the basis of the reallocation request was considered by the HRC in October 2014 when it rejected the report of its expert consultant Dr. Ray and awarded 25% of the RHDF to the standardbred racing industry. Although Massachusetts General Laws Chapter 23K, Section 60 sets forth five statutory criteria, and despite the fact that the increase in racing dates for Standardbreds had been considered at the time the initial allocation was determined, the standardbred industry successfully persuaded the HRC to disregard the statute and change the allocation based on consideration of only 1 of the 5 criteria.

REPORT OF DR. MARGARET A. RAY, PROFESSOR OF ECONOMICS

The 25 page Report of Dr. Margaret A. Ray was addressed in detail in the 2016 Thoroughbred Report addressing the reallocation being considered. A copy of that Report of Dr. Ray was provided to HRC Members. The Report contained a comprehensive analysis of the statutory criteria set forth in Massachusetts General Laws Chapter 23K, Section 60. As it notes on page 3:

"The two breeds differ with respect to the demand for their product and the location, labor intensiveness and managerial structure of their breeding and training businesses. These differences are relevant for predicting the expected impact of the distribution of the Race Horse Development Fund. The thoroughbred segment of the industry has larger scale operations with more division of labor and less direct racehorse owner involvement. Because of the way thoroughbred operations are organized, they are more likely to experience economies of scale. There is also a significant difference in the demand for each breed's racing product. There is more betting on thoroughbred races, both nationally and in Massachusetts, as evidenced by the variety of handle data. Thoroughbred handle in the United States was roughly 6 ½ times larger than standardbred handle in 2013."

In fact, as noted in the discussion on pages 13-15 of the Ray report, in Massachusetts when there was live racing at both Suffolk Downs and Plainridge, thoroughbreds accounted for 87% of the actual handle on live races and 90% of the simulcasting handle. Thoroughbreds generated 66% of the Pari-mutual revenue paid to Massachusetts and nearly 84% of the real estate taxes and sales taxes paid by the two industries. As Dr. Ray notes, *"While simulcast handle is not included in the criteria listed in the legislation creating the Race Horse Development Fund, it is much larger than live handle and also generates economic activity in the commonwealth"*.

Dr. Ray correctly states that the thoroughbred racing industry has a larger economic impact on the Massachusetts economy, receiving 79% of the purses while generating 87% of the live handle and 90% of the much larger simulcast handle. Dr. Ray's report concludes the market signals represented by the data indicate a much greater likelihood that purse money allocated to

thoroughbred racing will stimulate economic activity, develop an in-state breeding and training industry, and improve quality of life in the commonwealth.

DIFFERENCES BETWEEN STANDARDBREDS AND THOROUGHBREDS

Standardbred Racing is dramatically different from Thoroughbred racing. When thoroughbreds race and train, here it is a rider weighing 110 pounds or more on its back. All 4 feet are off the ground in the course of its stride, with its feet landing one at a time. The very thin legs absorb considerable impact. Typically a thoroughbred weighs in excess of 1000 pounds. Most thoroughbreds will actually compete in 5 to 20 races in a calendar year, with the more valuable horses running fewer races per year. Thoroughbreds will begin their racing career sometime between age 2.5 years and age 4. It is not very common for thoroughbred to have a race career of more than 50 races. The majority of thoroughbreds have been retired from racing by age 5 or 6. Because thoroughbreds have very limited opportunities to earn purses, thoroughbred purses are some multiple of standardbred purses.

Exhibit 1 attached hereto are entry sheets for standardbred racing conducted on June 19, 2017 at Tioga Downs, Mohawk Racetrack, and Northfield Park. The top right corner of the cut for each entrant details the number of lifetime starts followed by the number of wins, second place finishes, third place finishes and total earnings. The lines immediately below detail the same information for calendar year 2017 and the calendar year 2060. The color, sex and age of the action is set forth in the middle of the cut immediately below the identity of the breeder (g indicates a gelding). In the first race at Tioga, Winter Blast had competed in 90 races earning more than \$96,000 by midway through age 5. Standardbreds typically begin racing at age 2.5

years so Winter Blast had run about 30 races for each 12 month period since he began to compete.

Winter Blast appears to be typical of most Standardbreds that are racing. In a call to the Race Track Support Department of the US Trotting Association on June 22, 2017, Chris of that Department was happy to respond to inquiry relative to standardbred racing in general. She opined that Standardbreds typically averaged 30 starts per year and on the average race from age 2 through age 10, 11 or 12. In response to inquiry about differences between Standardbreds and Thoroughbreds, she offered that she had considerable thoroughbred experience having worked at a thoroughbred racetrack for more than 8 years before her employment with the US Trotting Association. She advised that Standardbreds were less susceptible to injury than Thoroughbreds and attributed this to the fact that Standardbreds compete in a gait in which two feet are on the ground at all times. She also offered that because Standardbreds were pulling a cart behind them, they are less likely to be banged and jostled in the course of a race than Thoroughbreds.

Standardbred purses are considerably lower than Thoroughbred purses across the United States because Thoroughbreds cost considerably more to breed¹, considerably more to train, race far less often, and have much shorter racing careers. Review of the entries in Exhibit 1 readily evidences the long racing careers and high number of starts of Standardbreds. Western Legend in the First race at Tioga is a nine year old gelding racing in his 191st race. Beignet in that race is a 10 yr old horse running the 212th race of his career. At age 10 this will be his 23rd start since

¹ Thoroughbreds are required to be bred naturally. Typically the mare is brought to the farm at which the stallion stands. Standardbred are bred via Fed Ex. Semen from the stallion is shipped via courier to the farm breeding the mare and then inseminated.

January 1, 2017 so he may race 46 times in 2017 at age 10. Many of the entrants are age 8, 9 or 10.

Public support and acceptance of the different breeds is also quite different. In 2016, the live handle for the six racing days at Suffolk Downs was \$1,175,183. In 115 race days at Plainridge in 2016, the total live handle was only \$1,500,125. In six days of live racing, Suffolk Downs handled more than 78% of the total live handle at Plainridge over 115 racing days. The wagering on site for one day of thoroughbred racing in Massachusetts exceeded total wagering for 7 days of live standardbred racing. The breakout of simulcast handle was not made available by breed. Plainridge and Suffolk Downs offer simulcast wagering on both Thoroughbreds and Standardbreds. The vast majority of the simulcast wagering is on thoroughbred signals. As Dr Ray correctly concluded in her report to the HRC in 2016, 90% of the simulcast handle is on thoroughbred racing. Thoroughbred racing has a substantially greater impact than Standardbred racing on the Massachusetts economy.

**PRIOR HRC CONSIDERATION OF FIVE CRITERIA ESTABLISHED BY
MASSACHUSETTS GENERAL LAWS CHAPTER 23K, SECTION 60 (b)**

The HRC was created by Massachusetts General Laws Chapter 23K, Section 60. The intent of the statute was to provide funding to both the thoroughbred racing industry and the standardbred racing industry that would cause both industries to thrive and thereby improve the Massachusetts economy and preserve jobs and open space. The HRC was created to review pertinent data and make recommendations to the MGC as to the allocation of RHDF between the two industries. Under the statute, the HRC is to determine the allocation that will be most beneficial to the Commonwealth, causing both thoroughbred racing and standardbred racing to

the sustainable industries that contribute to the Massachusetts economy and benefit the local farm and breeding industries. One of the purposes of the legislation was to help create jobs, preserve open space and benefit local farms. Section 60 (b) sets forth five criteria to be considered by the HRC in making its recommendation to the MGC as to allocating the RHDF between the thoroughbred racing industry and the standardbred racing industry. The initial allocation of the RHDF resulted from consideration by the HRC of data relative to each of these five factors. The revised allocation made in 2016 was formulated based principally on the fact (previously considered in making the initial allocation) that live Thoroughbred racing had been virtually suspended (other than 3 racing festivals) and the number of live Standardbred racing dates was increased to 115 days in 2015 and 125 days in subsequent years.

PRESENT STATUS OF THOROUGHBRED RACING IN MASSACHUSETTS

During and after its unsuccessful attempts to lease Suffolk Downs for 2015, the NEHBPA that represents Massachusetts thoroughbred horsemen began to plan for the future with the realization that it lacked an adequate facility at which thoroughbred racing could be conducted. At that time Suffolk Downs was about to be redeveloped. Its ownership generally refused to address with the NEHBPA the possibility of selling the racetrack portion of the site or developing the property in a manner that would permit thoroughbred racing to continue. The different locations at which the so-called County "Fair" racing had been conducted were all too small and inadequate to sustain thoroughbred racing. In the not so recent past, thoroughbred racing had been conducted at county fairs in Berkshire (Adams), Brockton, Great Barrington, Marshfield, North Hampton and Weymouth with the NEHBPA in each instance representing the horsemen. Racing was discontinued at each of these locations due to a myriad of factors

including the far greater risk of injury to both jockeys and horses that is posed by the sharp turns and narrow width of these undersized tracks.

So the focus of the NEHBPA turned towards finding a site suitable to build a thoroughbred racetrack and funding the venture. In New York, the non-profit New York Racing Association (NYRA) was created by the state to own and operate Aqueduct, Belmont and Saratoga thoroughbred racetracks. The NEHBPA has pursued and expanded that concept to the point where the vision of more than 3 years ago is now a clear possibility and may soon become a reality. Information on the Horse Park development has been provided to the HRC and the MGC. Widespread support for the project has been developed. Although legislation was drafted in 2015, at the suggestion of legislative leaders, it was not filed until a feasibility study was completed. The feasibility study done at the University of Massachusetts established that the Horse Park will be self-sustaining if not profitable. The feasibility study confirmed that the Horse Park, when constructed and operational, will be self sustainable from the revenue it will generate independent of thoroughbred racing. The enabling legislation was filed that authorizes the use of a portion of the RHDF otherwise allocated to the thoroughbred racing industry to be used to amortize the debt created from construction. Several land sites were identified for the facility. It appears the land at some of the proposed sites may be donated if selected. The towns and municipalities of sites under consideration have been approached, with an enthusiastic response received in each instance. At the suggestion of legislative members who have endorsed the project, a report was and is being prepared by CMW Architects & Engineers, a firm previously involved with the Kentucky Horse Park, that will further detail the project and establish a budget for development and construction. That report was recently completed and is

being presented to the MGC at this time. The completion of that cost study is expected to generate momentum advancing the legislation in the state legislature.

The NEHBPA, in light of the widespread support already secured for the Horse Park, is optimistic that the concept will soon become a reality. The funds presently allocated from the RHDF to the thoroughbred racing industry that remain escrowed are essential to advancing the Horse Park project. The Horse Park project now appears to represent the sole opportunity to continue thoroughbred racing in Massachusetts. Without it, it is extremely unlikely that any entity will construct and develop a racetrack in Massachusetts. Rumors that Stronach Enterprises is interested in building a racetrack in Massachusetts have no basis. Stronach has again recently confirmed to the NEHBPA that it is interested only in profitable opportunities to operate a racetrack and is not considering construction of a facility. So if a Horse Park is created, Stronach, as well as other entities, could be considered to lease or operate the racetrack portion of the Park. Rumors that Stronach is considering building a racetrack at the site of Raynham Dog Track also have no basis as Raynham lacks sufficient land area and Stronach has confirmed it has no interest in constructing a racetrack.

In the interim, the NEHBPA has worked with Suffolk Downs to conduct the racing festivals that accomplish the dual purpose of sustaining interest in thoroughbred racing and allowing local horsemen at least a limited opportunity to race. Three festivals of two days each will be run in 2017. The Buyer of Suffolk Downs has announced development plans that foreclose any possibility of thoroughbred racing at that site in the future although there remains a possibility that the development schedule will permit Suffolk Downs to conduct 6 days of racing in 2018 before it finally closes.

THE 2017 NEED FOR THOROUGHBRED ALLOCATION

Lost in discussions about reallocation of RHDF between thoroughbreds and Standardbreds is the dramatic effect the reallocation of 2016 has had on the Massachusetts Breeders of thoroughbred horses. In 2016, the Massachusetts Breeders Association ran 10 stakes races during the festivals at Suffolk Downs having purses totaling \$750,000. In addition, it ran races restricted to Massachusetts bred horses at Finger Lakes in upstate New York with purses totaling \$365,000. The Massachusetts Breeders Association was able to conduct this program with 2016 allocations from the RHDF and funding allocated from prior years.

For 2017, due to the reduced thoroughbred allocation, the Massachusetts Breeders Association was unable to maintain the 2016 program, further discouraging thoroughbred breeding in Massachusetts. The stakes races at the Suffolk Downs festivals have been reduced to 9 in number and the purses for those 9 stakes reduced by 1/3 to \$50,000 per race. The stakes race not being run in 2017 is the Norman Hall Stakes for two year olds. The Massachusetts bred races at Finger Lakes will also be cut back with funding projected to be reduced 10% to \$348,000. Further reduction of the thoroughbred allocation will significantly impair the Breeders program as the Breeders receive a percentage of the thoroughbred allocation. Since it takes at least 3.5 years (and often more than 4.5 years) from time of conception before a thoroughbred foal races, further reductions in funding of Massachusetts Breeders programs will have a long-term effect on the thoroughbred breeding industry in Massachusetts.

The Thoroughbred Industry also seeks 2017 funding for the six racing days of the Festivals at Suffolk Downs, the general administrative expenses of the NEHBPA, and to pay for

the cost of the study recently completed and business plan being prepared that will further detail the Horse Park project and establish a budget for development and construction of a Horse Park.

As previously addressed in this Report, the HRC in its initial report submitted to the MGC made a recommendation that the MGC should draft regulations providing that the allocated amount for a breed that is no longer racing due to lack of racing facilities should be "*held in an escrow account for three fiscal years to allow for and encourage the development of new facilities to ensure the continued racing of that breed*". The foresight of the HRC when it made this recommendation should be commended. Since that date, the local Standardbred Industry has flourished with the support of the increased funding from the RHDF while the local Thoroughbred Industry faces extinction as Suffolk Downs permanently closes. Research has established there is presently no other venue within the Commonwealth suitable for thoroughbred racing. The speculative discussions about Raynham and Brockton as possible sites lack foundation and are simply conjecture by parties seeking attention. The Raynham and Brockton sites lack the land area required for a thoroughbred race track and the owner has been unwilling for decades to commit any of his resources to thoroughbred racing while seeking to maintain a presence in the industry to justify continued simulcasting at Raynham without any obligation to remit to thoroughbred purses a share of the large profits realized. It is truly remarkable that simulcasting has been permitted to continue at Raynham under these circumstances. Further reduction in the thoroughbred allocation will jeopardize the possibility of establishing a new thoroughbred racetrack as contemplated in the pending Horse Park Legislation. Especially in light of the fact that viability of the Horse Park proposal is likely to be determined prior to the end of calendar year 2017, the present thoroughbred allocation should be maintained at least until 2018. Since the legislation creating the RHDF was intended to help

both the thoroughbred racing industry and the standardbred racing industry survive and become sustainable, reallocation of funds presently allocated to the thoroughbred industry that are essential for the survival of that industry should not be diverted to the standardbred industry, especially since the Standardbred industry is now competitive and prospering. The funds allocated to thoroughbreds should continued to be escrowed as the Horse Park legislation previously filed is considered by the legislature. Reducing the thoroughbred allocation at the cost of jeopardizing revival of the thoroughbred industry in order to provide additional funding for the thriving standardbred industry in Massachusetts would be extremely short sighted and contrary to the objective of Massachusetts General Laws Chapter 23K, Section 60 (b) that sought to advance and promote ***both*** the Thoroughbred and Standardbred Industries

PRESENT EFFECT OF RHDF INCREASED STANDARDTBRED ALLOCATION ON PLAINRIDGE PURSES

In 2014, Plainridge paid \$2,468,042 in total purses with an average purse of \$3,353 (Exhibit 2 from US Trotting Association). In 2015 Plainridge paid \$4,210,636 in total purses with an average purse of \$4,437 (Exhibit 3). Of the \$4,210,636 in total purses paid at Plainridge in 2015, \$3,193,098 were funds from the RHDF. As a result of the RHDF distributions, in 2015 Plainridge purses increased by \$1,742,594 (70.6%) and the average purse increased by \$1,084 (32.33%). Despite the increased purses in 2015, Plainridge ranked 17th of the 22 standardbred tracks in total purses paid; 20th of the 22 standardbred tracks in total purses paid per day; and 18th of the 22 standardbred tracks in Average Purse Paid (Exhibit 3).

In 2016 with the increased allocation of 55% of the RHDF to standardbred purses, Plainridge purses dramatically increased. As explained later in this report, ***Plainridge actually***

paid purses equal to or greater than all other standardbred tracks for the level of competition of races conducted at Plainridge. The ranking of Plainridge compared to other Standardbred tracks improved significantly. The response of Steve O'Toole, Director of Racing at Plainridge to an information request from HRC Member Frank Frisoli is attached as Exhibit 4. He notes in comments at the end of the email stream " *We are improving and it is good, however we are still in a competitive market area with Yonkers, Meadowlands, and Saratoga Harness all less than a 4 hour drive away and a much higher daily average of purses paid*". As Mr. O'Toole notes " *Plainridge Purses were not competitive before 2014*".

The first page of Exhibit 5 was supplied by Mr. O'Toole as an attachment to his email response of June 23, 2017. In 2016, Plainridge paid total purses of \$7,954,092 during the 116 days it raced, averaging \$68,570 per day. The increased allocation of 55% of the RHDF resulted in an increase in total purses of 189% and an increase in the daily purse distribution of 171%.from 2015 purses. The increased allocation from the RHDF caused Plainridge to be competitive with the Top Tier of Standardbred tracks

The second page of Exhibit 5 presents the information set forth in the first page in a different format by grouping the tracks in Tiers A, B, C, and D. The A Tier tracks pay purses of \$200,000 or more daily, attracting the fastest and most valuable Standardbreds. The B Tier Tacks pay daily purses ranging upwards from \$100,000 per day while the C Tier Tracks (including Plainridge), pay purses in excess of \$50,000 per day. Plainridge was a D tier track in 2015 paying purses less than \$50,000 per day.

The fastest, most valuable horses race at A Tier tracks. These tracks regularly conduct races for the highest levels of competition for purses that reflect the value of the competing

horses. The A Tier tracks also offer the prestige of competing at the best venues for racing. These tracks are analogous to racing a thoroughbred at Saratoga or Del Mar (as compared to Suffolk Downs). So the C Tier tracks cannot compete for the best horses due to lack of prestige and lack of sufficient horses good enough to compete and fill races at the higher levels of competition.

But in 2016 (and in 2017), Plainridge did offer races at levels of competition comparable to some of the races of lesser quality conducted at A, B and other C Tier tracks. For these races in 2017, *Plainridge now pays purses that equal or exceed the purses paid for similar races conducted at A Tier and B Tier tracks.* Assuming the situation is analogous to thoroughbreds, these comparable races at Plainridge do not attract the same depth of competition as would be encountered at a higher Tier track and are therefore easier to win, sometimes rewarding a horse with a purse that horse could not win at a higher Tier track. For example, for a purse of \$14,000 at Plainridge, the field may consist of eight entrants, only three of which have previously successfully competed for a purse of \$14,000. For a purse of \$14,000 at an A Tier track, often all eight entrants successfully competed in the past at that level and one or two of them may have raced at higher levels. So actually, by paying purses equal to or exceeding purse at the better tracks for the same level of competition, Plainridge horsemen have opportunity to earn, and are likely to earn, more than they would racing at the higher Tier tracks,

Analysis of the races scheduled as of June 21, 2017 at the Standardbred tracks operational at that time evidences that the Plainridge purses usually exceed the purses of other tracks. Exhibit 6 contains the condition sheets available on June 21, 2017. At one of the lowest levels of Standardbred racing, Plainridge (Tier C) scheduled races for entrants that had not won \$2,500 in their last 5 starts and paid a purse of \$5,800 for that race. In similar races Scioto (Tier

B) paid a purse of \$6,000, Tioga (Tier B) paid a purse of \$5,500, Saratoga (Tier C) paid a purse of \$4,500, Ocean (Tier C) paid a purse of \$5,500 and Northfield Park (Tier B) paid a purse of \$5,000. The Plainridge purse for this low level of competition for the most part exceeded purses paid at other (higher Tier) tracks for horses of comparable quality.

At a slightly higher level for entrants that had not won \$3,500 in last 5 starts, the Plainridge purse was \$7,200. Tier B track Scioto (\$8,000) paid a higher purse but Tier A track Meadowlands (\$6,500), and Tier B tracks The Meadows (\$5,300), Harrington (\$5,500) and Tier C track Saratoga (\$6,000) all paid significantly lower purses for that level of competition. For non-winners of \$4,500 in last five starts, Plainridge paid a purse of \$10,000. While the purse for that level at one A Tier track (Yonkers) was greater (\$14,000), the purse for that level at another A Tier track (Meadowlands) was lower (\$8,500). The B Tier purses for this condition, The Meadows (\$8,100) and Harrington (\$7,500) were significantly inferior to Plainridge.

To belabor the point (in anticipation of adverse comments from the Standardbred industry), at higher levels, the excess of Plainridge purses over purses at B and A Tier tracks was even more pronounced. For non-winners of \$6,000 last five starts, the Plainridge purse was \$12,000 compared to A Tier tracks Mohegan Sun (\$11,000), Meadowlands (\$8,500) and B Tier tracks Harrington (\$7,500), Hoosier (\$9,000), and Northfield Park (\$7,800). For the non-winners of \$8,000 last five starts, the Plainridge purse was \$14,000 compared to A Tier track Meadowlands (\$11,000) and B Tier tracks Harrington (\$10,000), Tioga (\$9,000), and Northfield Park (\$10,000).

In claiming races for \$7,500, the Plainridge Purse was \$7,500,. This purse was higher than A Tier track Mohegan Sun (\$6,000). and B Tier Tracks The Meadows (\$6,000), Tioga

(\$6,000) and Hoosier (\$6,000.00). In claiming races for \$10,000, the Plainridge Purse was \$10,000 which was higher than A Tier track Mohegan Sun (\$8,500) and B Tier Tracks The Meadows (\$7,200) and Hoosier (\$7,000.00). In claiming races for \$15,000, the Plainridge Purse was \$12,000, the same as A Tier track Mohegan Sun, but higher than B Tier Tracks The Meadows (\$10,400) and Hoosier (\$8,500.00).. As previously stated, with the increase in allocation made in 2016, Plainridge purses are now more than competitive with all other tracks for the level of Standardbreds that race there. Increased funding for purses is not necessary as the objective of making Plainridge prosper has been achieved. Although Plainridge now ranks 14th in total purses of the 32 tracks listed in Exhibit 5 produced by Plainridge Management, its purses equal or exceed purses paid at any other track for the level and value of horses that race there. Attached hereto as Exhibit 7 is a copy of a flyer recently distributed by members of the Standardbred Industry and a report from the State House News Service detailing comments from members of the Standardbred Industry acknowledging that there was a “very swift renaissance” (in Massachusetts Standardbred racing), that Standardbred racing in Massachusetts was now “a competitive player in the Northeast”, and “an overwhelming success story”. Mr. Antonacci is quoted as stating “*Though thoroughbred racing has come upon hard times, ...there 's a much greater story of harness racing that's alive and well and burgeoning in the commonwealth of Massachusetts.*”. As Standardbred Industry members have acknowledged, Standardbred racing in Massachusetts is “*competitive*” and “*an overwhelming success story*” while thoroughbred racing has “*come upon hard times*”. The public comments of Standardbred Industry representatives confirm there is no need to increase the Standardbred allocation while there is a dire need to support the Thoroughbred Industry.

PRESENT FUNDING OF STANDARDBRED PURSES IS ADEQUATE

As discussed above, the objective of making Plainridge standardbred racing competitive has been achieved and acknowledged by public comments of the standardbred industry representatives. Under Massachusetts law, a member of days of standardbred racing was increased over several years to a requirement to race 125 days in 2017 and subsequent years. In 2016, Plainridge raced 116 days with daily purses averaging \$68,570 (Exhibit 5 produced by Plainridge). So to maintain the same level of purse funding for 2017, only about \$617,000 is required.

As noted in the response of Steve O'Toole, Director of Racing at Plainridge (Exhibit 4), *"Plainridge purses have NEVER been funded 100% by RHDF. Statutory percentages of Import Simulcasts, Statutory Outs, Statutory Premiums and Statutory percentages of Live Handle remain at the same level as before expanded gaming licenses were awarded. By contract with our horsemen² the agreed upon percentages of Export Simulcasting are also added to RHDF monies to make up the ebb and flow of the entire Purse Account at Plainridge.....In 2016, \$1,698,960 was added to the Purse Account from the above sources. For 2017, we anticipate a slightly higher contribution from those sources due to an increase in import, export and live handle."* (Exhibit 4) .

² As addressed in detail in the 2016 thoroughbred report (when revision of the split between breeds was being considered by the HRC), the contract between Plainridge and the standardbred horsemen does not appear to be reasonably collectively bargained as it requires that Plainridge pay only the bare minimum amounts required to be paid to purses under applicable law, allowing the racetrack to retain the excess. If that revenue had been bargained to be divided 50/50 consistent with contracts across the United States between racetracks and local horsemen, the addition to the purse account would be at least several million dollars greater.

As the standardbred horsemen have stated (Exhibit 7), there has been a significant increase in handle and simulcast wagering at Plainridge resulting from increased allocation of RHDF that was made in the summer of 2016, retroactive to January 1, 2016. So the increase in business that was attributable to increased purse funding from the RHDF did not begin until midyear 2016. The 2017 purse funding from sources other than the RHDF can reasonably be expected to be significantly higher than 2016 amounts because the purse increase did not commence until the summer of 2016 when the increased RHDF allocation to Standardbreds was voted. Business continues to be good at Plainridge. With the increased funding from other sources and the present level of funding from the RHDF, Plainridge should be easily able to maintain its present purse structure as evidenced by the fact that present 2017 purses at Plainridge are being paid at least at the same daily average as 2016 through the first 6 months of 2017.

SUMMARY

The HRC, in its 2014 report following two years of careful review of facts, recommended that that the MGC should draft regulations providing that the allocated amount for a breed that is no longer racing due to lack of racing facilities should be *"held in an escrow account for three fiscal years to allow for and encourage the development of new facilities to ensure the continued racing of that breed"*

Yet in 2016, the HRC revised the split to significantly increase the allocation to Standardbreds to 55% (from 25%) and reduce the thoroughbred allocation from 75% to 45%. It certainly appears that the vote of the HRC was based principally on the fact that aside from a few

racing festivals, thoroughbred racing in Massachusetts was not being conducted. Virtually no consideration was given to the other factors required to be considered by Massachusetts General Laws Chapter 23K Section 60.

As previously noted, when the allocation of 75/25 was first determined by the HRC, the determination was made after two years of study and discussion. That prior committee was certainly more familiar with the relevant issues and considerations than the present HRC that includes two new members who did not serve on the prior committee.

Further revision of the split is inappropriate at the present time. There is absolutely no data available that indicates that the standardbred industry requires additional funding. In fact, to the contrary, all present data evidences that standardbred racing at Plainridge has flourished and is competitive with all other standardbred tracks. As detailed previously in this report, Plainridge is paying higher purses than virtually all other tracks for races at the same level of competition. As addressed above in great detail, standardbred racing at Plainridge is now nationally competitive and adequately funded.

The statute requires this committee to consider at least five criteria in making its recommendation. Plainridge raced 116 days in 2016 (Exhibit 5 produced by Plainridge) and will race 9 additional days in 2017 and future years. The purse structure of 2016 has continued in 2017 with the knowledge of management that 2017 will have 125 days of live racing. Additional funding in 2017 for standardbred racing at the Plainridge is not needed to maintain the competitive status presently enjoyed by Plainridge.

As addressed above, the thoroughbred industry is virtually on life support in Massachusetts. The Horse Park legislation was filed and is being considered by the Legislature.

The HRC should maintain the present allocation until the Legislature has acted on the Horse Park legislation, escrowing the thoroughbred allocation so that it will be available to fund the creation of a Horse Park that will revive thoroughbred racing in Massachusetts. The HRC should table further discussions of revision of the split until early 2018 when it will be in a reasonable position to evaluate the respective needs of both the thoroughbred industry and the standardbred industry. Massachusetts General Laws Chapter 23K, Section 60 was intended to provide funding to both the thoroughbred racing industry and the standardbred racing industry in a manner that would cause both industries to thrive, thereby improving the Massachusetts economy and preserving jobs and open space. The HRC has an obligation to address the relative needs of both the Standardbred and Thoroughbred Industries and allocate RHDF funding in a manner that advances both Industries. Further reduction of the thoroughbred allocation is not appropriate at this time as the thoroughbred industry seeks a venue in Massachusetts appropriate to conduct thoroughbred racing.

Respectfully submitted

Dated June 30, 2017

Frank J, Frisoli

Member HRC appointed by the Thoroughbred Racing Industry

Subject: Information sought for HRC
Importance: High

Mr. Steve O'Toole
 Plainridge

Thank you for returning my call. As I advised you, I am a member of the Horse Racing Committee of the Massachusetts Gaming Commission. The HRC has been reviewing the impact of the increased funding of Standardbred purses by the Race Horse Development Fund. Sometime ago I was provided with detail of total purses and racing days of the standardbred tracks for the year 2015 as set forth in the attached file. I now seek updated information for 2016 and comparable information for 2014 if readily available.

Please find attached the 2016 Purses Paid and Race Days in the same format as you requested.

HRC Member Peter Goldberg offered to assist me in gathering data related to meets conducted at other Standardbred racetracks in Eastern United States. But Mr. Goldberg and I were unable to access this data so I am seeking your assistance. I assume that Plainridge has access to data that permits a comparison of racing at Plainridge to other standardbred track.

Specifically, I seek data for standardbred race tracks for the years 2014, 2015 and 2016 as to:

A. Number of racing days during the year at each track

Supplied

B. Total Purses (or daily average) paid at each track for live Standardbred racing

Supplied

C. Source and amount of funding of Purses at each track for live Standardbred racing.

Every jurisdiction is different and I do not have access to such detailed data.

D. Maximum Purse paid at each track for a single race excluding Stakes races

Access to data is not readily available

E. Minimum Purse paid at each track for a single race

Access to data is not readily available

F. Schedule of Purses paid for the different race conditions of races commonly run.

Condition Sheets

<http://horsemen.ustrotting.com/conditions.cfm>

G. Total simulcasting wagering at each track on Standardbreds for the year

Access to data is not readily available

H. Total simulcasting wagering at each track on Thoroughbreds for the year

Access to data is not readily available

I. Daily average at each track of simulcasting wagering on Standardbreds for the year

Access to data is not readily available

J. Daily average at each track of simulcasting wagering on Thoroughbreds for the year

Access to data is not readily available

I acknowledge that some of this information may not be readily available to you and am not asking you or your staff to undertake the task of compiling it. Rather I ask you to provide such information you have that can be easily provided and direct me to other sources that are likely to have access to the data. I believe that since 2015, purse funding at Plainridge was 100% from the RHDF. If this is not the case, please advise as to the other sources of purse funding and amounts received for 2016 and projections for 2017.

Plainridge purses have NEVER been funded 100% by the RHDF. Statutory percentages of Import Simulcasts, Statutory Outs, Statutory Premiums and Statutory percentages of Live Handle remain at the same level as before expanded gaming licenses were awarded. By contract with our horsemen the agreed upon percentages of Export Simulcasting are also added to RHDF monies to make up the ebb and flow of the entire Purse Account at Plainridge. What may have you confused is that in contrast, since the discontinuation of a full schedule of live races at Suffolk Downs the statutory requirements there have been relaxed to a fraction of what was in place where it almost seems like the entire amount of purses paid at Suffolk is derived from the RHDF.

In 2016, \$1,698,960 was added to the Purse Account from the above sources.

For 2017 we anticipate a slightly higher contribution from those sources due to an increase in import, export and live handle.

You advised me that each track issues on a weekly basis a schedule of races to be conducted in the following week that is used by Horsemen to determine when and where to enter their horses. I seek a copy of such a recent schedule issued for Plainridge and instructions as to accessing such schedules over the Internet for Plainridge and other tracks. In the Thoroughbred Industry, Condition books are published and accessible at the website of each track that set forth races proposed for the next month or so. As Horsemen frequently look at races at tracks other than where they are stabled for races that may be more appropriate for some of their horses, I assume that the prospective schedule of races at each track is available online.

All condition sheets may be found here:

Condition Sheets

<http://horsemen.ustrotting.com/conditions.cfm>

The schedule of purses paid for different race conditions at the different standard tracks is critical to determining the funding required to cause Plainridge to be competitive with other standardbred tracks. I assume Purse funding in the standardbred industry is based on level of competition with the more valuable standardbreds racing for higher purses. When a review was conducted several years ago, it appeared to me that Plainridge purses paid for the level of races conducted at Plainridge were only slightly inferior to purses paid at virtually all other standardbred tracks for races of horses of comparable value. Since there has been a significant funding increase at Plainridge, purses paid based on level of competition should be now more than competitive with other standardbred tracks, especially since it appears a significant portion of the standardbred races now being run at Plainridge are restricted to horse

that previously competed at that track.

Plainridge purses were not competitive for years before 2014. Determining value is a sliding scale and goes hand in hand in the purse structure that can be raced for. As evidenced by the report you requested, Plainridge still ranks in the bottom half of the list for purses paid on a daily basis at approximately \$69,000 per day. With the funding increase, we have been able to offer higher competitive events as evidence by the increase in handle and participation by horsemen. The conditioned races for previous years starters is not an indication of inferior talent past, present or future. I feel we have been very creative and use the funding increase to every horsemen's benefit. An indication of our efforts is the growing size of our participating stables and influx of new talent in our racing program. We are improving and it is good, however we are still in a competitive market area with Yonkers, Meadowlands and Saratoga Harness all less than a 4 hour drive away and a much higher daily average of purse paid. So I seek your comments on this issue and any additional data that may be available which is pertinent to assessing the present ability of Plainridge to attract and reasonably compensate horsemen to race at Plainridge. I inquire as to whether Plainridge in 2016 and 2017 scheduled (and ran) races for more valuable horses than it did in 2015. I inquire whether conduct of better races has increased the handle, both live and simulcast.

The minimum claiming price has doubled and the higher claiming races have been attracting more entries and filling more regularly. That would suggest that horses racing at Plainridge today are more valuable than in previous years.

Your comments on these matters are solicited and will be appreciated

Thank you for your assistance.

***USTA ONLINE ENTRIES AVAILABLE THRU PATHWAY FOR ENTERING AT BUFFALO RACEWAY**

*Qualifiers on Saturdays @ 4:30 pm. (Drawn Thursday 10:00 AM)

Pace: 2.04 Trot: 2.07

2 Yr Olds allowed 3 sec., 3 Yr Olds 1 sec.

HORSES WILL BE ALLOWED 4 (3 YOs 5, 2 YOs UNLIMITED) TOTAL QUALIFIERS FOR RACE MEET.

(Horses that qualify, and start at the meet, will receive 1 additional qualifying attempt)

****JUDGES need drivers & scratches for program by 9:30am day after draw. Call 716-649-1280 - ext: 6219**

****POST TIMES: Wednesday/Friday 5:00pm, Saturday 6:00pm, Sunday 12:30pm**

***ATTENTION RACE SHIP-INS & QUALIFIERS: New Ship-in Policy. Starting immediately, ship-in stalls on race nights & qualifiers will be assigned by the Race Office. You must use the assigned stalls that will be clearly listed by trainer on a bulletin board at both ends of E Barn. YOU MAY NOT USE ANY OTHER STALLS WITHOUT APPROVAL OF RACE OFFICE.**

In addition, if you have received approval to stable horses for the weekend in E Barn, you must clean the stalls on Saturday morning.

***DO NOT PARK IN FRONT OF RACE OFFICE. Spaces off to side are available. Offenders will have their horses suspended 5 days.**

***For any barn repairs please call ext: 295, or talk to Jim Mango or track crew directly.**

***Only certified checks, bank checks & money orders are accepted for claiming horses. (NO CASH).**

***Any entry may be disallowed at the discretion of the racing secretary.**

***\$4,000 & \$5,000 Claimers must be 1-2 last start to have preference if moving up in class. (Horses that have been claimed may move up in class).**

\$6,000 Claimers & Up must be 1-2-3 to have preference if moving up in class.

(Claimers making their first start at Buffalo Raceway in 2017 may move up in class at discretion of the race office.)

Claimers must WIN to move up more than one class.

Horses in claiming races that HAVE NOT been 1-2-3 in last 6 starts will be required to move down in class per discussion with race secretary.

***Horses entered in the wrong class, will not be moved unless needed.**

***Horses entered in an alternate event will only be moved to that event if needed.**

***Horses shipping from other tracks, will be subject to purse bar and class reviews by the race office.**

These horses may be moved or disallowed at the discretion of the racing secretary.

***Horse racing in claiming series' at Buffalo Raceway will not be subject to purse bars next non series start. Previous non series start will be used.**

***NO in to go horses will be allowed to re-enter, regardless of what class they are in to go.**

***Horses eligible to lower conditions, including lifetime wins, that are entered in higher conditions, will not have preference over horses who do not fit cheaper class. Condition races may be changed to fill race. Claiming races may be combined with condition races to fill race.**

***\$18.80 NYS starting fee is due from every horse, every race. Keep current or entries will be disallowed.**

***If you are stabled on the grounds you are expected to race here unless given permission by the race secretary. Failure to do so will result in stall revocation.**

***Any horse scratched from ANY post position, at ANY TRACK, at ANY TIME, will not be permitted to enter at Buffalo Raceway for 7 days from the RACE DATE. An additional 7 days will be tacked on if the horse is scratched at Buffalo Raceway from seven or eight post position. (Judges scratches may be reviewed).**

***A Horse STABLED on the grounds may not leave the grounds within 24 hours of race time.**

***If you are stabled on the grounds, YOU MUST make your own entries. If you aren't stabled on grounds, entries will be accepted ONLY from the trainer or owner of horse.**

Attention all Trainers & Owners: Check your COGGINS dates & update if necessary. Your entries at Buffalo Raceway will be disallowed without current Coggins. Also, renew all CANADIAN ELIGIBILITIES. A current list of ALL horses is in the race office. **UP DATE YOUR USTA MEMBERSHIPS. ENTRIES/TRAINERS & DRIVERS WILL BE REFUSED*

Effective February 10, 2016 NYSGC will no longer conduct drug tests of claimed horses. You may at your own expense elect to have a state drug test on a horse you claim for a fee of \$150. Payment must accompany or be included with claim payment. Fee is refundable if NYSGC selects the horse for usual post race testing. More details may be found at BuffaloRaceway.com

THANK YOU

ATTENTION TRAINERS: The Trainers needed for Fridays Trainer Report will be texted between 11:00 a.m. and 1:00 p.m. on Wednesdays and the Trainers Report needed for Saturdays will be posted by 2:30 PM on Wednesdays.

Please consult the list and submit reports to trainers@playmeadowlands.com by the deadlines listed to enable timely program printing. Thank you for your cooperation.

**** ALL OWNERS, TRAINERS AND GROOMS MUST HAVE THEIR 2017 N.J.R.C. LICENSE****

WE ENCOURAGE TRAINERS TO ENTER NJSO RACES WITH NON-NJSO HORSES.

NEW JERSEY RACING COMMISSION RULE CHANGE NOW ALLOWS TRAINERS

TO RACE 2 HORSES IN ANY CLASS THAT IS SEPARATE OWNERSHIP EFFECTIVE IMMEDIATELY.

AMATEUR OWNED AND DRIVEN 25% ALLOWANCE ON EARNINGS IN OPEN RACES.

QUALIFYING STANDARDS (P) 1:59 (T) 2:02 - 2 YR. PACERS 2:03 - 2 YR. TROTTERS 2:06 - 3 YEAR OLDS ALLOWED 1 SECOND. 5/8TH MILE TRACK ALLOWED 1 SECOND. 1/2 MILE TRACK ALLOWED 2 SECONDS. THE N.J.R.C. RULE CHANGE FOR QUALIFIERS IS NOW CHANGED FROM 30 DAYS TO 45 DAYS IN N.J.

HORSEMEN...All participants must sign the **RACING APPLICATION** prior to racing at The Meadowlands. Classes not filling may be combined. Once entries close claiming prices may not be changed within an event. In "**PAID IN**" Events qualifying standards and eligibility are determined at time of declaration. PM wins are based on extended meets. Qualifiers are for horses that meet "Meadowlands Racing Standards." **You must enter the elimination races OR YOU ARE NOT ELIGIBLE TO THE FINAL.** Horses scratched from their last start outside of New Jersey may be required to qualify before racing in overnight events. Horses may be required to finish first through fifth before moving up in claiming price. (Exceptions will be made for claimed horses). Horses eligible to lower conditions that are entered in higher conditions may be declared non-competitive and left out of the draw. Foreign horses not fitting lifetime wins or money may be classified N/W \$10,000 for their first start. Stakes

and Early and Late Closers must have raced in 45 days. Qualifying Standards for All Races - clean charted line in last 45 days meeting track standards. Hambletonian/Hambletonian Oaks/Foreign Horses qualifying standards determined by Racing Secretary. All horses entering the grounds must have a Current Negative Coggins test. Vaccination against EHV-1 within the last 90 days is recommended. Horses shipping into New Jersey from out of state must have a health certificate within 30 days per federal law. SHAVINGS ARE NOT PERMITTED IN THE Paddock.

NERVED HORSES - To be compliant with NJ Racing Commission rule NJRC 13:71-20.23, It shall be the responsibility of the owner and/or trainer to report all "nerved" horses to the State or Associate State Veterinarian.

POST TIME - 7:15 P.M.

DRIVER CHANGES AND SCRATCH TIMES

<u>DRAW DAY</u>	<u>RACE DAY</u>	<u>SCRATCH TIME</u>
<u>TUESDAY</u>	<u>FRIDAY</u>	<u>WEDNESDAY 10:00 A.M.</u>
<u>TUESDAY</u>	<u>SATURDAY</u>	<u>THURSDAY 10:00 A.M.</u>

QUALIFIERS SATURDAY - DECLARE BY WEDNESDAY @ 10:00 AM

2 YEAR OLD RACES BEGIN SATURDAY JUNE 3. ENTER BY WEDNESDAY @ 10:00 AM

HORSES QUALIFYING AT THE MEADOWLANDS MUST MAKE THEIR FIRST START HERE

UNLESS GIVEN PERMISSION BY THE DIRECTOR OF RACING.

HORSES WHO ARE NOT STAKED AT THE MEADOWLANDS OR WHO ARE NOT GOING TO RACE

HERE WE REQUEST THOSE HORSES TO QUALIFY WHERE THEY WILL RACE.

2 YEAR OLDS WHO HAVE QUALIFIED TWICE IN TIME WILL BE EXPECTED TO RACE IN AN

OVERNITE RACE UNLESS EXTENUATING CIRCUMSTANCES EXIST. TRAINERS WANTING TO

QUALIFY A 2 YEAR OLD A THIRD TIME MUST BE GIVEN PERMISSION BY THE RACING SECRETARY.

N.J.R.C. Reminder: No Person is ever allowed on the racetrack to race or warm up without a safety vest.

Lasix information for 2017 Meadowlands Meet:

All horses racing on lasix must report directly to the back paddock and will be treated with lasix FOUR hours prior to post time of their race. Each horse must have a representative bring the horse to the designated treatment stall and witness the lasix administration.

Your horse will be scratched if late or if there is not a representative with the horse for treatment.

All horses entering the grounds Must have a Current Negative Coggins test in the Truck/Trailer

**ALL HORSES THAT STARTED 10 OR MORE TIMES AT PLAINRIDGE PARK IN
2016-17**

WILL RECEIVE A 20% ALLOWANCE ON EARNINGS IN ALL CONDITION CLASSES

Qualifiers will be held on Tuesdays at 1:00 P.M. - Box closes Monday at 9 A.M.

Qualifying Times: Pace 2:03- Trot - 2:05

2 second allowance for 2 and 3 year olds, and half mile racetracks.

Classification based on current year earnings will be at the discretion of the Race Secretary

All class drops will be at the discretion of the Race Secretary.

Any declaration may be rejected at the discretion of the Race Secretary

In events based on lifetime wins, post positions may be drawn to lifetime wins.

Classes may be combined in order to fill race cards.

**Every attempt will be made to race events on the advertised day but classes may moved in order to fill
and/or balance cards.**

ALL HORSEMEN MUST HAVE A SIGNED 2017 RACING APPLICATION FORM ON FILE WITH RACING OFFICE PRIOR TO QUALIFYING OR RACING AT PLAINRIDGE PARK CASINO. PLAINRIDGE PARK CASINO REQUIRES A COGGINS TEST VALID THROUGH 11/24/2017 TO BE ON FILE OR PRESENTED PRIOR TO ENTERING THE GROUNDS. ADDITIONAL HEALTH REQUIREMENTS MAY BE REQUESTED AT ANY TIME

Horses that made their last start at Saratoga will only be allowed to double drop in class at the discretion of the Race Secretary. Horses who made their last start at other venues will be considered on a case to case basis.

Wins will be counted on horses coming from Australia and New Zealand

**Horses entered in the wrong class may be classified at the discretion of the Race Secretary.

6-Year-Olds and up who fit on Lifetime Pari-Mutuel race wins will be classified at the discretion of the Racing Secretary.

** Alternate events will only be considered if said event did not fill with 9 eligible starters at time of entry. **

Claiming Authorizations need to be on file in the Race Office for ALL horses entered in claiming events.

Horses entered in the Winners-Over or Open Handicap can be moved within those classes at the discretion of the Racing Secretary.

NON-BETTING WINS AT A PARI-MUTUEL MEET WILL BE COUNTED.

EXCELSIOR B & COUNTY FAIR FINAL(from any state) WINS WILL NO LONGER BE COUNTED

Pari-Mutuel purses for \$2,000 or less will NOT count as a win.

Horses will not be permitted to enter for an optional claiming price if a straight claimer or claiming handicap of equal value is offered on the same day.

ANY HORSE THAT FAILS THE S.G.R. BLOODGAS TESTING (TCOS) GUIDELINES ESTABLISHED AND PERFORMED BY S.G.R. WILL BE SCRATCHED AS WILL ANY HORSE THAT IS DETERMINED TO BE IN VIOLATION OF NYSRWB RULE #4120.

To avoid being scratched and/or fined, the trainer of record should be in the paddock unless said trainer designates another trainer and both trainers have the proper insurance certificate on file with the commission. For any questions regarding this policy, please call the Judges at 518-581-5885 or the NYSRWB at 518-395-5400 Ext. 1701. Unless you have an approved worker's compensation policy filed, you must paddock the horse yourself.

Horses that made their last start at Saratoga will only be allowed to double drop in class at the discretion of the Race Secretary. Horses who made their last start at other venues will be considered on a case to case basis.

Wins will be counted on horses coming from Australia and New Zealand

**Horses entered in the wrong class may be classified at the discretion of the Race Secretary.

6-Year-Olds and up who fit on Lifetime Pari-Mutuel race wins will be classified at the discretion of the Racing Secretary.

** Alternate events will only be considered if said event did not fill with 9 eligible starters at time of entry. **

Claiming Authorizations need to be on file in the Race Office for ALL horses entered in claiming events.

Horses entered in the Winners-Over or Open Handicap can be moved within those classes at the discretion of the Racing Secretary.

NON-BETTING WINS AT A PARI-MUTUEL MEET WILL BE COUNTED.

EXCELSIOR B & COUNTY FAIR FINAL (from any state) WINS WILL NO LONGER BE COUNTED

Pari-Mutuel purses for \$2,000 or less will NOT count as a win.

Horses will not be permitted to enter for an optional claiming price if a straight claimer or claiming handicap of equal value is offered on the same day.

EXHIBIT 7

Leave horse race fund for the horses

Pot of gambling money is working as intended – for harness racing

IT'S BUDGET SEASON at the Massachusetts State House and once again this year there have been some efforts to raid the Race Horse Development Fund to help address the state's revenue shortfall. Proponents of this step argue that horse racing is a fading industry in Massachusetts and that gaming revenue placed in the fund could be better spent elsewhere.

What this argument fails to recognize, however, is that while the thoroughbred industry has fallen on hard times, harness racing is thriving in the Commonwealth. In fact, this April marked the beginning of this year's 125-day racing season, which represents a 56 percent increase in race cards over 2014, the year after purse payments funded by the Race Horse Development Fund began. Since that time, annual live racing wagers have increased by over \$10 million, live daily average wagers have increased by over \$60,000, and annual simulcast wagering has increased by more than \$3 million. These are hardly the statistics of an industry in decline.

CITING GROWTH, HARNESS INDUSTRY BIDS TO PROTECT RACE HORSE FUND

By Stephanie Murray

STATE HOUSE NEWS SERVICE

STATE HOUSE, BOSTON, JUNE 27, 2017....Key players in the state's horse racing industry want to keep their hands on state fund that they say ignited a "very swift renaissance" and positioned the state's harness racing industry as a competitive player in the Northeast.

Frank Antonacci, president of a racing stable in Connecticut, said the Massachusetts harness racing industry is an "overwhelming success story." For proof that the Race Horse Development Fund is a boon for horse racing, Antonacci said legislators should look to Plainridge Park Casino in Plainville.

"There have been a lot of headlines regarding the validity of the fund and what the future of the fund should be and that horse racing is dying, is dead in Massachusetts," Antonacci said. "Though thoroughbred racing has come upon hard times, ... there's a much greater story of harness racing that's alive and well and burgeoning in the commonwealth of Massachusetts."

The Harness Horseman Association of New England briefed lawmakers about the state's harness racing industry and the impact of the Race Horse Development Fund, which was created under the 2011 expanded gambling law and draws its revenues from wagering. The Senate proposed sweeping \$15 million from the fund for programming and operations for the Department of Agricultural Resources and the Department of Conservation and Recreation in its fiscal 2018 budget.

Right now, the fund fuels harness racing, also known as standardbred horse racing, at Plainridge Park Casino. The track saw a \$10 million increase in live handle since 2014 and another \$3 million increase from simulcasting, also known as live broadcasting, according to the United States Trotting Association.

"Every metric from handle to the amount of horses in the state to the amount of racing days in the state, all of these have grown in multiples," Antonacci said.

The fund is expected to grow when casinos open in Everett and Springfield and contribute a percentage of revenues like Plainridge Park Casino does.

In harness racing, the horse is driven by a driver in a two-wheeled cart referred to as a race bike or a sulky. In

6/27/2017

thoroughbred racing, a jockey rides the horse in a saddle. Antonacci breeds both thoroughbred and standardbred horses at Lindy Farms in Enfield.

"Right now with the infrastructure and the way things are in Massachusetts we made the decision our investment in the standardbred industry is where we want to be currently in Massachusetts," Antonacci said.

According to Antonacci, the state's harness racing industry directly employs 621 workers. Massachusetts-based horse breeders are on the rise -- the total number of breeders in the state increased from 56 to 74 in 2017. The state's population of female breeding horses, called Broodmares, nearly doubled from 65 horses in 2016 to 111 horses in 2017.

Antonacci said predictability in the gaming fund is important because a race horse is a five-year commitment for investors. If a breeder were to purchase a female horse at auction in November, that horse would be bred in April 2018. The horse would give birth in March 2019 after an 11-month gestation period, and the baby horse would not be ready to race until it is two years old in the summer and fall of 2021 and again at three years old in 2022.

If the fund were to be split up or used for another purpose, it could topple the state's growing harness racing industry, Antonacci said.

"It's dollars in, dollars out. It's pure economic supply and demand if there are less dollars to be had, we're going to look seriously at how we deploy our assets in Massachusetts. I think that's going to be lost jobs. I think you're going to be moving horses out of Massachusetts instead of in and I think you're going to see a contraction of the entire industry," Antonacci said.

The harness racing industry is based in Northeast and exists primarily in New York, New Jersey, Pennsylvania, Delaware, Maryland, Kentucky and Ontario, Antonacci said.

Plainridge Park will host the first Spirit of Massachusetts event July 28 which features a \$250,000 open trot, the largest purse ever offered for a standardbred race in the state. The purse will triple the \$81,000 Colonial Trot at Foxboro Park in 1995 and the \$75,000 Beckwith Memorial at Plainridge in 2009, the United States Trotting Association said.

The nation's largest horse track operator last week expressed interest in bringing thoroughbred racing back to Massachusetts.

Tim Ritvo, chief operating officer at the Stronach Group, told the News Service that his company has talked with George Camey, the owner of a former dog racing track in Raynham, about a potential partnership or lease. "We're very, very early in preliminary discussions," said Ritvo, whose company is also a supplier of pari-mutuel wagering technology. "There's no plans other than to say we're interested in the Boston market."

Stronach officials, who run Santa Anita Park, Pimlico Race Course and Gulfstream Park, have talked with Massachusetts Gaming Commission Executive Director Ed Bedrosian and Commissioner Gayle Cameron, Ritvo said.

END

06/27/2017

**REPLY MEMORANDUM BY FRANK J. FRISOLI TO THE HORSE RACING
COMMITTEE OF THE MASSACHUSETTS GAMING COMMISSION TO
POSITION PAPER OF STANDARDBRED INDUSTRY AND ECONOMIC IMPACT
STUDY OF THE INNOVATION GROUP REGARDING 2017 REALLOCATION OF
THE RACE HORSE DEVELOPMENT FUND**

In June, 2017 Position Papers were submitted by both the Thoroughbred Industry and Standardbred Industry Representatives of the Horse Racing Committee (HRC) of the Massachusetts Gaming Commission (MGC) addressing events that transpired in both industries since the HRC last voted in 2016 to revise the allocation of the Race Horse Development Fund (RHDF) so that 45% was allocated to the Thoroughbred Racing Industry and 55% to the Standardbred Racing Industry. The recommendation was accepted by the MGC and the funds of the RHDF have been so allocated, retroactive to January 1, 2016. Prior to that reallocation, 75% was allocated to the Thoroughbred Racing Industry and 25% to the Standardbred Racing Industry. This Reply Memorandum addresses the memoranda of the Standardbred Racing Industry in its submissions last month and provides an update on developments since the June 2017 report on the efforts of the Thoroughbred Industry to conduct annual meets of Thoroughbred Racing in Massachusetts.

2016 STANDARDBRED PURSES AT PLAINRIDGE

The present effect of the increased allocation of RHDF funding made as of January 1, 2016 was addressed in detail in the Thoroughbred Industry Report last month. As therein noted, Plainridge purses increased 70.6% in 2016 from 2015 purses paid. In 2016, with the 55% allocation, purses at Plainridge jumped even further to nearly 8 million dollars (from 4.2 million in 2015 and 2.468 million in 2014). As addressed in detail in the Thoroughbred Industry Report filed in June, 2017, as a result of this increased funding, in 2016 with the increased allocation of

55% of the RHDF to standardbred purses, *Plainridge actually paid purses equal to or greater than all other Standardbred Tracks for the level of competition of races conducted at Plainridge.* The ranking of Plainridge compared to other Standardbred Tracks improved significantly. As stated in the email from Steve O’Toole, Director of Racing at Plainridge (Exhibit 3 to the Thoroughbred Report) *“We are improving and it is good, however we are still in a competitive market area with Yonkers, Meadowlands, and Saratoga Harness all less than a 4 hour drive away and a much higher daily average of purses paid”.* As Mr. O’Toole notes *“Plainridge Purses were not competitive before 2014”.*

Exhibit 4 to the Thoroughbred Report filed last month (supplied by Mr. O’Toole as an attachment to his email response of June 23, 2017) reflected that in 2016, Plainridge paid total purses of \$7,954,092 during the 116 days it raced, averaging \$68,570 per day. The increased allocation of 55% of the RHDF resulted in an increase in total purses of 189% and an increase in the daily purse distribution of 171%. from 2015 purses. The increased allocation from the RHDF caused Plainridge to be competitive with the Top Tier of Standardbred tracks.

PROJECTED 2017 STANDARDTBRED PURSE FUNDING AT PLAINRIDGE

The submissions of the Standard Industry attempt, by distorting the facts, to establish a need for further increase in allocation of the RHDF to the Standardbred Industry. The Report of The Innovation Group recommends in its conclusion that the RHDF should now be split 75/25 in favor of the Standardbreds. It reaches this conclusion and bases its argument on several factual misrepresentations.

The Chart on page 21 of the Report of the Innovation Group purports to illustrate 2017 Estimated Purse Distributions and Relative Needs. It projects that Plainridge will require approximately 8.2 million in purse funding to maintain in 2017 the level of purses paid in 2016. It projects that funding available from the RHDF in 2017 to be 7.6 million. The Report alleges there will be a funding shortage of \$577,889 in 2017 if purses are to be paid at Plainridge in 2017 at the same rate in 2016.

This alleged funding shortage needed to maintain 2016 purse funding levels for 2017 does not exist. Actually there is a surplus that permits Plainridge to maintain its present purse structure that should result in Plainridge purses increasing to at least 9.3 million for 2017. This is an increase of 17% over 2016 purse funding. As addressed below in this memorandum, Plainridge has been recently paying purses at an even higher rate suggesting it projects purse funding to approach or exceed 10 million for 2017.

Although Requests were made to the MGC (Exhibit 8) by HRC Member Frank Frisoli for year to date distributions made to Plainridge Purses in 2017 and projected 2017 funding by the RHDF to Plainridge purses, the MGC response to these requests (advising to review information on the MGC website) did not provide the information sought. But the Report of the Innovation Group did estimate 2017 funding from the RHDF for Standardbred purses (assuming continuation of the present 55/45 allocation) at 7.6 million. The Thoroughbred Industry agrees this is a reasonable estimate of RHDF Standardbred purse funding for 2017 based on the present 55/45 allocation and information available at this time.

