 - (4) For any other reason the craps boxperson or stickperson, or the mini-craps dealer or stickperson considers the throw to be improper.
- (c) The call of "No Roll" under either Section 9 (b) (1), (2) or (6) shall, whenever possible, be made before both dice come to rest.
- (d) A throw of the dice which results in the dice coming into contact with any match play coupons or chips on the table, other than the craps bank of chips located in front of the Boxperson, shall not be a cause for a call of "No Roll".
- (e) "No Roll" may be called:

- (1) In craps, by a boxperson or stickperson, as designated by the gaming licensee; and
- (2) In mini-craps, by the dealer, stickperson or floorperson, as designated by the gaming licensee.

(f) A cocked die will be called as the upper most side opposite the obstruction. A cocked die suspended between two objects that does not touch the layout will be called "No Roll."

10. Point throw; settlement of wagers

- (a) When the dice come to rest from a valid throw, the craps stickperson or the mini-craps dealer or stickperson shall at once call out the sum of the numbers on the high or uppermost sides of the two dice. Only one face on each die shall be considered skyward.
 - (1) In the event either or both of the dice do not land flat on the table (for example, one edge of the die is resting cocked on a stack of chips), the side directly opposite the side that is resting on the chips or other object shall be considered uppermost and skyward. If more than one side of a die is resting on a stack of chips or other object, the roll shall be void and the dice shall be re-thrown.
 - (2) In the event of a dispute as to which face is uppermost:
 - (a) In craps, the boxperson shall have discretion to determine which face is uppermost or to order the throw be void and the dice be re-thrown; and
 - (b) In mini-craps, the floorperson shall have discretion to determine which face is uppermost or to order the throw be void and the dice be re-thrown.
- (b) In craps, after calling the throw, the stickperson shall collect the dice and bring them to the center of the table between him and the boxperson. All wagers decided by that throw shall then be settled, following which the stickperson shall pass the dice to the shooter for the next throw. When collecting the dice and passing them to the shooter, the stickperson shall use a stick designed for that purpose.
- (c) In mini-craps, after calling the throw, the dealer or stickperson shall collect the dice and bring them to the center of the table. All wagers decided by that throw shall then be settled, following which the dealer or stickperson shall pass the dice to the shooter for the next throw. When collecting the dice and passing them to the shooter, the dealer or stickperson shall use a stick designed for that purpose.

11. Continuation of shooter as such; selection of new shooter

- (a) It shall be the option of the shooter, after any roll, either to pass the dice or remain the shooter except that:
 - (1) The shooter shall pass the dice upon throwing a loser 7; and
 - (2) The craps boxperson or the mini-craps dealer may order the shooter to pass the dice if the shooter unreasonably delays the game, repeatedly makes invalid rolls or violates 205 CMR.
- (b) If a shooter, after making the Come Out Point elects not to place a Pass or Don't Pass Bet, and other wagers remain on the table with respect to Come and/or Don't Come numbers, the craps stickperson or the mini-craps dealer or stickperson shall offer the dice to the player immediately to the left of the previous shooter, as provided for in Section 11(c). If there are

no other players at the table, or if no other players at the table elect to make a Pass or Don't Pass Bet in order to shoot the dice and continue the game, the previous shooter shall be allowed to shoot the dice without a Pass or Don't Pass Bet only for the purpose of effecting a decision on the remaining Come and/or Don't Come Wagers. The On/Off marker shall be placed on the Don't Pass Line in the "Off" position in front of the shooter in order to indicate that the shooter is rolling the dice only to effectuate a decision for those wagers remaining on the layout. Once the remaining Come and/or Don't Come Wagers have been decided or a player wishes to place a Pass or Don't Pass Bet the game shall proceed as usual.

- (c) Whenever a voluntary or compulsory relinquishment of the dice occurs by the shooter, the craps stickperson or the mini-craps dealer or stickperson shall offer the complete set of five or more dice to the player immediately to the left of the previous shooter and, if he or she does not accept, to each of the other players in turn clockwise around the table.
- (d) The first player to accept the dice when offered shall become the new shooter who shall select and retain two of the dice offered. The remaining dice of the set shall be returned to the dice cup which shall be placed immediately in front of the craps stickperson or the mini-craps dealer or stickperson.

12. Additional procedures and rules for the fire bet

- (a) If a gaming licensee elects to offer the fire bet in the game of craps the following additional procedures shall be observed:
 - (1) Each player shall, prior to a new shooter's initial come out roll, place his or her fire bet on the numbered designated area for the placement of fire bets that is closest to his or her position at the craps table.
 - (2) Whenever there is a voluntary or compulsory surrender of the dice by a shooter pursuant to Section 11 prior to the throwing of a loser 7, any pending fire bet shall be settled upon the successor shooter throwing a loser 7.
 - (3) Once all fire bets are placed, the dealer shall bring in each fire bet in numerical order and place it on the corresponding number of the designated area in front of the boxperson, where such bets shall remain until they are either lost or paid.
 - (4) With each individual point made by a shooter, the dealer shall place a fire bet point marker inscribed with the total number of different (unique) points made by the shooter in the area of the table layout containing the number of the point (4, 5, 6, 8, 9 or 10) which was just made. Each fire bet point marker shall be visually distinguishable from and have a diameter larger than any authorized gaming chip. Fire bet point markers shall be maintained by games personnel at the craps table.
 - (5) Fire bets shall be collected or paid, as applicable, upon a shooter throwing a loser 7.
 - (6) Once four different (unique) points are made, the surveillance department shall be notified for the purpose of confirming all fire bets and payouts.
- (b) If a gaming licensee elects to offer the fire bet in the game of craps the following additional rules shall apply:
 - (1) The minimum wager shall be \$1.00 and the maximum wager shall be \$5.00 and all wagers shall be made in increments of one dollar.

- (2) When a shooter makes the same point total more than once, the total number of different (unique) points made for purposes of settling a fire bet shall not increment.
- (3) The four or more different (unique) points required to win a fire bet are not required to be made in any specific order or combination.

(c) The fire bet may not be offered at a craps table that offers the hot roller wager.

13. Bonus Craps wager

- (a) If a gaming licensee elects to offer the Bonus Craps wager in the game of craps the following additional procedures shall be observed:
 - (1) The three wagers offered in Bonus Craps are the All Small, All Tall, and Make 'Em All wagers.
 - (2) The All Small bet wins if each of the totals 2, 3, 4, 5, and 6 are rolled before a 7 is rolled.
 - (3) The All Tall bet wins if each of the totals 8, 9, 10, 11, and 12 are rolled before a 7 is rolled.
 - (4) The Make 'Em All bet wins in the event that each of the totals 2, 3, 4, 5, 6, 8, 9, 10, 11, and 12 are rolled before a 7 is rolled.
- (b) The licensee has the option to use one of the two paytables found in Table 1 below.

Table 1. Bonus Craps Paytables (X to 1)

Side Bet	Paytable 1	Paytable 2
All Small	34	30
All Tall	34	30
Make 'Em All	175	150

14. Additional procedures and rules for the hot roller wager

- (a) If a gaming licensee elects to offer the hot roller wager as permitted by Section 2(oo), the following additional procedures shall be observed:
 - (1) Each player may, prior to an initial come out roll, place a hot roller wager at one of the designated areas on the layout for hot roller wagers.
 - (2) Whenever there is a voluntary or compulsory surrender of the dice by a shooter pursuant to Section 11(a) prior to the throwing of any 7, any pending hot roller wager shall be settled upon such wager winning or the successor shooter throwing any 7.
 - (3) With each individual combination of dice thrown by a shooter that adds up to 4, 5, 6, 8, 9 or 10, a dealer shall place a marker (lammer) bearing the corresponding combination thrown by the shooter on the corresponding combination inscribed on the layout for hot roller points. Each marker shall be visually distinguishable from any authorized gaming

chip and contain no edge spots. Hot roller wager markers shall be maintained by games personnel at the craps table.

(4) Upon the shooter throwing any 7:

- (i) Each winning hot roller bonus wager shall be paid in accordance with the payout odds set forth in Section 4(f); or
- (ii) Each losing hot roller bonus wager shall be collected and placed in the table inventory.

(b) If a gaming licensee elects to offer the hot roller wager in the game of craps as permitted by Section 2(oo), the following additional rules shall apply:

- (1) A hot roller wager shall have no bearing on any other wager made by a player at the game of craps.
- (2) A hot roller wager shall be made in accordance with posted minimum and maximum wagers permitted by the gaming licensee.
- (3) A hot roller wager, once made, shall not be reduced or increased at any time, and shall not be removed prior to such wager winning or the shooter throwing any 7.
- (4) Winning hot roller wagers shall be paid according to the number of points for which all combinations of dice are thrown by the shooter. The point combinations are as follows:

For example: Prior to throwing a 7, the shooter throws the two combinations for a point of 4, the two combinations for point of 5, and the three combinations for the point of 6. All combinations have been made for three separate points, entitling the player to a payout of 10 to 1.

- 1. Points or dice combinations are not required to be made in any specific order.
- 2. High roller wagers may not be offered at a craps table that offers the fire bet.
