29 Sports Wagering Operator Scoping Surveys Submitted to the Massachusetts Gaming Commission

Survey is required prerequisite for sports wagering operator applications

On Friday, October 7, the Massachusetts Gaming Commission (MGC) released a Scoping Survey, which is a required prerequisite of a sports wagering operator application. Entities wishing to apply for Sports Wagering Operator Licenses were required to submit that scoping survey by close of business on October 17 in order for the MGC to begin reviewing those companies that plan to apply.

The MGC received 29 operator Scoping Surveys from potential applicants for Category 1, 2 and 3 Sports Wagering Licenses by the deadline of October 17. Of those 29 submitted applications, three came from potential Category 1 License applicants, three came from potential Category 2 License applicants, and 23 came from potential Category 3 License applicants.

The survey sought specific company information and will help provide the MGC with valuable information ahead of application submissions and the applicant evaluation process. While the survey is a required part of an application, the non-refundable application processing fee of \$200,000 is not due until full applications are submitted. Applicants for Sports Wagering Operator Licenses are required to submit a completed [Sports Wagering Operator License Application](#) by **2 p.m. Monday November 21, 2022**.

Prospective vendors are required to fill out the [Scoping Survey](#), but they were not required to submit it by the October 17 deadline.

The entities that have submitted **operator** Scoping Surveys to the MGC are as follows:
