| <b>f) MAILING ADDRESS OF CONTACT PERSON(S)</b>            |
| 1500 Main Street<br>PO Box 15327<br>Springfield, MA 01115 |

**2. IMPACT DESCRIPTION/CONNECTION TO GAMING FACILITY**

**a) Please describe in detail the impact that is attributed to the operation of a gaming facility.**

As expected with the opening of MGM Springfield gaming facility which includes a hotel, additional restaurants, and entertainment venues, there has been a substantial increase in activity in the downtown area. While this impact is mostly positive it does not come without some public safety issues. There continues to be arrests attributable to the gaming enforcement units which have in turn added to the workload in the District Attorney's office.

**b) Please provide documentation, specificity or evidence that gives support for the determination that the operation of the gaming facility caused or is causing the impact (i.e. surveys, data, reports)**

Data regarding the cases that were indirectly related to the casino is impossible to track. There have been a total number of 94 cases that have been directly related to casino activity in the last calendar year but this does not account for the number of cases that are currently in the system that have not yet been resolved.

The continuing effects of COVID have impacted the number of casino related cases as well as the number of matters being handled by the court system. We predicted that the COVID issues would be resolved in this fiscal year but that has not been the case. Additionally, the Roderick Ireland Courthouse in Springfield was closed over the summer and has been intermittently closed since that time due to unsanitary conditions involving air quality and mold growth. This has resulted in even more backlog of cases in that court. Until this backlog is addressed in the courts, which could take a significant amount of time, we will not have the complete data picture.

**c) How do you anticipate your proposed remedy will address the identified impact?**

The funding will directly ease the financial burden imposed by the increased caseload. Each case represents additional casework that must be managed through our system by administrative personnel. A victim witness advocate handles initial victim outreach on all cases involving a victim.

**3. PROPOSED USE OF SPECIFIC IMPACT MITIGATION FUNDS. (Please attach additional sheets/supplemental materials if necessary.)**

a) Please identify the amount of funding requested. In determining the funding request, please round up to the nearest hundred dollars.

We are requesting \$75,000.00

b) Please identify below the manner in which the funds are proposed to be used. Please provide detailed scope, budget and timetable for the use of funds.

The proposed funding will be used for personnel costs to mitigate the additional burdens in caseloads that are created directly and indirectly by the influx of people into the downtown area due to the casino. Every criminal matter associated with the casino goes through the administrative process within the District Attorney's Office. Administrative assistants must create files, manage them in the office database and continue to index the case as it progresses to its conclusion. Additionally, a victim witness advocate handles initial victim outreach on all victim related cases and follows through with transferring documentation to the subsequent advocate who will handle the matter to its conclusion. An ADA often assists in the day-to-day handling of arraignments and other matters related to casino matters.

The more serious cases are prosecuted by this office which means additionally work for the ADA, victim witness advocate and administrative staff for the duration of the case.

c) Please provide documentation (e.g. - invoices, proposals, estimates, etc.) adequate for the Commission to ensure that the funds will be used for the cost of mitigating the impact from the operation of a gaming establishment.

The funds go directly to offset the salaries of employees who directly handle the administration and prosecution of casino-related matters. Quarterly reports are submitted indicating the expenditures.

d) Please describe how the mitigation request will address the impact indicated.

The funding will directly ease the financial burden imposed by the increased caseload. Each case represents additional casework that must be documented in our system by administrative personnel. A victim witness advocate handles initial victim outreach on all cases involving a victim.

e) How will you provide the data for reporting? How will you measure the effectiveness of the proposed project in mitigating impacts?

The funds will not be used for a "project" but to offset the costs related to public safety and the gaming establishment as outlined by the legislature.

**4. RELEVANT EXCERPTS FROM HOST OR SURROUNDING COMMUNITY AGREEMENTS**

a) Please describe and include excerpts from any relevant sections of any Host or Surrounding Community Agreement.

The legislature anticipated the impact on public safety of the Expanded Gaming Act by including specifically and by name the office of the local district attorney in establishing the Community Mitigation Fund. Massachusetts General Laws Chapter 23K Sec., 61(b) reads in pertinent part: "The commission shall administer the fund and, without further appropriation, shall expend monies in the fund to assist the host community and surrounding communities in offsetting costs related to the construction and operation of a gaming establishment including, but not limited to....public safety, including the office of the county district attorney, police, fire and emergency services."

b) Please explain how this impact was either anticipated or not anticipated in that Agreement.

The impact was anticipated by specifically including the "county district attorney" as an agency that the funding was to cover.

**5. INTERNAL CONTROLS/ADMINISTRATION OF FUNDS**

a) Please provide detail regarding the controls that will be used to ensure that funds will only be used to address the impact.

These funds are subject to the procedures and protocols of the District Attorney's office in the administration of budgetary controls.

b) Will any non-governmental entity receive funds? If so, please describe. If non-governmental entities will receive any funds, please describe what reporting will be required and how the applicant will remedy any misuse of funds.

NA

**6. CERTIFICATION BY MUNICIPALITY/GOVERNMENTAL ENTITY**

On behalf of the aforementioned municipality/governmental entity I hereby certify that the funds that are requested in this application will be used solely for the purposes articulated in this Application.