In response to a recent request from HRC member Frank Frisoli, Steve O'Toole, Director of Racing at Plainridge, advised that from January 1, 2017 through June 30, 2017,

Plainridge had *received* funding of \$3,040,897 from the RHDF. He proceeded (in response to the request made) to detail the other sources of purse funding year to date in 2017 that had been collected (Exhibit 9). Since total funding collected year to date for the first two quarters was \$3,765,007, funds of \$724,110 had been received from these other sources as of June 30, 2017 (Exhibit 9). The Innovation Group Report ignores the fact that at the time its report issued, an additional \$724,110 had already been collected for purses by Plainridge and more than 1.7 million from these sources is anticipated to be collected for purses in 2017 by Director of Racing Steve O'Toole (Comments of Mr. O'Toole on page 4 in the email stream of Exhibit 9). As funding from these sources varies from month to month, there is no reason to question the estimate of Mr. O'Toole made in his June 23, 2017 email a few weeks ago that this additional purse funding in 2017 will be slightly higher than the \$1,698,960 received in 2016.

So rather than a shortage of \$577,889 in 2017 (if purses are to be paid at Plainridge in 2017 at the same rate in 2016) as misrepresented in the Report of Innovation Group, there projects to be a surplus of more than 1.1 million dollars in purse funding if 2017 purses are paid at the same rate as 2016.

ACTUAL 2017 STANDARDBRED PURSE FUNDING AT PLAINRIDGE

Purse funding actually collected at Plainridge from January 1, 2017 through June 30, 2017 totaled \$3,765,007 yet through July 15, 2017 only \$3,371,385 had been paid during the 51 days of live racing that had been conducted (Exhibit 9). So there was a surplus in both the purse fund at Plainridge and in the RHDF of amounts allocated to Standardbreds (MGC Website) as of midyear. The fact that Plainridge management clearly anticipates there will be adequate funding

(based on the present split) to increase purses over 2016 levels is established by the purses paid to date at Plainridge. While for the first 51 days Plainridge paid purses at approximately the same daily rate as was paid in 2016 (Exhibit 9), recently the purses at Plainridge have dramatically increased. Exhibit 10 contains printouts from US Trotting Association website of the purses of the races run at Plainridge from July 6, 2017 through July 28, 2017. In those 14 days of racing, Plainridge paid purses totaling \$1,370,500 for an average of \$97,893. If that rate were maintained for the entire year of 2017, Plainridge purses for 2017 would exceed 10 million dollars. \$97,893 per day is 142% of the average daily purses paid at Plainridge in 2016.

The numbers may be a bit skewed by a purse of \$250,000 paid for one race, The Spirit of Massachusetts Trot being conducted on July 28, 2017. Exhibit 11 is a copy of the invitation issued by Plainridge to HRC Member Frank Frisoli for the inaugural running of this race. The fact that management decided to card and run this race for a purse of \$250,000 speaks volumes as to the assessment by Plainridge Management and the local Horsemen's Group as to the adequacy of 2017 funding for Plainridge purses. As set forth in the press release attached as Exhibit 7 to the June 2017 Report of the Thoroughbred Industry "*harness racing is thriving in the Commonwealth*". Its present purse funding is so good, that the industry decided to card and fund the Inaugural Spirit of Massachusetts Trot, a race intended to showcase and further promote Standardbred Racing in Massachusetts. If present purses were not as high and competitive with all other tracks, almost certainly this race would not have been conceived and conducted and the \$250,000 being paid as a purse in that race would have instead utilized to increase daily purse distribution.

Even if purses for July 28 are excluded from the analysis, in the 13 preceding racing days, purses of 1.013 million were paid for a daily average of \$77,923 that is about 114% of the

2016 daily average. Plainridge Management and Horsemen clearly anticipate at this time there will be funding in 2017 sufficient to pay daily purses in excess of the daily purses paid in 2016 even if the HRC declines to further adjust the present split at this time.

LIVE RACING HANDLE

As The Innovation Group Report notes, the increased purses at Plainridge had the desired effect of increasing live racing handle at Plainridge. Even with the increase however, the Standardbred share of total live racing handle was only 56% of combined live handle for Thoroughbreds and Standardbreds. As set forth in the Innovation Group Report, in 116 days of live racing in 2016, Standardbreds averaged only \$12,932 per day of live handle. In 6 days of live Thoroughbred racing in 2016, the daily average of live handle was \$195,864 (more than 15 times greater than the average Standardbred live daily handle). The difference in simulcast handle is even greater. The overwhelming majority of simulcast wagering in Massachusetts is on Thoroughbreds. This issue was addressed in detail in the Report of Dr. Margaret Ray prepared for the committee. It is reasonable to estimate that at least 90% of all simulcast wagering is on thoroughbred signals. Even at the Plainridge site on a day of live racing, most of the simulcast wagering is on Thoroughbreds. Plainridge simply fails to draw many patrons for its live racing programs as any visit to Plainridge will evidence.

UPDATE OF DEVELOPMENTS RELATIVE TO THOROUGHBRED RACING IN MASSACHUSETTS

Attached hereto as Exhibit 12 is a copy of an Article in the Daily Racing Form on July 25, 2017 addressing the interest of the Stronach Group in conducting live thoroughbred racing in

Massachusetts. The Stronach Group presently owns and operates thoroughbred racetracks in Florida (Gulfstream), Maryland (Pimlico), Oregon (Portland Meadows), and California (Santa Anita and Golden Gate) as well as a national account wagering company (Xpressbet). The Stronach Group is now moving forward on two fronts seeking facilities in Massachusetts to conduct thoroughbred racing.

As the DRF article notes, the discussions with the Carney family have addressed the possibility of conducting a 30 day thoroughbred race meet in 2019 at Raynham Dog track by building a thoroughbred race track of either 6/8 or 7/8 circumference with a grass course and barns for at least 300 horses. Most thoroughbred racetracks have a circumference of at least one mile with several of the most prominent tracks (such as Belmont) being considerably larger in circumference. But Raynham appears to lack sufficient land area to accommodate a conventional track.

More recently (not addressed in the DRF article), Stronach Group representatives have expressed interest in investing in the Horse Park which the NEHBPA has been seeking to create with legislation now being considered by the Massachusetts Legislature. Discussions by Stronach Group with the NEHBPA on that matter will continue. The Horse Park project would result in an annual Thoroughbred Race meet considerably longer than 30 days.

SUMMARY

The HRC, in its 2014 report following two years of careful review of facts, recommended that the MGC should draft regulations providing that the allocated amount for a breed that is no longer racing due to lack of racing facilities should be "*held in an escrow*

account for three fiscal years to allow for and encourage the development of new facilities to ensure the continued racing of that breed". Yet in 2016, the HRC revised the split to significantly increase the allocation to Standardbreds to 55% (from 25%) and reduce the thoroughbred allocation from 75% to 45%. The Standardbred Industry is now seeking an even larger share of the split despite the fact that "harness racing is thriving in the Commonwealth" .

Further revision of the split is inappropriate at the present time. There is absolutely no data available that indicates that the Standardbred Industry requires additional funding. In fact, to the contrary, all present data evidences that Standardbred racing at Plainridge has flourished and is competitive with all other Standardbred tracks. As detailed previously in the June 2017 Thoroughbred Industry Report and in this Reply Memorandum, Plainridge is paying higher purses than virtually all other tracks for races at the same level of competition, has increased purses by approximately 17% above the 2016 funding level, is now paying purses that annualize to more than 10 million and is spending \$250,000 of purse funds for the inaugural Spirit of Massachusetts Trot being conducted on July 28, 2017.

In stark contrast to the prosperity of current Standardbred Racing in Massachusetts in 2017, 2017 Massachusetts Thoroughbred racing remains on life support. There will be on 6 live racing dates for thoroughbreds in 2017 at the three Suffolk Downs festivals, Suffolk Downs has been sold and will soon be developed, and the Massachusetts Breeders are struggling to fund and conduct races restricted to Thoroughbreds bred in Massachusetts.

The Horse Park legislation was filed and is being considered by the Legislature. The recent increased interest of Stronach Group in Massachusetts racing has resulted in active negotiations that could revive the Thoroughbred Industry. Especially since the Standardbred

Industry is clearly thriving, the HRC should maintain the present allocation until the Legislature has acted on the Horse Park legislation and the Stronach Group's interest in Raynham and the Horse Park has had time to develop. The present Thoroughbred Allocation should be maintained and escrowed so that it will be available to fund the creation of a Horse Park or a site at Raynham that will revive thoroughbred racing in Massachusetts. The HRC should table further discussions of revision of the split until early 2018 when it will be in a more reasonable position to evaluate the respective needs of both the Thoroughbred Industry and the Standardbred Industry. Massachusetts General Laws Chapter 23K, Section 60 was intended to provide funding to both the Thoroughbred Racing Industry and the Standardbred Racing Industry in a manner that would cause both industries to thrive, thereby improving the Massachusetts economy and preserving jobs and open space. The HRC has an obligation to address the relative needs of both the Standardbred and Thoroughbred Industries and allocate RHDF funding in a manner that advances both Industries. Further reduction of the Thoroughbred Allocation is not appropriate at this time as the Thoroughbred Industry continues to seek a venue in Massachusetts appropriate to conduct thoroughbred racing.

.Respectfully submitted

Dated July 27, 2017

Re: Request for Public Records

Dear Atty. Frisoli:

The Massachusetts Gaming Commission ("Commission") has received your request for records under the Massachusetts Public Records Law, G.L. c. 66, section 10. Pursuant to your email dated July 12, 2017, you requested the amounts released to standardbred purses and if the Commission has or can estimate or project the approximate total that is likely to be paid to Plainridge purses in 2017. Please be advised that pursuant to M.G.L. c. 23K, § 60 and 205 CMR 149.00, 80% of the funds approved by the commission shall be paid weekly to a harness and horse racing association. You can find the current status of the RHDF on our website at <http://massgaming.com/about/horse-racing/>. Please be advised that the Commission is unable to estimate or make projections for payments to purses.

If you object to the Commission's response to your request, you may appeal to the Supervisor of Public Records in accordance with M.G.L. c. 66, §10A(a). In addition, you have the right to seek judicial review of an unfavorable decision by commencing civil action in the Superior Court pursuant to M.G.L. c. 66, §10A(c). If you have any questions, please do not hesitate to contact me at (617) 979-8478, or cecelia.porche@state.ma.us.

Very truly yours,

Subject: Re: Massachusetts Gaming Commission - Request for Public Records - RESPONSE (FRISOLI)

Cecelia

With your assistance (thank you) I did access the MGC website and secured information as to the distributions from the RHDF in 2017 through 6-15-17 to the standardbred industry. The website data indicated 12.982 million of the GGR and 2.170 million of of licensing fees has been distributed from 1/1/17 through 6/15/17 to the standardbred industry.

As the distributions for each breed include distributions for purses, for benefits, to Breeders and for administration expenses, it appears the data on the website does not identify the portion paid to standardbred purses.

So I inquire as to the amounts released to standardbred purses at Plainridge in 2017 year to date. Please specify the date through which the total is reported.

I also inquire as to whether MGC has or can estimate or project the approximate total that is likely to be paid to Plainridge purses in 2017 based upon anticipated revenue streams.

As I indicated, I believe this information sought is critical to evaluation of the need for funding of standardbred purses now being reviewed by the HRC.

Thank you

Steve O'Toole
Director of Racing, Plainridge

I am following up on the email below I sent you last week.

The HRC of the Mass Gaming Commission is reviewing funding from the RHDF for purses at Plainridge. it would be very helpful to the HRC if you could provide the total purses paid year to date (specifying the date) at Plainridge and the number of racing dates and races run for that period. I also seek the funding received through that date for purses from the RHDF and the funding received through that date from other sources.

Thank you for your anticipated assistance in this matter.

Subject: Information sought for HRC
Importance: High

Mr. Steve O'Toole
Plainridge

Thank you for returning my call. As I advised you, I am a member of the Horse Racing Committee of the Massachusetts Gaming Commission. The HRC has been reviewing the impact of the increased funding of Standardbred purses by the Race Horse Development Fund. Sometime ago I was provided with detail of total purses and racing days of the standardbred tracks for the year 2015 as set forth in the attached file. I now seek updated information for 2016 and comparable information for 2014 if readily available.

Please find attached the 2016 Purses Paid and Race Days in the same format as you requested.

HRC Member Peter Goldberg offered to assist me in gathering data related to meets conducted at other Standardbred racetracks in Eastern United States. But Mr. Goldberg and I were unable to access this data so I am seeking your assistance. I assume that Plainridge has access to data that permits a comparison of racing at Plainridge to other standardbred track.

Specifically, I seek data for standardbred race tracks for the years 2014, 2015 and 2016 as to:

A. Number of racing days during the year at each track

Supplied

B. Total Purses (or daily average) paid at each track for live Standardbred racing

Supplied

C. Source and amount of funding of Purses at each track for live Standardbred racing.

Every jurisdiction is different and I do not access to such detailed data.

D. Maximum Purse paid at each track for a single race excluding Stakes races

Access to data is not readily available

E. Minimum Purse paid at each track for a single race

Access to data is not readily available

F. Schedule of Purses paid for the different race conditions of races commonly run.

Condition Sheets

<http://horsemen.ustrotting.com/conditions.cfm>

G. Total simulcasting wagering at each track on Standardbreds for the year

Access to data is not readily available

H. Total simulcasting wagering at each track on thoroughbreds for the year

Access to data is not readily available

I. Daily average at each track of simulcasting wagering on Standardbreds for the year

Access to data is not readily available

J. Daily average at each track of simulcasting wagering on Thoroughbreds for the year

Access to data is not readily available

I acknowledge that some of this information may not be readily available to you and am not asking you

or your staff to undertake the task of compiling it. Rather I ask you to provide such information you have that can be easily provided and direct me to other sources that are likely to have access to the data. I believe that since 2015, purse funding at Plainridge was 100% from the RHDF. If this is not the case, please advise as to the other sources of purse funding and amounts received for 2016 and projections for 2017.

Plainridge purses have NEVER been funded 100% by the RHDF. Statutory percentages of Import Simulcasts, Statutory Outs, Statutory Premiums and Statutory percentages of Live Handle remain at the same level as before expanded gaming licenses were awarded. By contract with our horsemen the agreed upon percentages of Export Simulcasting are also added to RHDF monies to make up the ebb and flow of the entire Purse Account at Plainridge. What may have you confused is that in contrast, since the discontinuation of a full schedule of live races at Suffolk Downs the statutory requirements there have been relaxed to a fraction of what was in place where it almost seems like the entire amount of purses paid at Suffolk is derived from the RHDF.

In 2016, \$1,698,960 was added to the Purse Account from the above sources.

For 2017 we anticipate a slightly higher contribution from those sources due to an increase in import, export and live handle.

You advised me that each track issues on a weekly basis a schedule of races to be conducted in the following week that is used by Horsemen to determine when and where to enter their horses. I seek a copy of such a recent schedule issued for Plainridge and instructions as to accessing such schedules over the Internet for Plainridge and other tracks. In the Thoroughbred Industry, Condition books are published and accessible at the website of each track that set forth races proposed for the next month or so. As Horsemen frequently look at races at tracks other than where they are stabled for races that may be more appropriate for some of their horses, I assume that the prospective schedule of races at each track is available online.

All condition sheets may be found here;

Condition Sheets

<http://horsemen.ustrotting.com/conditions.cfm>

The schedule of purses paid for different race conditions at the different standard tracks is critical to determining the funding required to cause Plainridge to be competitive with other standardbred tracks. I assume Purse funding in the standardbred industry is based on level of competition with the more valuable standardbreds racing for higher purses. When a review was conducted several years ago, it appeared to me that Plainridge purses paid for the level of races conducted at Plainridge were only slightly inferior to purses paid at virtually all other standardbred tracks for races of horses of comparable valuable. Since there has been a significant funding increase at Plainridge, purses paid based on level of competition should be now more than competitive with other standardbred tracks, especially since it appears a significant portion of the standardbred races now being run at Plainridge are restricted to horse that previously competed at that track.

Plainridge purses were not competitive for years before 2014. Determining value is a sliding scale and goes hand in hand in the purse structure that can be raced for. As evidenced by the report you requested, Plainridge still ranks in the bottom half of the list for purses paid on a daily basis at approximately \$69,000 per day. With the funding increase, we have been able to offer higher competitive events as evidence by the increase in handle and participation by horsemen. The conditioned races for previous years starters is not an indication of inferior talent past, present or future. I feel we have been very creative and use the funding increase to every horsemen's benefit. An indication of our efforts is the growing size of our participating stables and influx of new talent in our racing program. We are improving and it is good, however we are still in a competitive market area with Yonkers, Meadowlands and Saratoga Harness all less than a 4 hour drive away and a much higher daily average of purse paid. So I seek your comments on this issue and any additional data that may be available which is pertinent to assessing the present ability of Plainridge to attract and reasonably compensate horsemen to race at Plainridge. I inquire as to whether Plainridge in 2016 and 2017 scheduled (and ran) races for more valuable horses than it did in 2015. I inquire whether conduct of better races has increased the handle, both live and simulcast.

The minimum claiming price has doubled and the higher claiming races have been attracting more entries and

filling more regularly. That would suggest that horses racing at Plainridge today are more valuable than in previous years.

Your comments on these matters are solicited and will be appreciated

Thank you for your assistance.

Stronach Group mulling plans for Massachusetts racing

By [Matt Hegarty](#) (/news/matt-hegarty)

Shigeki Kikkawa

Stronach Group executive Tim Ritvo has met with owners of a defunct greyhound track to discuss the possibility of expanding the facility into a Thoroughbred racetrack.

The Stronach Group has asked the Massachusetts state legislature to give the state gambling commission more power to change simulcasting and account-wagering laws in order to pave the way for a proposed partnership on a Thoroughbred meet at the defunct Raynham greyhound track in 2018, an official of the company said on Tuesday.

Tim Ritvo, the chief operating officer of the racing division of The Stronach Group, said he made the request to several state legislators and the racing commission after meeting with George and Chris Carney, the owners of the greyhound track, earlier in the day. Ritvo said the intent of the request was to enable The Stronach Group to control simulcasting in the state and guarantee that the company receives a cut from wagering made at other simulcasting sites and through account-wagering companies that compete with XpressBet, The Stronach Company's own account-wagering company, if the company operated a meet at Raynham next year.

"It's hard to go back and change law,"

Ritvo said. "The [gambling] commission can take a look at that and move a lot more quickly. And the main intent is to make sure that the people who are putting on the show, the track owners and the horsemen, that they get a share of all the simulcasting money."

The meetings on Monday were the continuation of informal discussions between Ritvo and the Carney family over a Thoroughbred meet at Raynham, which is located in the southeastern part of Massachusetts, near the border with Rhode Island. The track has not held live greyhound racing since 2010, when a referendum outlawing greyhound racing when into effect, though the facility has remained open as a simulcast parlor since then.

[:: Christmas in July! Take 20% off PPs, Clocker Reports, and more \(http://www.drf.com/xmas?utm_source=xmasinlink&utm_medium=content&utm_campaign=July31\)](http://www.drf.com/xmas?utm_source=xmasinlink&utm_medium=content&utm_campaign=July31)

Like most greyhound tracks, Raynham has a three-eighths-mile dirt track and no facilities for the on-site stabling of horses. Both Ritvo and Chris Carney, the son of George Carney, said that the goal would be to build out a six-furlong or seven-furlong racing surface at the facility and construct barns for approximately 300 horses. The discussion Tuesday centered on the possibility of a 30-day meet, both said.

Chris Carney said that he did not know how much it would cost to upgrade the dog track for a horse meet, but he noted that the installation of a five-eighths track at the Brockton Fairgrounds in 2001 cost \$5 million. The Carney family also owns Brockton.

"We didn't get too deep into the [the costs], but we did talk about going to the state for some money from the Race Horse Development Fund to do it," Carney said.

The Race Horse Development Fund had collected \$15 million in fees from casino operations by the end of the commission's fiscal year in June, 2016, according to the commission's annual report, and it was expected to collect at least that much in the next fiscal year, meaning that the fund currently has \$30 million in it. The development fund was created when the state passed legislation allowing for casino gambling, and by law it is supposed to provide subsidies for purses and breeder awards.

Ritvo said that there could be "creative ways" to use the Race Horse Development Fund to pay for the renovations, such as allowing The Stronach Group to retain a larger share of the pari-mutuel handle if the fund were used to provide all of the money for purses at the meet. He also said that the fund could be used to directly provide money for "capital improvements" at racetracks, as is the case in Maryland, where The Stronach Group owns two tracks.

"That would be great," Ritvo said. "We'd hope that they look at all of the options that are available."

The New England Horsemen's Benevolent and Protective Association is also hoping to use the fund to provide a backdrop for its plan to build an equine center that would hold race meets in the future. That organization does not support the plan to hold races at Raynham, contending that the proposal would sap energy from its own efforts to build the new facility.

Officials at the racing commission did not respond to a request for comment on Tuesday.

The commission's annual report also noted that total pari-mutuel handle in the state in fiscal year 2016 was estimated at \$200 million, largely through wagering on simulcast signals. That is a rough estimate of the size of the pari-mutuel market in the state, relevant to The Stronach Group's request to control simulcasting operations in the state and obtain a cut of betting through other account-wagering companies.

"It all comes down to the legislature," Ritvo said. "How do we run a 30-day meet a year from now and make it profitable? It's up to them to work with us to do that."

**Position of the Standardbred Industry Regarding the
2017 Reallocation of the Race Horse Development Fund**

Pursuant to M.G.L. c. 23K §60(b)

Background

From August of 2012 through October of 2014, the Horse Racing Committee (“HRC”) of the Massachusetts Gaming Commission (“MGC”) held numerous public meetings, reviewed reams of documents, hired industry experts, commissioned an academic based study, invited and received public comment and heard well-reasoned arguments from both the Standardbred (“SB”) industry and the Thoroughbred (“TB”) industry. Through its exhaustive research, discussion and debates, the HRC formally sent its recommendation to the Mass Gaming Commission on October 24, 2014. After plugging in all of the applicable *metrics* as required by the Massachusetts Gaming Statute, the HRC recommended to the MGC, by a vote of 3-2, a split of the Race Horse Development Fund (“RHDF”) of 75% to the Massachusetts TB industry and 25% to the Massachusetts SB industry. It is important to note, that even with the numbers as they were in 2014, the two (2) dissenting voters had offered their opinions that the split should have been more equitable. Both HRC dissenters opined that more than 25% should have been allocated to the SB industry.

In 2016 the HRC began discussions regarding its responsibility to the residents of the Commonwealth to review the allocation (split) of the racehorse development fund (RHDF). After much research, review, discussion and debate, the HRC voted 4-1 to reallocate the RHDF split to 55% to the Standardbreds and 45% to the Thoroughbreds. This reallocation was accepted by and then made retroactive back to January 1, 2016 by the Mass Gaming Commission.

Much discussion was had at the HRC meetings of the potential change to the future racing landscape in Massachusetts. There was never any certainty as to whether or not *either* industry would be able to survive the current business/economic climate. Confirming this, **both** industries, early on, made it clear to the MGC that *if they* (Suffolk Downs & Plainridge Racecourse) did **not** receive a gaming license, **living racing would cease for that industry in Massachusetts**. In August of 2013, the applicant for the Class 2 license at Plainridge Racecourse, Ourway realty, was found “**not suitable**” by the MGC. Things looked awfully bleak for the SB industry before Penn National Gaming came onto the scene. After Penn National was awarded the Class 2 gaming license, a new life was breathed into Standardbred racing in Massachusetts. **As a condition of this license, living racing not only had to continue at Plainridge, but they had to increase the number of live race days for the next three (3) years.** Obviously, the legislature, after researching and debating the gaming law for many years, determined that **more live racing days was beneficial to the Commonwealth of Massachusetts**. Live racing days have distinct direct and indirect financial benefits to the Commonwealth. It was certainly clear to the Massachusetts legislature that more live racing days meant more financial benefit to the Commonwealth.

One of the major discussions from August 2012 through October of 2014 at the HRC was the number of live race days. In 2014 the TB's raced 62 days and the SB's raced 80 days. **The decision made by the HRC to revisit the split on an annual basis was in large part because of the potential change to the live horse racing landscape in Massachusetts.** The number of live race days was a major consideration during these discussions. Of course, more live racing days means higher total handle, **more employment days**, more food and beverage sales, more security, more veterinarians, more blacksmith's, more feed being sold, more hay, more taxes being paid to the Commonwealth...and the list goes on. **The TB industry always claimed that they were going to race as many days as the SB Industry in Massachusetts.**

The facts and the numbers do not lie. The facts and numbers are clear and cannot and ***must not*** be ignored by the HRC. The Massachusetts' horseracing landscape shifted dramatically beginning with the 2015 racing season. In 2015, the SB's raced 100 days and the TB's merely 3. In 2016 the SB's raced 115 days and the TB's a mere 6. **The gaming statute has not been changed.** The criteria to be looked at and analyzed by the HRC have not changed. Only the metrics are changing. The split between the TB industry and the SB industry in Massachusetts **must** be reallocated once again to keep the intent and directive of the legislature and the gaming statute alive and to continue the benefits to the residents of the Commonwealth of Massachusetts provided by **more live horseracing.**

The HHANE commissioned an industry leader, The Innovation Group of New Orleans, LA to obtain the data as required, and perform an analysis consistent with M.G.L. c. 23K § 60 (b) and what has been directed by the HRC in our recommendation to the MCG in October 2014. After performing this analysis, it is quite clear that there needs to be another reallocation of the RHDF *split*. The numbers from 2014 to 2015 changed quite dramatically and the numbers from 2015 to 2016 continue to move in a direction favoring a larger portion of the RHDF to the SB Industry. The numbers basically "flip-flopped," from 2014 – 2015 and this trend now continues. The SB Industry continues to be the commanding "leader" in **all** of the categories which the TB Industry led when the original split was decided. (The Innovation Group report is attached hereto and is hereby incorporated by reference and made a part of this SB position paper).

Purses

In 2014 the TB industry awarded \$6,929,400 in purses compared to \$2,268,300 for the SB industry. Thus the **TB industry awarded 75.34%** of the total purses in 2014. In 2015, the SB awarded \$4,210,636.00 as compared to \$1,620,200 for the TB. Thus, **in 2015, the SB industry awarded 72%** of the total purses in Massachusetts! In 2016, the Standardbred Industry in

Massachusetts awarded \$7,954,092 in purses as compared to \$2,735,900 by the TB's. Thus, in 2016 **the SB industry awarded 74%** of the total purses in Massachusetts! This represents a complete and undeniable "flip-flop" in favor of the Standardbred industry in 2015 which has continued in 2016. Furthermore, some of the purses awarded by the Thoroughbred Industry in 2016 were ***actually raced outside of Massachusetts, in upstate New York***. Races run outside of Massachusetts obviously do not provide **the same economic benefit to Massachusetts as those raced within Massachusetts**. **Each and every Standardbred race and dollar paid out in purses was raced in Massachusetts in 2015 & 2016!**

Employment Numbers

There has been a real difficulty in calculating actual employment numbers for many reasons. First, the number of actual W2 employees at Plainridge *decreased* from 2014 to 2015, but **not** because there were less employees, but because Penn National Gaming took over much of the actual day-to-day workload in Plainridge. Furthermore, Suffolk Downs shows 131 W2 employees in 2015, however, since they only raced 3 days, these employees could not have made much of an economic impact on the Commonwealth. Finally, when we include the 1099 recipients of both facilities, the picture becomes clear: 561 total employees at Plainridge and 283 at Suffolk Downs. In 2013, the same calculations were: 511 for Plainridge and 714 for Suffolk. So, in 2013 **the TB has 58.3% of the employees while the SB industry had 41.7%**. In 2015, **the SB had 66.47% of the employment compared to 33.5% for the TB industry**. The numbers in 2016 are even more difficult to measure. As of 2015 the MGC allowed owners, drivers and trainers to obtain a 1 year, 2 year or 3 year license. The figures provided by the MGC **only indicate licenses actually issued that year**. In other words, if an owner applied for and received a 3 year license in 2015, this owner would **not** appear as an "Occupational Licensee" in 2016! The MGC has indicated to me that it cannot provide the actual numbers of owner, trainer or driver licenses that were actually in effect in 2016. In a report which was sent to the SB Industry just yesterday (June 26, 2017), the MGC indicated:

****This does not include multi-year licenses paid for in previous years. At Plainridge many licensees have taken out multi-year licenses.**

In any event, the occupational numbers are again skewed in favor of the SB Industry when we consider the number of live race days for each Industry. It is simple math to compare the positive economic effects on the Commonwealth of trainers when, even if you take the numbers provided by the MGC of "licenses issued" to trainers in 2016, SB – 154 & TB – 145. One must consider the economic effects upon the Commonwealth of 154 SB trainers racing 115 days in Massachusetts and training their horses for a period of approximately ten (10) months compared

to the 145 TB trainers who ship their horses into Massachusetts to race for two (2) days at a time, three (3) times per summer. There is **obviously** a much greater economic benefit to the Commonwealth from **154 SB trainers racing 115 days and stabling/training for 300 plus days** as opposed to the 145 TB trainers racing a grand total of six (6) days in Massachusetts!

Relative Needs of the Industries

This was *conceded* by the TB industry in 2014 as being “equal.” The TB industry has, however, continually miscalculated and misled the HRC in its calculations regarding what purse structure is needed by the SB Industry to compete in its region. In 2015, **even with its 25% share of the RHDF allocation**, Plainridge had the fourth **lowest** average purse per race of all the Northeast tracks that it competes with. Plainridge awarded total purses that were **Ten Million (\$10,000,000.00) dollars lower** than the average in the region. This, in spite of the fact that Plainridge Park was *required by law* to race virtually the same number of days as these other tracks (110 versus a 113 day average). Even **after** receiving the 25% from the RHDF, the SB industry’s needs remained significant.

In 2015, after receiving 55% of the RHDF, the SB purses increased to \$7,954,092. While this was a substantial increase, and the SB Industry stakeholders are extremely thankful to the HRC, MGC and the legislature for the increased funding, the additional purse monies received by the SB Industry **only moved Plainridge Park Racecourse up to 14th (out of 23 tracks) in the northeast region for average “purse per race.”** Thus, **even after receiving 55% of the RHDF last year, Plainridge remained in the lower half of the racetracks in the northeast region.** When we look at the “average purse per card (or race day),” Plainridge moves even further down the “standings” to number 19 out of 23 racetracks in the northeast region.

Conversely, the TB Industry awarded an average of \$400,000.00 a day in 2015. The six (6) days raced by the TB’s in 2016 required \$2,735,900.00 (\$455,983.33 per day). In 2017, the TB’s are again only slotted to race six (6) days! Its needs for purses will certainly be met by the monies provided to the purse fund via simulcasting proceeds and live handle proceeds. Furthermore the TB industry currently has **unspent funds in its purse account well in excess of this amount.** Even if they were to not receive a single penny from the RHDF, what they put into the purse account from monies earned from simulcasting, live handle and other sources, the TB would in fact, need **absolutely no money** from the RHDF for years to come.

Additionally, the TB Industry currently has approximately \$12,000,000 escrowed for purses from its prior RHDF allotments. This money alone, with the simulcasting and other purse enhancement monies would allow the TB Industry in Massachusetts to race at its current level for over ten (10) years, without receiving another penny from the RHDF!

Live Racing Handle

The chart on page nine (9) of The Innovation Group report succinctly illustrates this metric. Quite simply, in **2014 the TB Industry led with 81%** of the total live racing handle to 19% for the SB Industry. In **2015 the SB Industry led with 63%** of the total handle to 37% for the TB industry. In **2016 the SB Industry continues to lead with 56% of the total live handle** generated on track in Massachusetts. The “per card” live handle for Plainridge has increased steadily the past three (3) years. The “per card” live handle for the TB Industry continues to **decrease** each year. What was once a huge metric “in favor” of the TB Industry has changed to a metric that clearly favors the SB Industry in our discussion.

Breeding and Training Farms

It is extremely important to point out that this criteria calls for “**breeding and training farms,**” not merely “Farms that house a thoroughbred or a standardbred.” Surveys aside, the best and most accurate way to measure breeding farms is to look at actual foals born each year for each industry. The actual physical farm themselves do not vary too much from year to year for each, but the residents (stallions, mares, foals) of those facilities does. The Innovation Group chart on page ten (10) of the attached report clearly shows a **continuing** positive trend for Massachusetts bred SB foals. Increases from 2014 to 2015, from 2015 to 2016 and *again* in 2017 are **proof of a positive trend in SB breeding**. In 2014 there were 36 foals born in Massachusetts. In 2015 that same number was 48. In 2016 there were 51 foals born.

In 2014 the Massachusetts Thoroughbred Breeders Association listed 20 foals born in 2014. That number in 2015 was 6. In 2016 the MTBA listed **only three (3) mass bred foals born and registered**.

So in 2014 the SB industry had 64.3% of the Mass bred foals compared to 35.7% for the TB industry. In 2015 the SB industry had 89% compared to 11% for the TB. **In 2016 the SB Industry had 94% compared to 6% of the mass bred foals for the TB Industry.**

Discretionary Criteria

A review of these metrics has been done and is a part of the Innovation Group report attached hereto. Much of this data goes hand-in-hand with the above-mentioned 5 statutory criteria. The most telling of these, and by far the most discussed in the first two (2) years of the HRC analysis is **live race days**. In 2014 the Standardbreds raced 80 days and the Thoroughbreds 62. This calculated to 56% for the SB’s and 44% for the TB’s. In 2015 the numbers were 100 days for the SB’s and only 3 days for the TB’s. This calculates to 97% for the SB and 3% for the TB. In 2016 the Standardbreds raced one hundred and fifteen (115) days (as legislatively mandated) and

the TB's raced a total of six (6) days. 95% of the live horse races in Massachusetts in 2016 were Standardbred harness races!

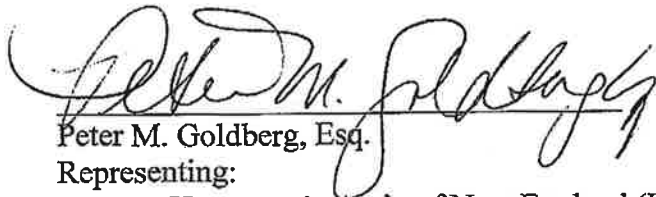

It must also be remembered that while the SB's are racing 115 days (and 125 days in 2017), the race season is from early April through November. While horse generally take a well-deserved break after the season, most of them will "winter" on Massachusetts' Farms and start back up training (to get ready for the next year's season) in mid-January to early February. This adds up to an "active" season of approximately ten (10) months **in Massachusetts** for the SB racehorses. During this "season," the horses are not only racing, but training on almost a daily basis. While racing, most SB racehorses will race on a weekly basis, and "jog" or "train" approximately 4 or 5 other days of the week. SB horse racing is a labor intensive endeavor, which relates to a strong positive economic effect upon the Commonwealth.

The rest of the discretionary criteria are much of the same and can be reviewed in the final pages of The Innovation Group report.

Conclusion

The law that the HRC has been charged to follow **has not changed**. The numbers do not lie. A thorough and in-depth review of the changes in the applicable metrics bear out **only one conclusion: the Standardbred Industry in Massachusetts needs, deserves, and is required by law to get its fair share of the RHDF. The TB Industry already has "escrowed" enough purse money to race for years to come.** The SB Industry, while doing well and improving still needs additional funds to continue this trend, especially with **the additional live race days this year!** That "fair share" would be a percentage much greater than was recommended to the MGC in 2016. In fact, the research and calculations are clear, to do what the law requires and what the citizens of the Commonwealth of Massachusetts deserve, the hard-working horsemen and women of the Massachusetts Standardbred Industry should receive, the full amount (100%) of the RHDF for 2017.

INTRODUCTION

The Innovation Group was commissioned by the Harness Horseman's Association of New England (HHANE) and the Standardbred Owners of Massachusetts, Inc. ("SOM") to assess the economic impacts of the Standardbred horseracing industry in Massachusetts, specifically in regard to the six criteria established by the Massachusetts Horse Racing Committee for the distribution of the Race Horse Development Fund ("Fund" or "RHDF").

The Expanded Gaming Act of 2011 allocated a percentage of gaming revenue from future licensed facilities to a Race Horse Development Fund to support the state's racing industry and established a Horse Racing Committee ("Committee") to recommend to the Massachusetts Gaming Commission ("Commission") how the funds will be allocated between the Thoroughbred and Standardbred segments. The law set forth five minimum criteria that the Committee was to evaluate:

- 1) The average purses awarded at Thoroughbred and Standardbred racing facilities;
- 2) The total employment numbers, both direct and indirect, attributable to each horse racing industry;
- 3) The relative needs of each horse racing industry for increased purses;
- 4) The amount of the live racing handle generated by each horse racing industry;
- 5) The number of breeding and training farms of each industry that are located in the Commonwealth.

In 2014, the Commission accepted the Horse Racing Committee recommendation to distribute 25% of the Fund to the Standardbreds and 75% to the Thoroughbreds. The Committee's final report also recommended to reassess the split on an annual basis and included a sixth category of criteria—such as number of live race days and number of stallions, mares, and foals residing in Massachusetts—to be considered in subsequent reviews.

The Commission can only change the distribution percentage upon a recommendation by the Committee. In June 2016, the Horse Racing Committee voted four to one, to revise the split to distribute 55% of the Fund to Standardbreds and 45% to Thoroughbreds. The Commission accepted the Committee's recommendation and made the split retroactive to January 1, 2016.

The primary focus of this report is to reassess the economic impacts of the Standardbred industry relative to the Thoroughbred industry based upon the six criteria. The report concludes with a recommendation to the committee for the most appropriate distribution of gaming revenue for horseracing based upon the direct impacts that both segments currently have on the Commonwealth and the future outlook on relative needs of the Standardbreds to accommodate the additional mandatory race days in 2017.

The RHDF gaming contributions totaled \$14 million in 2016, with 96% or \$13.4 million dedicated to purse supplements.¹ Standardbreds received \$7.4 million in supplements while awarding nearly than \$8 million in purses, a deficit of \$600,000. The situation for Thoroughbreds was reversed, with \$6.0 million in supplements contrasted with just \$2.7 million in purses awarded, leaving a balance of over \$3.3 million in their account from 2016 alone.

RHDF 2016			
	Total	Standardbreds	Thoroughbreds
Total Fund	\$13,952,578	\$7,673,918	\$6,278,660
Purse Supplements	\$13,394,474	\$7,366,961	\$6,027,514
Purses Awarded		\$7,954,092	\$2,735,900
Balance		-\$587,131	\$3,291,614

Source: Mass Gaming Commission; The Innovation Group.

Based on gaming revenue at the Plainridge Casino through April, the Fund for 2017 is estimated to total over \$14 million, with \$13.8 million in purse supplements.

