

November 7, 2025

Dear Applicant,

The Massachusetts Gaming Commission (MGC) is pleased to announce that the applications and guidelines for the Fiscal Year 2027 Community Mitigation Fund (CMF) grant program are now available.

Massachusetts G.L. c. 23K created the CMF to support communities and governmental entities offset the costs related to the construction and operation of gaming facilities. We are proud to have awarded over \$79.5 million dollars since 2015 to communities across the Commonwealth.

Further detail on this year's program may be found in the FY 2027 Guidelines, by emailing the Community Affairs Division at MGCCMF@Massgaming.gov or by contacting Senior Program Manager, Mary Thurlow at Mary.Thurlow@Massgaming.gov. Please note that we have implemented minor changes to the block grant style introduced for the FY 2027 grant round. The Community Affairs team is happy to assist with any part of the application process. Please do not hesitate to contact us.

You may find the FY 2027 CMF Guidelines on [COMMBUYS](https://www.commbuys.com/bso/) (<https://www.commbuys.com/bso/>) using Bid Solicitation BD26-1068-1068C-1068L-121911 and/or on the MGC website at <https://massgaming.com/about/community-mitigation-fund/>.

Applicants should apply directly to the Massachusetts Gaming Commission at: MGCCMF@Massgaming.gov.

Please note that the FY 2026 budget did see a reallocation of the distribution of funds to the CMF; therefore, this year's CMF program will be at reduced funding levels.

Our team looks forward to working with you on another successful grant round!

Sincerely,

Jordan Maynard, Chair
Massachusetts Gaming Commission

Massachusetts Gaming Commission
