III. Detailed Project Description & Mitigation

- 1) Please describe in detail the impact that is attributed to the operation of a gaming facility. Please provide documentation or evidence that gives support for the determination that the operation of the gaming facility caused or is causing the impact (i.e. surveys, data, reports).

The members of the Fire Prevention Division of the Everett Fire Department are responsible for the multiple inspections that occur at EBH. These inspections include, commercial kitchen inspections, lodging facility license renewals, code compliance inspections, visiting the entertainment venues before, during and after events to ensure safety standards are followed, ongoing construction and remodeling of the facility and the occasional safety complaints reported. These constant visits put a strain on the Fire Prevention Division, by tying up an inspector and one of our vehicles shared by the four inspectors. Because of the overwhelming number of visits, we perform to the facility weekly, we have dedicated one member to handle the inspections, on top of their required work load of inspections throughout the City. The cost of the requested vehicle is \$53,039.36 (see attached quote)

- 2) *(If applicable)* Please explain how this impact was not anticipated in the Applicant's Host or Surrounding Community Agreement.

N/A

- 3) Please describe what the Applicant is proposing and how the mitigation request will address the impact indicated.

Adding an additional vehicle to the fire prevention fleet will put less of a strain on the fire prevention division and allow for EBH to continue to be a top priority of the EFD and allow us to maintain the schedule needed to properly inspect, review, and follow-up with any issues that arise at the facility.

	Adder for 2024 Model (10%)	\$ 4,826.76
	TOTAL DELIVERED PRICE	\$53,039.36

Liberty is no longer able to order this truck as a 2023 model, I would recommend adding an additional 10% to the price quoted for a 2024 model. Please note that this will be an all new model for the Colorado, That's why I am anticipating the larger than normal model increase. This increase is calculated and included in the pricing offered above.

Thank you for your consideration of Liberty Chevrolet. If you have any questions concerning our proposal, please don't hesitate to contact me at (781) 287-7541.

Sincerely,

Kevin Nugent
