<p>I. Please use the space below to identify the impact of the gaming establishment on your municipality. You may use the impacts identified in the FY 2026 Guidelines relevant to this category. If you are using an impact not identified in the guidelines, please use the space below to identify the impact. Please provide documentation or evidence that gives support for the determination that the operation of the gaming facility caused or is causing the impact (i.e., surveys, data, reports, etc.)</p> <p>As stated in the guidelines, increases in traffic can cause increases in congestion, accidents, and vehicular/bicycle /pedestrian conflicts. This project proposal seeks to mitigate accidents and bicycle conflicts by using permanent speed signs to help drivers self-regulate on busy routes to the casino.</p>			
<p>II. Please describe the project in detail and how the proposed project will address the impact indicated above. Please include a breakdown of the proposed scope of work, the scope should be sufficiently detailed to allow the review team to understand the steps required for project completion.</p> <p>The City of Malden proposes purchasing 35 permanent speed alert signs that can be affixed to light posts to help drivers self-regulate their speed. The signs alert drivers to their own speed, flashing and saying "Slow Down" when the speed is beyond the speed limit, and saying "Thank You" when the driver is at an appropriate speed. The City has not yet determined exact locations for these signs yet, but will be targeting Main Street and Broadway as they are key routes to the Casino and highly trafficked.</p>			
<p align="center">Proposed MGC Grant Budget</p> <p>Please use the following table to outline the project budget. Please include as an attachment any requests for proposals, quotes, or estimates that would quantify the costs associated with the mitigation.</p>			
Description of Purchase/Work	Timeline	QTY	Budget
Permanent SpeedAlert Signs	1 Year	35	\$91,999.80
	TOTAL:		\$91,999.80