In 2016 Standardbreds remain the dominant segment of the Massachusetts horse racing industry. The Standardbred segment accounts for either the large or the vast majority of the key criteria that drive economic benefits for the Commonwealth, including 74% of purses awarded, 56% of live handle, 95% of races, and 58% of Mass-bred starters.

¹ The RHDF monies for the Standardbred and Thoroughbred industries are allocated 80% to overnight purses and 16% to breeders which are used to fund the restricted race purses.

ANALYSIS OF THE FIVE STATUTORY CRITERIA

This section compares the two horse racing segments regarding the five statutory criteria. Overall, with the decline in operations at Suffolk Downs in 2015, the ratios between Standardbred and Thoroughbred impacts flipped in favor of the Standardbreds. In 2016, the Standardbred industry accounted for 74% of purses awarded, 95% of races, 56% of live racing handle, and 60% of employment.

1) Purses

Due to the revised split of the RHDF, total purses awarded in Massachusetts reached \$10.7 million in 2016, up 84% from the year prior. The Standardbreds awarded over **74%** of total purses in Massachusetts for the year, compared to **26%** by the Thoroughbreds. These percentages represent the current distribution of purses between the two segments. The split between the two segments has completely reversed since 2013 when the Thoroughbreds awarded over 81% of the total purses for the year.

In 2016, the total number of races held annually increased in Massachusetts for the first time in four years. While Thoroughbreds contributed to the annual increase, nearly 85% of the additional 170 races were held by the Standardbreds at Plainridge. Each year the Standardbreds hold more races than the last, reaching nearly 1,100 races in 2016 and representing 95% of the total annual races in Massachusetts for the year. The average purse per race for Standardbreds has doubled in 2016 from the previous year due to the increased split from the RHDF. Although this had a positive direct effect on Standardbred breeding in Massachusetts, the state continues to rank last in the Northeast region for total purses awarded to restricted races. Total Purse trends for Massachusetts horse racing are shown in the following table.

Total Purses Awarded at Races						
		Standardbred	% Share	Thoroughbred	% Share	Total
Total Purses	2013	\$2,131,739	19%	\$9,277,664	81%	\$11,409,403
	2014	\$2,574,902	26%	\$7,425,874	74%	\$10,007,426
	2015	\$4,210,636	72%	\$1,620,200*	28%	\$5,830,836
	2016	\$7,954,092	74%	\$2,735,900*	26%	\$10,689,992
Number of Races	2013	780	52%	720	48%	1,500
	2014	736	57%	560	43%	1,296
	2015	949	96%	36	4%	985
	2016	1,092	95%	63	5%	1,155
AVG Purse per Race	2013	\$2,733		\$12,886		
	2014	\$3,499		\$13,260		
	2015	\$4,437		\$45,006		
	2016	\$7,284		\$43,798		

Source: Mass Gaming Commission Annual Reports; The Innovation Group

*Note: 2015 & 2016 Total does not include purses awarded at Finger Lakes

Both horse racing segments in the Commonwealth participate in restricted races, those that are open only to Massachusetts Bred horses. The Standardbred industry held more than three times the number of restricted races than Thoroughbreds throughout the 2016 season, although the total purses awarded by Standardbreds were only twice the amount of the Thoroughbreds. The increase in funds from the RHDF has greatly benefited the local Standardbred industry, as average purse per restricted race for Standardbreds has doubled annually from \$9,941 in 2014, to \$20,013 in 2015, to \$38,873 in 2016.

2016 Restricted Race Purses				
	Standardbred	% Share	Thoroughbred	% Share
Total Purse	\$1,243,930	65%	\$675,000*	35%
Number of Races	32	78%	9	22%
AVG Purse per Race	\$38,873		\$75,000	

Source: Mass Gaming Commission Annual Report, The Innovation Group

*Note: 2016 Total does not include \$75,000 in purses awarded at Finger Lakes

Excluding the number of restricted races and their purses from annual totals, the Standardbred industry awarded **77%** of all purses for the 2016 season for an average \$6,330 per race compared to **23%** for the Thoroughbred industry.

2016 Total Purse - Without Restricted Races				
	Standardbred	% Share	Thoroughbred	% Share
Total Purse	\$6,710,162	77%	\$2,060,900	23%
Number of Races	1060	95%	54	5%
AVG Purse per Race	\$6,330		\$38,165	

Source: Mass Gaming Commission Annual Report, The Innovation Group

Pertinent to the economic impact accruing to the commonwealth is the distribution of purses to Massachusetts starters. As detailed in section 6f later in the report, Standardbreds earned 60% of the total earnings for Mass-bred starters in Massachusetts.

2) Employment Impacts

Direct employment in the horse racing industry is a broad and extensive network involving racetrack operations as well as the breeders, trainers and owners of race horses. Breeders, trainers and owners often perform a combination of these activities and as a sector can be collectively termed “racing enterprises.”

Racing enterprises expend the vast majority of the revenue they earn in the local economy in the ordinary course of business. For instance, the racing operations employ trainers, assistant trainers, horse grooms, farm/ranch workers, drivers/jockeys, exercise riders and administrative personnel. Additionally the industry relies to a large degree on service providers as contract labor for such

things as farrier, pony persons, veterinary services, and transportation services. Other expenditures include horse purchases, stallion fees, trainer fees, veterinary services, stabling charges, blacksmith services, tack/groom supplies, transportation costs, insurance and administrative costs. The trainer fees often include day fees (horse care expenses) related to such things as vitamins, medical equipment, medical prescriptions, groom and hot walker wages, exercise rider wages, and feed and bedding (hay/straw).

The ultimate source of this extensive economic activity are purses. Purses provide the revenues that drive the racing operations sector. Currently, the Thoroughbred segment lacks the full-time infrastructure—i.e., a fully operating racetrack—for distributing purse awards. In fact, although the segment’s share of the purse enhancements from the RHDF was \$6 million in 2016, given the dearth of races only \$2.8 million in purses were awarded in total.

It should be noted that economic multipliers from the Bureau of Economic Analysis or IMPLAN do not distinguish between the Standardbred and Thoroughbred segments. To derive the indirect and induced impacts, the direct impacts would be multiplied by the same amount for the Standardbred and Thoroughbred segments. Therefore, for the purpose of this employment comparison, direct employment is sufficient.

The most valid method for the purpose of comparing direct employment in the two segments is to utilize the same data source. Utilizing different data sources or methodologies can result in invalid comparisons. For the purpose of this analysis we have utilized occupational license data from the Massachusetts Gaming Commission. It should be noted that this includes out-of-state license holders but that caveat applies equally to both segments, with roughly 30% of licensees in employment categories residing in-state. Additionally, training and breeding farms employ stable help that are not licensed.

Occupational Licenses 2016		
	Standardbred	Thoroughbred
Apprentice Jockey		4
Assistant Trainer		35
Authorized Agent		2
Blacksmith	3	2
Driver	109	
Exercise Rider		9
Jockey		51
Pony Person		8
Racing Official	11	20
Reimbursement	1	
Stable Employee	121	78
Track Employee	14	1
Trainer	154	145
Valet		7
Vendor	14	22
Vendor Security		13
Veterinarian	2	2
Total	429	399
Share	51.8%	48.2%

Source: Mass Gaming Commission

Based on the information provided by the Massachusetts Race Horse Committee, in 2016, the ratio was relatively even between the Standardbred and Thoroughbred segments at 52% and 48% respectively. However, this does not adequately portray the Standardbred and Thoroughbred industries, as the total occupational licenses listed above only represent those *issued* in 2016 not the *total active* licenses for the season. Although the Massachusetts Gaming Commission allows for multi-year licensing options for up to three years, they currently have no way to track the annual licenses that are in effect for the season.

With an 8-month racing season and adding in a ninth or tenth month for arrival and preparation, harness racing in Massachusetts effectively represents a permanent economic impact to the Commonwealth. Out-of-state horses that are stabled at Plainridge for the season bring economic impacts to the Commonwealth for more three-quarters of the year, whereas the induced impact of out-of-state racing teams at Suffolk are highly temporary, lasting just a few days a year.

There were 19 times the number of race days for the Standardbred segment in 2016. In other words, economic impacts from spending by out-of-state racers and from direct racetrack employment are magnified 19 times in favor of the Standardbreds.

This magnification could be at play for the 123 Thoroughbred W2s reported in a memo issued by the Racing Division from May 2017. Given that Suffolk Downs had officially closed all racetrack operations as of October 2014 and conducted only 6 days of live racing in 2016, it is difficult to assess what level of employment the 123 represents considering the track had 183 W2 employees in 2014, a full race season. The 55 W2 employees at Plainridge represent permanent, year-round employment. Furthermore, the 55 is not a full account of employees who work at the racetrack since a number of departments—including housekeeping, finance, and food and beverage—were consolidated by Penn National Gaming into the overall property operations. In 2014, prior to the opening of the casino, Plainridge Racecourse reported 127 W2s.

2016 Employees		
Employees	Standardbred	Thoroughbred
W2	55	123
1099	566	302
Total	621	425
<i>% Share</i>	59%	41%

Source: Horse Racing Division Revised Memo to Mass Gaming Commission

Given all these caveats and complicating factors, W2s—in the absence of data showing total annual compensation paid out—do not provide a valid apples-to-apples comparison of the economic impacts generated by racing-related employment. The result of the occupational license comparison, although imperfect, would be the most valid measurement given the available data. However, given the limitations discussed above regarding active versus issued licenses for the 2016 season, we have no method to quantify racing-related employment for each sector. At minimum, we estimate that the Standardbred segment in terms of employment contributes in excess of two-thirds of the economic impact of the racing industry to the Commonwealth due to the distribution of licenses and employment in addition to length of the racing season by sector.

3) Relative Needs for Increased Purses

Plainridge race track competes with 22 other harness tracks in the Northeast region of the country. All regional competitors receive purse supplements from casino operations in their respective states, with the exception of New Jersey.

In 2015, Plainridge had the fifth lowest average purse awarded per race at \$4,436, up only slightly from 2014 when they were the lowest of the region. The total purses awarded at Plainridge in 2015 was \$10 million lower than the regional average despite the fact that Plainridge raced close to the same number of days as the regional average (113).

However, following the adjusted split in RDHF distributions, Plainridge is no longer one of the least competitive tracks. The 2016 season resulted in an average purse per race at \$7,284, nearly double the 2015 average. Plainridge currently ranks 14th among the 23 regional competitors for average purses, although total annual purses awarded remains *\$7 million below* the regional average.

2016 Northeast Harness Race Tracks

Rank	Track	State	Track			Purses	Avg. Purse per Race	Avg. Purse per Card

If we compare Plainridge to only those tracks of a similar size (5/8 mile - F), the track ranks 7th of all ten competitors in the Northeast compared to 2015 when they ranked the lowest. The total annual purse for Plainridge nearly doubled from the previous year, though was only half of the NE average for the 2016 season (\$14.9 million).

State	Restricted Purses	% of Total Purses	Total Purses
PA	\$17,962,727	19%	\$93,689,094
NY	\$16,799,178	16%	\$108,068,137

Source: US Trotting Association; The Innovation Group

Although the redistribution has allowed the Standardbred industry to double the purses awarded for restricted races in 2016, Massachusetts still has the lowest total allotment for resident owners in the Northeast. Massachusetts currently uses 16% of their total purses for restricted races, only slightly lower than the regional average of 18%. This further supports the need for increased purses to the Standardbred industry from the RHDF.

By contrast, as noted previously, the Thoroughbred segment was unable to distribute the supplements it *received* in 2016 under the new RDHF split and currently has an unexpended fund balance of \$12.1 million. This is far greater than the \$2.8 million in purses forecasted for the Thoroughbred's 2017 meets. Therefore, it could be argued that the Thoroughbred segment does not require any purse supplements for 2017.

	Casino Revenue & Fees**	Amount Distributed	Balance in Fund
Thoroughbred	\$19,778,583.56	\$7,683,584.93	\$12,094,998.63
Standardbred	\$13,046,658.02	\$10,885,487.37	\$2,161,170.65
Totals	\$32,825,241.58	\$18,569,072.30	\$14,256,169.28

Source: Mass Gaming Commission

*Total account includes payments and distributions through February 2017

**Gaming license fees and gaming revenue sharing payment (9% of Plainridge GGR)

4) Live Racing Handle

Live racing handle at Plainridge increased from 2015, giving the Standardbred segment **56%** of

all live racing handle in the Commonwealth. Overall, because of the precipitous drop at Suffolk Downs, total live handle in Massachusetts declined by 66% in 2015, but rebounded slightly this year to \$2.7 million. Live handle is preferred over simulcast export since a larger share is retained by the racetrack and the state.

Live Racing Handle					
	Standardbred	% Share	Thoroughbred	% Share	Total
2014	\$1,108,715	19%	\$4,789,715	81%	\$5,898,430
2015	\$1,253,511	63%	\$746,497	37%	\$2,000,008
2016	\$1,500,125	56%	\$1,175,183	44%	\$2,675,308
C.A.G.R 2014-16	16%		-50%		16%

Source: Mass Gaming Commission Annual Report, The Innovation Group

The 16% annual increase in Standardbred live handle shows how the purse supplements have made a positive impact and reversed a long-standing trend of declining live handle that has afflicted horse racing in general and Plainridge in particular. Live handle at Plainridge peaked in 2003 at \$4.3 million before dropping dramatically to just \$1.1 million prior to purse supplements from the slot machine funding. Meanwhile, despite receiving 75% of the RHDF for 2014 and 2015, Suffolk has seen a decline in purses awarded as well as live handle generated.

5) Breeding and Training Farms

The Standardbred Owners of Massachusetts (SOM) is recognized by the Commission as the official organization for Massachusetts standardbred breeding program. The SOM provided the following statistics on horses in the program from the 45 farms registered with the Massachusetts Department of Agriculture Resources (DAR). While the DAR is the designated state agency responsible for farm registration, they were unable to provide a list of farms by activity. Therefore, there may be a greater number of farms in Massachusetts that participate in breeding and/or training programs for the standardbred industry.

The US Trotting Association is the sole issuer of registration documents for Standardbred horses, which must first be registered with the USTA (by law) before being eligible to race in North America— or to subsequently be used in the Standardbred breeding industry. The USTA has confirmed 219 individual USTA members in Massachusetts and 65 stables, farms, and/or corporations. Again, while this number may not be wholly representative of the Standardbred farms in Massachusetts it does provide a minimum number of farms.

Standardbred Breeding Program Statistics

Year	Breeders	Broodmares	Stallions	Yearlings	Two Year Olds	Three Year Olds	Mass Bred Starters (all ages)	Mass Bred Starts	Mass Bred Earnings (all ages)
2014	56	44	2	49	49	23	84	1,076	\$1,428,886
2015	68	56	1	36	47	49	94	1,198	\$2,320,551
2016	72	65	1	48	35	44	97	1,376	\$2,661,912
2017	74	111	0	51*	49	35			

Source: Standardbred Owners of Massachusetts, Inc. *Estimate as of May 15, 2017

Data was not publicly available for the Thoroughbred industry according to the Massachusetts Thoroughbred Breeders Association (MBTA). However, the MBTA allows for members to advertise their farms on the association's website. According to the list, there are **19** Thoroughbred farms that are self-classified as breeding farms.

ANALYSIS OF THE DISCRETIONARY CRITERIA

As noted, under Section 6) the Committee provided a list of other criteria “consistent with the statute, including but not limited to”:

- a. Pool size;
- b. Field size;
- c. Number of live race days and total races;
- d. Number of Mass-bred starters;
- e. Number of Mass-bred starts;
- f. Amount of Mass-bred purses earned;
- g. Number of restricted Mass-bred races;
- h. Number of W2 and 1099 employees;
- i. Capital expenditures to racing facilities;
- j. Gross terminal revenue on live race days vs. non-live race days at the Category 2 Gaming Facilities;
- k. Number and types of occupational licensees;
- l. Number of stallions, mares, and foals residing in Mass;
- m. Number of breeders registered with relevant breed organizations;
- n. Number and average sale price of MA- bred horses sold at public auction;
- o. Such other criteria consistent with the statute.

The following sections assess these criteria where data is available.

a. Pool Size

In pari-mutuel betting, all bets for a particular race are placed together in a pool where payouts are calculated by sharing the pool amongst winning bets. The average pool size is determined by taking the total handle (live and exported) placed on races for the year divided by the number of races. Standardbred races typically have lower pari-mutuel handles than Thoroughbreds, and thus lower pool sizes. In Massachusetts, the average pool size for Thoroughbreds increased slightly (2%) in 2016 from the previous year as the number of race days doubled from 3 to 6, though pool size remains low due to underperformance of the industry. As for Standardbreds, the upward trend in average pool size is a result of a greater increase in total handle relative to the increase in number of race days.

Average Pool Size		
	Standardbred	Thoroughbred
2014	\$10,442	\$77,637
2015	\$14,688	\$67,744
2016	\$16,493	\$69,095
% Change '14-'16	26%	-6%

Source: Mass Gaming Commission; The Innovation Group

b. Field Size

Field size is calculated as the average number of horses participating in a race. In general, it is widely accepted that field size is positively correlated to wagering pools and racing handle. As the number of horses participating in a race increases, the probability of each horse winning decreases thus creating more betting options and winning chances for punters.² In 2016, the average field size was nearly identical for both Standardbred and Thoroughbreds. The Thoroughbred field size declined from 8.1 and is closer to the national average reported by the Jockey Club at 7.59 in 2016.

Field Size		
	Standardbred	Thoroughbred
2015	7.0	8.1
2016	7.2	7.4

Source: Mass Gaming Commission Annual Report

c. Live Race Days and Total Races

In 2016, the Thoroughbreds had a minimal number of race days and races for the season due to the loss of a licensed track in Massachusetts. The Thoroughbreds were able to secure six race days at Suffolk Downs, holding 63 races. In comparison, the Standardbreds raced 1,092 races over 115 live race days for the 2016 season comprising **95%** of races and race days in Massachusetts.

Following approval by the Massachusetts Gaming Commission, the NEHBPA has contracted again with Suffolk Downs to host 6 live race days (3 2-day festivals) for the 2017 season. If we assume the same number of races as done in the 2016 season, the Thoroughbreds will hold at least 63 races for the 2016 season or **5%** of all races in the Commonwealth. In addition, it is worthwhile to note that the Massachusetts Thoroughbred Breeders Association announced plans for restricted races to be held in neighboring New York State at Finger Lakes race track. The economic impacts of racing out of state are minimal compared to hosting events in state.

The Standardbred industry has committed to 125 race days for the 2017 season extending from April through November. If we assume that Plainridge will continue to host at least 9 races per live race day as done in the previous 3 years, the Standardbreds will hold at least 1,125 races for the 2017 season or **95%** of all races in the Commonwealth.

² Punters are defined as a person who places a bet.

Live Race Days and Number of Races

		Standardbred	% Share	Thoroughbred	% Share
2014	Racing Days	80	56%	62	44%
	# of Races	736	57%	560	43%
2015	Racing Days	105	97%	3	3%
	# of Races	949	96%	36	4%
2016	Racing Days	115	95%	6	5%
	# of Races	1,092	95%	63	5%
2017	Racing Days	125	95%	6	5%
	# of Races	1,125*	95%	63*	5%

Source: Mass Gaming Commission Annual Report; *Note: the 2017 season # of races were estimated using a minimum of 9 races per live race day based on historical trends for Standardbred and assumed to remain at the level performed in 2016 for Thoroughbreds

d. Mass-bred Starters

The following table displays the number of Massachusetts bred horses that started a race in 2016, not limited to restricted races. The number of starters in the Commonwealth was identical for the two segments back in 2013; however, since then the number of Thoroughbred starters declined as the number of Standardbred starters simultaneously increased. Standardbred starters currently comprise **58%** of all Mass-bred starters in Massachusetts.

