IV. Scope, Budget, and Timeline	
Applicant: Mansfield Police Department	Vendor Code: ??????
Total Amount Requested: \$3,550.00	Estimated Total Project Cost: \$3,550

**Scope of Work**

Please include below a breakdown of the proposed work. The project scope should be sufficiently detailed to allow the review team to understand the steps required for project completion.

*a. The scope of work for this project is completing the specific impact grant that was awarded to our department in 2022. In that grant, we acquired two speed radar signs that we believed we could hang up and be able to re-locate these signs as we felt necessary. Due to the size of the signs and the solar panels attached, the signs must remain in a permanent location along the impacted roadway. Our department discovered a further need for specific poles to properly secure the signs. Our request is to purchase the two poles our department needs to hang up these speed radar signs..*