Mass Bred Starters				
	Standardbred	% Share	Thoroughbred	% Share
2013	77	50%	77	50%
2014	84	54%	73	46%
2015	94	59%	66	41%
2016	97	58%	71	42%

Source: Jockey Club 2016 Massachusetts Fact Book Report;
Standardbred Owners Massachusetts Inc. Breeding Statistics

e. Mass-bred Starts

The average number of starts per Standardbred starter is more than double that of a Thoroughbred starter with every Standardbred starting an average of 14.2 races per year. Despite having only 58% of the starters, the total number of starts for Standardbreds comprised **75%** of all starts in the Commonwealth for 2016.

Number of Mass-Bred Starts & Average Start per Starter				
	Standardbred	% Share	Thoroughbred	% Share
2013	1,052	71%	440	29%
2014	1,076	69%	485	31%
2015	1,198	75%	394	25%
2016	1,376	75%	459	25%
2013	13.7		5.7	
2014	12.8		6.6	
2015	12.7		6.0	
2016	14.2		6.5	

Source: Jockey Club 2016 Massachusetts Fact Book Report;
Standardbred Owners Massachusetts Inc. Breeding Statistics

f. Mass-bred Purses Earned

Of Mass-bred horses, Standardbreds earned nearly \$1 million more in purses than Thoroughbreds. Standardbreds earned **60%** of the total earnings for Mass-bred starters in Massachusetts for 2016.

Purses Earned by Mass-Bred Starters				
	Standardbred	% Share	Thoroughbred	% Share
2013	\$2,430,606	76%	\$751,821	24%
2014	\$1,428,883	65%	\$779,666	35%
2015	\$2,320,551	67%	\$1,153,099	33%
2016	\$2,661,912	60%	\$1,745,343	40%

Source: Jockey Club 2016 Massachusetts Fact Book Report;
Standardbred Owners Massachusetts Inc. Breeding Statistics

g. Restricted Mass-bred Races

The number of restricted races in the Commonwealth for Standardbreds remained at 32 from the previous year, and remained at 9 for Thoroughbreds. The out-of-state restricted races held by Thoroughbreds at Finger Lakes are not included in 2015 & 2016 totals.

Restricted Races by Industry		
	Standardbred	Thoroughbred
2014	21	8
2015	32	9
2016	32	9

Source: Mass Gaming Commission Annual Report and Memo

h. W2 and 1099 Employees

The number of employees that support horse racing in Massachusetts is broken into two components, full and part-time employees that were issued W2's from racetrack operations and contract employees that were issued 1099 forms from racetrack operations.

Given that Suffolk Downs had officially closed all racetrack operations as of October 2014, the number of W2 employees for 6 days of live racing in 2016 seems high considering the track only had 183 W2 employees in 2014 during a full race season. Plainridge on the other hand experienced a drop in W2 employment from 2014 as racetrack operations merged with the Plainridge casino when the category II facility opened in July 2015. A majority of the 127 employees performing racetrack functions in 2014 such as housekeeping, finance, and food and beverage were absorbed by Penn National Gaming. The 55 W2 employees at Plainridge represent permanent, year-end employment.

Using the numbers presented by the Horse Racing Division, the current distribution of employment in Massachusetts is **59%** for Standardbreds and **41%** for Thoroughbreds.

2016 Employees		
Employees	Standardbred	Thoroughbred
W2	55	123
1099	566	302
Total	621	425
% Share	59%	41%

Source: Horse Racing Division Revised Memo to Mass Gaming Commission

i. Capital Expenditures to Racing Facilities

In 2016, Plainridge invested at least \$0.5 million in capital expenditures to enhance horse racing facilities. The following is a non-exhaustive list of capital improvements to race track operations at Plainridge.

Projects Completed (2016)

- Race Paddock Renovation
- Ship-In Barn
- Infield Video Display
- Track Equipment
- Outdoor Trackside Seating

Projects for 2017

- Outdoor Concessions & Furniture
- Infield Fencing
- Track Equipment

j. Impact of Live Racing on Gross Terminal (Slot Machine) Revenue

The impact of live racing on gross terminal revenue cannot be estimated due to the lack of available data from gaming facilities on daily slot machine revenue.

k. Occupational Licensees

Many of the employment positions for both horse racing segments require licensure by the Massachusetts Gaming Commission. The license categories differ according to employment by each segment, with fees associated by license type. However, it is important to note that these numbers do not reflect the number of persons employed by each segment.

	Standardbred	Thoroughbred
2014	1,120	1,413
2015	1,081	570
2016	1,649	1,088

Source: Mass Gaming Commission Annual Report

*Does not include multi-year licenses paid for in previous years.
At Plainridge many licensees have taken out multi-year licenses.

It is important to note that the Massachusetts Gaming Commission does not include all occupational licenses in the year-end totals listed above. The following table displays the total occupational licenses issued in 2016, itemized by type. The total number of occupational licenses issued has increased in 2016 for both segments though Standardbreds were awarded 50% more than Thoroughbreds.

2016 Issued Occupational Licenses

	Standardbred	Thoroughbred

Source: Massachusetts Gaming Commission, Horse Racing Division

1. Resident Stallions, Mares, and Foals

The data presented on the number of resident stallions, mares and foals was only available for horses registered through each industry's breeders association. Thoroughbred statistics from the Jockey Club's annual Fact Book did not indicate any breeding horses (stallions or mares) resided in the Commonwealth for 2016 nor any foals for the year. It is important to note that this data may not be wholly representative of the industry as many breeders may have chosen not to register for the year given the limited racing season. The Massachusetts Department of Agriculture Resources (DAR) noted differing statistics than those compiled in the table below, again based upon the number of registrants. The DAR had 6 registered stallions of which were bred to 15 mares in 2016, resulting in 15 registered foals.

In comparison, the Standardbred Owners of Massachusetts (SOM), the official breeding association for the Commonwealth, reported significantly higher breeding statistics for the two years that data was available for Thoroughbreds. The total number of registered mares was more than double the number reported by the Jockey Club in 2014 and more than eleven times the amount in 2015.

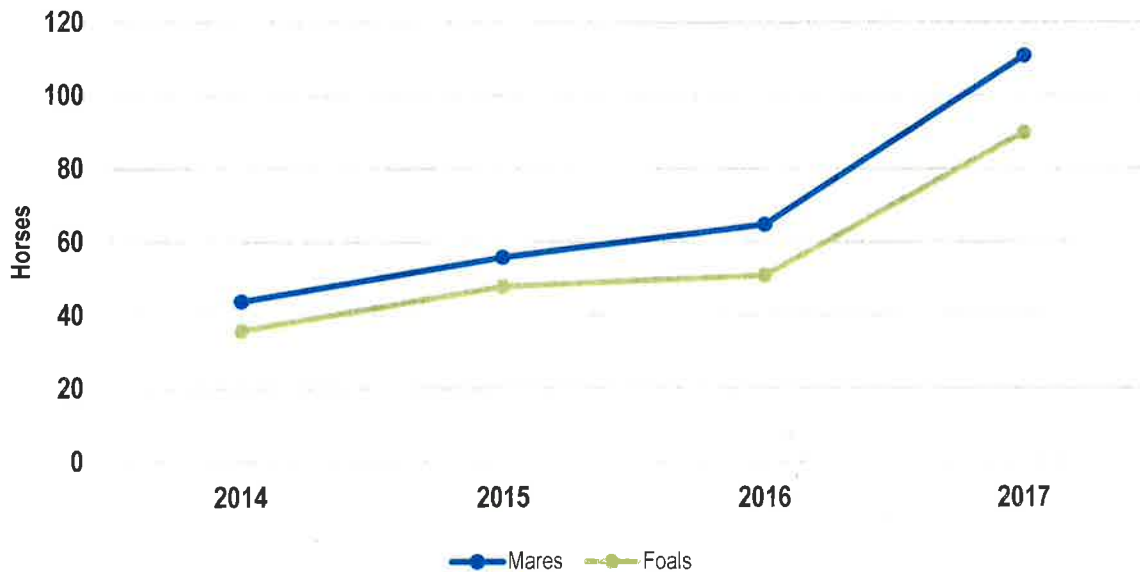

The SOM also reports the number of foals in a given year by using the number of registered yearlings from the following year. For example, in 2015 SOM received 36 registrations for yearlings therefore the number of foals in 2014 is 36. Although this number is accurate, the actual number of foals may have been larger as some do not live through their infancy. While the total number of foals is not yet available for 2016 given the late registration period, to date 51 mass-bred foals have registered with SOM indicating that the Standardbred breeding program is rapidly expanding in the state.

Registered Breeding Horses			
		Standardbred	Thoroughbred
2014	Stallions	2	8
	Mares	44	23
	Foals	36	26
2015	Stallions	1	2
	Mares	56	5
	Foals	48	9
2016	Stallions	1	0
	Mares	65	0
	Foals	51*	0
2017	Stallions	1	
	Mares	111	
	Foals		

Source: Jockey Club 2017 Massachusetts Fact Book Report;
 Standardbred Owners Massachusetts Inc. Breeding Statistics
 *Note: Yearlings registered as of 5/15/2017, actual year total may be greater

Early statistics from SOM confirms this, with 111 broodmares registered in the Mass Bred program for 2017, up 70% from the previous year. If the year-over-year trends are consistent, the Standardbreds could expect upward of 90 registered foals for 2017.

Massachusetts Standardbred Breeding Statistics 2014-2017*

Source: Standardbred Owners Massachusetts Inc. Breeding Statistics *2017 Foals estimated based on number of registered Mares

m. Registered Breeders

The Standardbreds have registered 72 breeders with the Standardbred Owners of Massachusetts for 2016, 4 more than in 2015 and 74 are already registered for 2017. The increasing number indicates that the demand for Massachusetts Standardbred horses is improving. Data was not publicly available for the Thoroughbred industry.

Registered Massachusetts Breeders

	Standardbred	Thoroughbred
2014	56	N/A
2015	68	N/A
2016	72	N/A

n. Mass- bred Horses Sold at Auction

As noted previously, the Standardbred breeding industry has been improving over the past few years as demand for Mass-bred horses increases. The Standardbred Owners of Massachusetts (SOM) compiled a list of the eligible yearlings, two-year olds and three-year olds that were sold at major public auctions from 2014-2016. The Mass-bred horses were sold through one of four major auctions, the Standardbred Yearling Sale in Pennsylvania, Lexington Selected Yearling Sale in Kentucky, Morrisville Yearling Sale New York and Ohio Selected Jug.

Sale prices for the 15 Mass-bred horses totaled **\$777,500**, for an average of \$51,833 per horse over the three-year period. The Perfect Lindy which sold for \$320,000, was the sixth most expensive yearling sold at auction in 2014.³ The following table shows statistics for the Mass-bred Standardbred horses sold at public auction.

Massachusetts Bred Standardbred Horses Sold (Public Auction)

Year (Age)	Name	Sex	Sire	Dam	Auction Sale	Price
2014	The Perfect Lindy	C	Credit Winner	Highscore Kemp	2014 LEX	\$320,000

No records were found of Mass-bred Thoroughbred horses that were sold at auction over the past three years through leading Thoroughbred auction houses, Fasig-Tipton and Keeneland Inc.

³ United States Trotting Association. "The Trotting and Pacing Guide" 2014, pg 212.
http://www.ustrotting.com/trackside/tpg/pdf/2015/TP2015_203-216_BreedingSales.pdf

CONCLUSION

The Standardbred industry has shown an increase in all performance indicators for 2016 and continues to contribute the **large majority** of economic impacts to the Commonwealth.

The redistribution of RHDF funds in favor of Standardbreds for 2016 had a positive effect on the racing industry in Massachusetts. It allowed the Standardbreds to nearly double the amount of purses awarded from the previous year, increasing the average purse per race by **64%**. This increase made the industry slightly more competitive in the Northeast region which led to an increase in field size, pool size and wagering (live and total handle). The increased purse sizes have also led to an expanded breeding program in the Commonwealth, nearly doubling the number of registered broodmares in 2017 and their potential foals.

Although the redistribution has allowed the Standardbred industry to double the purses awarded for races in 2016, if the status quo remains (55/45 split), there are not enough funds remaining in the account to accommodate the additional race days required for Standardbreds let alone increase the average purse per race. As shown in the table below, current gaming revenue statistics from Plainridge show expected 2017 payments to the RHDF estimated at \$14.4 million with \$7.9 million distributed to Standardbreds and only \$7.6 million available for purses. This falls \$0.6 million short of the purse funds needed for the 2017 racing season, \$8.2 million. The opposite situation is true for the Thoroughbreds, with only \$2.7 million needed and \$6.2 million available.

However, if the RHDF split was adjusted to 75% for Standardbreds and 25% for Thoroughbreds, both industries would be able to accommodate the 2017 purses needed while still increasing their average purse per race.

2017 Estimated Purse Distribution and Relative Needs

	Total	Standardbred	Thoroughbred
2017 Gaming Revenue*	\$160,281,443	-	-
Payments to RHDF (9% GGR)**	\$14,425,330	\$7,933,931	\$6,491,398
2017 Number of Races		1,125	63
2016 Average Purse Per Race		\$7,284	\$43,427
Total Purses Needed		\$8,194,463	\$2,735,900
2017 Purse Funds Available		\$7,616,574	\$6,231,743
Balance		-\$577,889	\$3,495,843
Split changes to 75/25		\$10,818,997	\$3,606,332
2017 New Funds Available		\$10,386,238	\$3,462,079
2017 New average purse per race		\$9,617	\$57,243

Source: Mass Gaming Commission; The Innovation Group; *Based on Annualized Plainridge GGR through April 2017

**Utilizing current 55/45 split

Furthermore, the Thoroughbreds had a total of \$12.1 million unexpended funds in their RHDF account as of February 2017. While the Thoroughbred industry has expressed a desire to utilize

those funds to build an equestrian center, the current laws do not allow the use of this fund for this purpose.

RHDF Totals*			
	Casino Revenue & Fees**	Amount Distributed	Balance in Fund

Totals	\$32,825,241.58	\$18,569,072.30	\$14,256,169.28

Source: Mass Gaming Commission; *Total account includes payments and distributions through February 2017

**Gaming license fees and gaming revenue sharing payment (9% of Plainridge GGR)

Therefore, it is our conclusion, given the increased relative need of Standardbreds to accommodate mandatory race days, the \$12.1 million of unexpended funds in the Thoroughbred account and proven effects of the 2016 redistribution had on the Standardbred industry and local economy, it is our recommendation that in 2017 the RHDF should be split to **75/25** in favor of Standardbreds to reflect the direct impacts that each industry currently has on the Commonwealth of Massachusetts.

STANDARDBRED INDUSTRY REPLY TO 2017 TB POSITION PAPER

The Massachusetts Thoroughbred Industry (TB) presented a position paper to the Horse Racing Committee on June 30, 2017 outlining its argument in favor of maintaining “the present allocation until the legislature has acted on the proposed horse park legislation.” (TB Position Paper p. 1). Much of the argument made by the TB Industry is supported by outdated information, inaccurate information and irrelevant information.

The Horse Racing Committee has an obligation to **neither the TB Industry nor to the Standardbred Industry (SB)**. Our committee has a statutory obligation to the citizens of the Commonwealth of Massachusetts. We are charged by existing law, to follow the law and to make a recommendation to the Massachusetts Gaming Commission on the split of the Race Horse Development Fund (RHDF) between the TB Industry and the SB Industry in Massachusetts. The law requires us to look at and analyze a minimum of five (5) criteria in order to determine the split of the RHDF which by providing a needed financial supplement to each industry will increase and maximize the economic and agricultural benefits to the Commonwealth.

Prior to the Horse Racing Committee’s (HRC) initial determination of the RHDF split, many of the relevant metrics which we are charged to consider favored the TB Industry. **SINCE THIS INITIAL DETERMINATION, THIS HAS CHANGED.** Now that the metrics have changed and are significantly in favor of the SB Industry, the TB folks choose not to follow the arguments that they themselves made in 2014! **The Law has not changed!** The numbers **have changed!** This is indisputable.

The TB paper first speaks to a report done by Margaret Ray in 2013/14. The report and its conclusions were the subject of **much** debate and discussion by our committee. At the time of this report, there were huge inaccuracies and other issues that caused our committee to give it very little weight. Since this report, **the metrics have changed dramatically.** Things that were prognosticated by Dr. Ray have now been proven wrong! This report was of very little use to the HRC as of the date it was written; it is now stale, outdated and completely useless.

The TB paper then discusses the differences between Standardbred horses and Thoroughbred horses. This is accomplished by selecting **one Standardbred racehorse** and talking about it. Using the statistics from **this one horse**, the paper then states, “Winter Blast appears to be typical of most Standardbreds that

are racing.” While I am not sure **why** this is even relevant, there is no data cited to support this statement. The TB paper goes on to discuss a telephone call with “Chris” from the US Trotting Association. Chris who? The TB quotes Chris when she said that “Standardbreds were less susceptible to injury than Thoroughbreds and attributed this to the fact that Standardbreds compete in a gait in which two feet are on the ground at all times.” (TB Position Paper p. 6). Really? Again, I am not even sure **why** this is relevant. Please review the photograph which has been attached hereto as **Exhibit #1**. This is a photograph of my horse, Mergatroid, born on Cape Cod on March 16, 2010. Note the position of the feet. All four are “off the ground.” This happens in **every stride**, same as with the Thoroughbreds. I would suggest that the data offered by the TB paper, through “Chris” is very much lacking in authority due to its inaccurate nature.

The TB paper then continues on to discuss the present status of TB racing in Massachusetts. All of this is conjecture. **Nothing has been approved as of this date!** I would respectfully suggest that *even if* a horse park is built and becomes operational, this should not affect our split **until the metrics which the statute requires us to review** change due to an increase in live TB race days and TB purses paid in Massachusetts. On another note, the TB paper indicates, as has been stated on numerous occasions at previous HRC meetings that “The Horse Park project now appears to represent the sole opportunity to continue thoroughbred racing in Massachusetts.” (TB Position Paper p. 10). Please see the article which was recently published in the leading Thoroughbred Journal, Blood Horse dated July 24, 2017. This article discusses the interests of one of the nation’s leading horse racing operators, The Stronach Group, in developing a TB racetrack at the site of the now closed Raynham-Taunton Dog Track. Clearly, the Horse Park project is still a long ways away from operation and **there are** other options. (See BloodHorse article attached hereto as Exhibit #2).

Finally, the TB Industry position paper discusses the present effect of the RHDF allocation to the SB Industry on Plainridge purses. The SB Industry position paper and supporting documentation from The Innovation Group properly addresses much of what is discussed in this section, but I would like to address just a few of the TB paper “oddities.”

Attorney Frisoli spends the lion’s share of this section discussing the different “Tiers, A, B, C, and D” of harness tracks. (TB Position Paper p. 14). The SB Industry has no idea where Attorney Frisoli got this information from. It seems to be **Attorney Frisoli’s own personal nomenclature!** This theory that there are tiers of A, B, C and D is completely “made-up” by the TB Industry. The TB paper continues on to discuss the purses for various claiming races at different tracks. Picking and choosing **certain** races,

comparing them and then drawing conclusions is confusing, at best, and *intending to mislead*, at worst. This is a misguided argument. In fact, a very brief and quick look at this reasoning...but on the TB side...is quite informative.

- If we look at the three tracks where we have been told a lot of the same thoroughbreds race (sort of a circuit), Suffolk Downs, Tampa Bay Downs and Finger Lakes, the data is extremely interesting:

- **Suffolk Downs :**

- "\$5,000. Claimers" race for a purse of \$22,500.00 (race #6)
- "\$5,000. Claimers" race for a purse of \$25,000.00 (race #9)
- "\$7,500. Claimers" race for a purse of \$27,500.00 (race #5)

(See Race Charts from July 8, 2017 attached hereto as Exhibit #3)

- **Finger Lakes:**

- "\$5,000. Claimers" race for a purse of \$9,000.00 (race #1)
- "\$5,000. Claimers" race for a purse of \$9,000.00 (race #8)
- "\$6,500. Claimers" race for a purse of \$10,500.00 (race #5)

(See Race Charts from July 8, 2017 attached hereto as Exhibit #4)

- **Tampa Bay Downs:**

- "\$5,000. Claimers" race for a purse of \$10,400.00 (race #1)
- "\$5,000. Claimers" race for a purse of \$10,400.00 (race #7)
- "\$6,250. Claimers" race for a purse of \$12,700.00 (race # 2)

(See Race Charts from April 12, 2017 attached hereto as Exhibit #5)

- When we then look at one of the "top tier" "premier" thoroughbred racetracks in the whole United States, **Belmont Park**, the data is "eye-opening:"

- **Belmont Park:**

- "\$12,500. Claimers" race for a purse of \$25,000.00 (race #2)
- "\$16,000. Claimers" race for a purse of \$28,000.00 (race #7)

(See Race Charts from June 22, 2017 attached hereto as Exhibit #6)

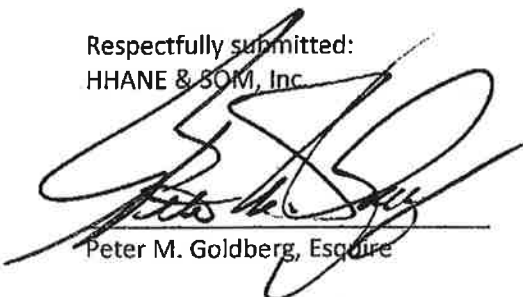

What the above data indicates is as follows:

- The horses at Suffolk Downs are currently racing for substantially more money than their counterparts at Tampa Bay Downs and Finger Lakes! \$5,000. Claimers are racing for

\$9,000.00 & \$10,400.00 respectively at Finger Lakes and Tampa Bay Downs while the same value (\$5,000.) horses are racing for \$22,500.00 & \$25,000.00 at Suffolk Downs. In fact, the horses at Suffolk Downs are actually racing for purses higher than comparable races at one of the nation's leading racetracks, Belmont Park! Horses "worth" \$5,000. are racing at Suffolk Downs for the same purses as horses "worth" \$12,500.00 at Belmont Park! Based on these metrics, there is no need whatsoever for any allocation from the RHDF to the TB Industry.

Attorney Frisoli is correct in stating that the SB Industry and Plainridge Park are doing better since receiving the RHDF funds. This was indeed the goal of the Gaming Statute. The Gaming Statute and the RHDF are doing *exactly what they were designed to do...adding value; economic, agricultural and social to the citizens of the Commonwealth of Massachusetts!* The RHDF is actually *working "as designed"* on the SB side. A review of the SB Industry Position Paper and supporting documentation from The Innovation Group clearly discusses the fact that as well as the SB Industry is performing in Massachusetts, **there is a lot more to be done** to move Plainridge into the top half of the most successful harness tracks on the East Coast. As this happens, additional economic, agricultural and social benefits will be reaped by the Commonwealth. There is currently a public outcry and a legislative effort to "take back" some of the funds earmarked by statute for the RHDF due to the TB Industry not being able to provide the same value to the Commonwealth. As a committee we must do our job and adjust the RHDF split **as the metrics require**. There are millions of dollars "sitting idle" in the TB accounts. We must not continue to add to these numbers thereby fueling the arguments that the RHDF funding should be cut-back or taken back. The RHDF needs to be used to continue and improve upon the initial successes of the SB Industry in Massachusetts. If and when the TB Industry gets back to a real racing season in Massachusetts and the metrics change, then, and *only then*, should the HRC consider any allotment of RHDF funds to the TB Industry in Massachusetts.

Respectfully submitted:

Stronach Group Explores Expansion into Massachusetts

by Lynne Snierson

Date Posted: 7/24/2017 7:20:00 PM

Last Updated: 7/24/2017 7:20:47 PM

Tim Ritvo

Photo: The Stronach Group

Tim Ritvo, The Stronach Group's chief operating officer, met with racetrack owners, state legislators, and Massachusetts gaming commissioners July 24 to delve deeper into the possibility of converting a former greyhound track into a live Thoroughbred venue for next year.

"My father and I met with Timmy today and everything worked out good," said Chris Carney, the son of Raynham Park owner George Carney, who met with Ritvo for three hours in the morning. "He was going on from here to meet with some people up at the Statehouse and on the gaming commission."

Ritvo and the Carneys, who also own the Brockton Fairgrounds and hosted Thoroughbred fair meets there in the summers until 2001, performed a site inspection of the Raynham property during the meeting.

"We talked about whether Raynham was big enough, and whether the state had an appetite for this," Carney said. "I showed him some sketches to build a track there and that was about it. He was happy to see the location and he said he thought it was big enough to do whatever we needed to do. He was excited and so are we."

Carney said that on-site construction would include the conversion and expansion of the unused quarter-mile dog track into a six-furlong main track and the building of new barns with 300 total stalls to allow stabling at the track. Massachusetts outlawed live dog racing in 2010 but allows Raynham Park to simulcast horse and dog racing so the clubhouse is still fully functional.

"There was discussion of installing a turf course, too," said Carney. "The Stronach group is experienced with building barns in Maryland and at Gulfstream (Park). We talked about stabling here on the backside rather than at an off-site training center."

Initial plans would call for a limited live season of 30 days in 2018 that would coordinate with the meets at the Stronach-owned Maryland tracks, [Laurel Park](#) and [Pimlico Race Course](#). It is unclear at this stage whether a Massachusetts meet would fit into the spring, summer, or autumn calendar.

[Suffolk Downs](#) in Boston, which is owned by Sterling Suffolk Racecourse LLC and has hosted live racing since 1935, has raced six days in a calendar year since 2015, and plans call for another six-day meet in 2018 even though the property was sold recently to a real estate developer with no interest in continuing live racing or simulcasting.

The purchase and sales agreement with the new owner allows Sterling Suffolk to lease the racing and simulcasting operation for \$20,000 per month this year and next, with an option to continue dependent upon the demolition and construction schedule.

"Timmy was very happy to come here today. He spent plenty of time with us and asked a ton of questions and we asked as many of him as he asked of us," said Carney. "We did this meeting on our own today, and then I believe he was going to go to the (Massachusetts Gaming) Commission and he met with them today on his own. I believe when he left here he was also going to the legislature today."

Carney said that he, his father, and Ritvo were excited about their meeting and that Ritvo told them he would take the information back to The Stronach Group and they would proceed together from that stage.

Carney said that he is "very optimistic," but he is also realistic. Cooperation from the state legislature, which controls the lucrative Race Horse Development Fund, and the Massachusetts Gaming Commission, which regulates the RHDF and live racing, is a necessary component of any deal being struck.

"A lot of this is in the state's hands, and the gaming commission's hands. I've been down this path many times before with the Thoroughbreds," said Carney.

In 2016, the Carney family proposed the return of live racing to the Brockton Fairgrounds but the Massachusetts Gaming Commission denied the track's request for disbursement of money from the RHDF to cover the administrative and operational expenses of running a live meet because the legal opinion was that it does not comply with current state statute.

"We're doers and we want to do it, I think Raynham would be a good host community so we'll see what happens," said Carney.

Ritvo, who is a Boston native and began his career as a young jockey riding at the New England tracks, was traveling and did not return calls July 24.

Meanwhile, the New England affiliate of the Horsemen's Benevolent & Protective Association is still moving forward with plans to develop and operate a new, state-of-the art equine center and horse park that would include a one-mile oval and turf course as well as a farm for retired Thoroughbreds.

The project would also require legislative support and changes in state statute for disbursement of RHDF funds in addition to the approval of the gaming commission.

Footnotes

MCKENZIES WAY was in hand stalking the early pace, made a rail run leaving the turn inside rivals, eased out coming off that turn then easily drove clear under mild urging. FIELD SENSE settled early, responded when asked along the turn, went five wide with a bid off the turn then flattened out late gamely for the place. MARSHALL was off a step slow, chased from the inside then was up late for a share to be best of the others. JACAPO up close three wide, bid to lead off turn, weakened. DISTINCTIVELYGREAT contested pace between rivals, two wide turn, gave way. LOVER OF ART off step slow, saved ground chasing, no menacing speed. CASEY KEY veered inward after break, gained inside setting pace, stopped. TRI NOW off step slow, outrun outside leaving turn, no speed. LULU HAD A BABY chased three wide into turn, no response, tired.

SUFFOLK DOWNS - July 8, 2017 - Race 5

EQUIBASE

Footnotes

SET OF J'S was jostled a bit after the break, forced the pace two wide, went clear upper stretch and was under a strong drive. DEFICIT HAWK in close contention two wide, went clear for the place deep stretch and continued with a solid even finish. SKY COMMANDER settled two wide on the turn, eased out upper lane and closed well for the show. EVERYDAY DAVE chased two-three wide, couldn't keep pace upper stretch and slightly weakened. KHAN OF KHANS chased three wide into turn, bid off turn, no late punch. ROYAL SILK well placed inside, no menacing response off turn, faded. EL BOTAS reluctant loading, brief speed three wide, weakened. BASES LOADED hustled inside to set pace to turn, gave way into lane, tired. AFRICAN JEWEL dropped back after start, slow action, no serious mishap.

Footnotes

U CALL ME ALEX mid pack, gained position on the two path through the second turn, was blocked into the stretch, waited, bid three wide when clear, then made a steady gain and edged up in the final strides. MANDOLIN WINS allowed to settle, gained position while boxed through the second turn, got through, dueled with the leader, edged ahead of that one and was outfinished. READ THE TECHNIQUE tracked the pace, moved up inside to gain a short lead through the second turn, dueled with MADOLINS WINS through the lane and weakened late, holding the show. COPYWRITER set the early pace just off the rail, stayed on when challenged through the second turn, then weakened in the drive. FIDELIUS well placed and outside, gained a striking position three wide through the second turn, then had no stretch rally. CALHOUN HILL was never involved and was outrun.

Footnotes

CHUBITO sprinted to a clear lead soon after the start, turned back a challenge through the turn, shook clear, then drew off late under steady pressure. BORROWED DREAMS stalked the pace on the outside, held position on the two path through the turn, bid three wide outside the leader into the stretch and lacked the needed late kick. SEEKING PAYMENT allowed to settle, moved up and angled out through the turn, angled widest in the stretch and edged up for the show. THEOPLEOFMYEYE tracked the pace, came through inside of rivals into the stretch, then weakened late and held a share. CATCH ME HA HA broke a step slowly, saved ground though the turn, came through inside of rivals into the stretch and evened out the final furlong. BOLD SENATOR well placed and three wide, held position through the turn, bid on that path into the lane and weakened the final furlong. HUNDRED PERCENT allowed to settle, looped four wide through the turn, bid on that path into the stretch and weakened in the drive. CRUSHER CASEY mid pack, looped up three and four wide through the turn, fanned widest into the lane and faded the final furlong. NORM THE GIANT was a brief factor. STREET BRILLIANT mid pack, gained a striking position four wide through the turn, bid on that path into the lane and faded in the drive.

Footnotes

JOE MOOCH well placed and outside, gained a striking position three and four wide through the turn, bid four wide into the lane, made a steady gain and edged up in the final strides. SAINT JOSEPH broke out at the start bumping a rival, tracked the pace, moved up inside to gain a short lead through the turn, shook clear inside the furlong marker and was outfinished. HONOR BOUND allowed to settle, looped up four and five wide through the turn, fanned widest into the lane and closed well for the show. ALL MY MEMORIES bumped by both sides at the start, saved ground through the turn, came through inside of rivals into the stretch and got up for a share. I'LL BE AT THE BAR broke in at the start bumping a rival, saved ground through the turn, came through inside of rivals into the stretch and passed tiring ones. MIROC stalked the pace on the outside, bid outside of that one into the lane and weakened in the drive. CAELIFERA set the pace on the inside, stayed on when challenged through the turn, then faded the final furlong. AWESOME HEART was no factor.

Footnotes

LIL RENEGADE settled into the two path proceeding along the backstretch, picked up interest as the half was being reached, stepped into the lane put to a drive, had clear passage along its path and went after the leader in earnest, altered course towards the six path with about a sixteenth remaining, wore down MY WON LOVE in the final seventy yards to prove best. MY WON LOVE made solid contact with EVEN BETTE in the shadow of the starting gate, underwent a four wide pursuit on the turn, hitched up with the one to catch coming to the quarter pole, got roused spinning into the lane, began the last eighth as the new leader, held out until inside the sixteenth pole. MAKING HAVOC moved in sharply springing from the gate, bumping soundly with its next door neighbor, secured control, set up towards the inside, showed the way attended by SEA PEBBLE, to her outside, however stationed out in path three, saw the winner draw up to her at the end of the bend, got put to the test by that rival in short order, relinquished, drifted out in the final sixteenth weakening into the show slot. SWEETRAYOFSUNSHINE was strung out four wide chasing the front runners, pulling on the bit seemingly all the way to the five-sixteenths marker, lugged in for one jump after being put to the whip right handed in the general area of the three-sixteenths marker, failed to fire appreciably after correcting course. EVEN BETTE was squeezed right after the field was sent on its way, getting bumped from between foes, needed a couple jumps before getting going, went over to the rail, took it while being urged along on the turn, got sent out six wide from upper to midlane, made no impact. SEA PEBBLE stalked the pacesetter three wide for a half and gave way.

BELMONT PARK - June 22, 2017 - Race 7

Footnotes

MARY PRAY FOR US off a beat slow, came under coaxing to chase three then four wide from mid pack, advanced through the latter portion of the turn under coaxing from the five-sixteenths, swung six wide into upper stretch, rallied to take command nearing the eighth pole, edged away kept busy to the finish. CAUSEWAY CUTIE five wide in pursuit, came under a ride at the three-eighths, went seven wide at the quarter pole, offered up a mild kick to secure the place honors while never threatening the winner. PERSKY'S SPIRIT five wide early on near the rear, tucked to the three path with nine-sixteenths to go, came under coaxing three furlongs from home, spun just off the inside into upper stretch, kicked on belatedly to procure the show honors in the final jump to the wire. VALIANT SPIRIT coaxed from the gate, dueled from the two path with OLA GATITA to her inside, came under coaxing five-sixteenths from home, swung four wide into upper stretch, weakened in the late stages. OLA GATITA dueled inside the aforementioned foe from the get go under a ride from three furlongs out, spun just off the inside for home clinging to the front, got headed nearing the eighth pole and weakened in the final furlong. REDNECK GOLD chased three to four wide under coaxing from midway on the turn, continued four wide for home, offered no response. MY EKATI CAT four wide at the rear, got pushed along at the three-eighths, angled six wide at the head of the stretch, made no impact. VOUCH FOR KITTEN three wide in closest pursuit off the duelers, came under a ride at the five-sixteenths, went five wide into upper stretch and tired. BOSS LADY PLATINUM chased just off the inside just off the pace, tucked inside with nine-sixteenths to go, retreated through the turn under coaxing, cut the corner into upper stretch and gave way.

Dear Commission, Dr. Lightbown: The NEHBPA APRECIATES YOR PAST SUPPORT AND HOPES FOR YOUR CONTINUED SUPPORT OF OUR RACING FESTIVALS AT SUFFOLK DOWNS. THE ABILITY FOR US TO RACE HAS A STRONG EFFECT ON OUR MEMBERSHIP. WE HAVE ENJOYED SUCCESS BECAUSE THESE EVENTS THE PAST 3 YEARS, HAVE ALLOWED OUR FARMERS, BREEDERS, HORSEMEN , VENTORS, TELLERS AN ALL THOSE JOBS CONNECTED WITH RUNNING LIVE RACING AN OPPORTUNITY TO WORK. YOU HAVE MADE THIS POSSIBLE BY SUPPORTING OUR RACING FESTIVALS.

I WOULD ALSO LIKE TO MENTION THE RHDF IS ESSENTIAL FOR ALL OF US, BREEDERS, FARMERS, OWNERS, TRAINERS AND JOCKEYS TO MAINTAIN OUR HOPE TO BUILD A NEW RACE TRACK SOMEWHERE SOMEHOW IN MASS. CREATE 1000 JOBS, CREATE A LARGE AMOUNT TAX REVENUE AND KEEP WHATEVER OPEN SPACE LEFT IN THE COMMONWEALTH FOR OUR CHILDREN AND GRANDCHILDREN. PLEASE MAINTAIN A FAIR SPLIT TO KEEP ALL THESE THINGS MOVING FORWARD.

Massachusetts Gaming Commission
Ms. Gayle Cameron
101 Federal Street, 12th Floor
Boston, MA 02110

Dear Commissioner Cameron:

Despite not filing for 2018 live race days in Massachusetts The Stonach Group maintains our interest in the New England region. We believe the Boston area is a terrific sports market, rich in Thoroughbred history, and has tremendous potential to support a track that is properly managed.

Under the current legislation, which requires a mile track and 100 days of racing, our initial desire was to partner with Raynham Park. We were hoping to accomplish this with minimal disruption to the facility and roadways in order to start racing in 2018. However, after reviewing the existing layout we have determined that the land will not accommodate a mile track as well as barns and other necessary amenities without major construction. Additionally, we did not know if we would be afforded the simulcast and ADW market. These combined challenges made it impossible to apply for the 2018 racing license.

As you know Thoroughbred racing is a huge economic developer with increased job opportunities and additional consumer spending. Green spaces also offer a very positive impact from racing in any region. These are just a few obvious winning factors for all of the markets where we operate race tracks.

The Stonach Group will continue to explore all of our options, which could include reconfiguring an existing track to accommodate the current requirements, or purchasing available property. However, we cannot do this without your support of a favorable change to current legislation concerning simulcasting and ADW's. Reducing or reallocating the slot revenue away from Thoroughbred racing and the loss of the Race Horse Development Fund are also not beneficial and will cause us to reconsider our desire to be in the Boston market.

We would like to work with you to bring a full schedule of racing to the Commonwealth and look forward to your support.

Thank you,

A handwritten signature in black ink, appearing to read "Tim Ritvo".

MGC,

I am sending this email in regards to the six days of racing in 2018 at Suffolk Downs. The NEHBPA is working along with Suffolk Downs to put this six Day Festival on to help the owners and breeders along with all the People who's jobs bank on this. This festival has been successful for Massachusetts while the NEHBPA is working diligently toward a full and meaningful racetrack. Please allow this Festival to continue for 2018.

I also wanted to ask that you do not adjust the split at this time between the Thoroughbred and Standardbreds .The Thoroughbred Racing industry has taken on enough hardship once the casino did not

vote in their favor. We all lost yet another racetrack, Breeding farms suffered, tack shops, grain & hay farms and thousands of employees who's homes are here in MA are struggling with the separation of family to continue their livelihood. Please work with us to bring full time racing back to the Commonwealth. Thank you!
